TOWN MANAGER & TAX COLLECTOR

At Central Hall

8:30 A.M.—12 Noon **1 P.M.—5 P.M.**

Saturdays—8:30 A.M. to 12 Noon

Please bring your Town Report to Town Meeting

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the Town at its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

LETTER OF TRANSMITTAL

To the Board of Selectmen and Citizens of Dover-Foxcroft:

It is my privilege to submit to you a report of the activities and accomplishments of the fiscal year ending February first, 1946.

A study of the Comparative Balance Sheet will, I believe, give you a clear picture of the town's departmental operations during the year 1945. If further information is desired regarding the receipts and disbursements it may be obtained by calling at the Town Office where a detailed account is on file.

I am pleased to again report to you that the town is entirely free from debt and that the policy of paying all bills weekly, which has been followed for the past several years, has been continued. At the close of the fiscal year, February first, only three per cent of the entire 1945 tax commitment remained uncollected. Several taxes have been paid since that date, and the names of those who have done so are marked with a star in the list of uncollected taxes which will be found elsewhere in this book.

The 1945 highway program was carried out by Mr. Ervin W. Edgerly as foreman in charge of all activities of the Highway Department. You will note in the highway account that $2,696.70 was spent in the construction of State Aid Highway. This construction was on the River Road between East Dover Village and the Sebec line, a continuation of the 1941 construction. It is expected that the same amount will be available for 1946 construction which should complete the section to the Sebec line.

$1,249.00 which was allocated to the town by the State for the improvement of Unimproved Roads, was spent on the Foxcroft Centre Road. We believe that this work will make the section of that road from the Milo Road to Foxcroft Centre passible throughout the year. Owing to the scarcity of labor and trucks, there was no Special Resolve Highway money spent in 1945. There is, however, $3,100.00 available for that type of construction which we believe should be spent on the Range Road in 1946, as a continuation of the Special Resolve Construction of previous years.

We regret that money was not available to build or repair sidewalks. A substantial sum should be provided

for that purpose the coming year, as our sidewalks in all parts of the town are in a deplorable condition.

The new snow plowing arrangement which was put into operation this winter has proved to be highly satisfactory and it is hoped that it can be continued next winter.

All town streets which had previously been tarred were tarred this year, and in addition a part of Morse Avenue and Mechanic Street were tarred for the first time, and Spring Street from the R. R. crossing to Summer Street was rebuilt and tarred.

During the past year two new parking regulations have been put into effect by the Selectmen, which have greatly improved parking conditions in the business district, and the prohibiting of all night parking on all streets and highways of the town has been of great assistance to the snow plows. The new regulations are as follows:

> The parking of motor trucks of over one ton capacity on either side of Main Street from the Piscataquis Savings Bank to North Street, and on either side of North Street from Monument Square to Summer Street is hereby prohibited. Any truck found parked in violation of this regulation may be removed by direction of the Road Commissioner, and the expense of such removal charged to the owner of the vehicle.
>
> A regulation to prohibit all-night parking in winter. The parking of any motor vehicle or other vehicle on any street or highway in the Town of Dover-Foxcroft between the hours of midnight and seven A. M. from November 15th to April 1st is hereby prohibited. Any vehicle found parked in violation of this regulation may be removed by order of the Road Commissioner and the expense of moving such vehicle charged to the owner.

In conclusion, I wish to thank the Selectmen for their splendid cooperation and all of the town employees for their loyal and efficient efforts in the performance of their several duties. I am also especially grateful for the valuable assistance rendered by the employees of the Town Office. Their untiring efforts and splendid cooperation is greatly appreciated.

Respectfully submitted,
IRVING C. TRUFANT, Town Manager.

STATE DEPARTMENT OF AUDIT
Augusta

March 1, 1946

Board of Selectmen
Dover-Foxcroft, Maine
Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944 and at your request, the records of the Town of Dover-Foxcroft have been audited by Auditors R. M. Parsons and R. J. Crosby for the period February 2, 1945 to February 1, 1946 inclusive.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately handled.

Exhibits and schedules incorporated in this report impartially present the financial position of the town and the result of its operations for the period designated. Recommendations are also made which, we believe, are worthy of your consideration.

Comments and other data incorporated in this report may prove of interest to you. All of which is respectfully submitted.

Very truly yours
FRED M. BERRY,
State Auditor.

FMB:L

COMMENTS

Re: Audit of the Town of Dover-Foxcroft
February 2, 1945 to February 1, 1946

Cash

The Treasurer's receipts were checked in detail and found to be correctly recorded.

All expenditures were made by check from properly authorized warrants.

The cash balance of $17,970.30 was reconciled with the bank balance as shown by the bank statement. Cash on hand February 1, 1946, in the amount of $1,097.15 was deposited February 5, 1946, and was included in the reconciliation.

Transactions covering withholding tax deductions were examined and all monies withheld had been turned over to the Collector of Internal Revenue or a depository.

Accounts Receivable

Accounts receivable totaling $1,490.15 were checked and of this amount $665.99 represents old accounts which are covered by a 100% reserve.

The accounts listed as individuals represent charity cases, settlement of which is pending on determination of proper residence.

Verifications were mailed to the State of Maine and various towns and cities from whom there are amounts due the Town of Dover-Foxcroft.

Notes Receivable

This account has shown on the books since 1938 and is believed to be collectible.

Taxes Receivable

The 1945 tax commitment book was added and found to be in agreement with the Tax Collector's warrant.

All outstanding taxes were checked and listed.

97% of the current taxes committed were collected or abated.

Supplemental taxes and abatements were checked and found to be correctly recorded.

A representative number of verifications were mailed to delinquent taxpayers.

The excise tax collections were checked and all monies had been turned over to the Treasurer. 1946 excise taxes amounting to $1,030.60 were collected prior to the closing of the books and this amount was carried forward to the 1946 year.

Tax Liens

All transactions in the lien account were checked in detail and found to be properly recorded. The outstanding tax liens were listed, and a representative number of verifications were mailed on the unpaid lien accounts. As far as could be determined, all outstanding liens are valid.

Tax Deeds and Sheriff's Deeds

All transactions in these accounts were examined and found to be properly recorded. All outstanding deeds were listed.

As far as could be determined, the outstanding tax deeds and sheriff's deeds are valid.

Surplus

The net surplus of $18,535.44, at the beginning of the year, was decreased $14,056 from current operations, which left a net surplus at the close of the year of $4,479.44. The decrease was principally due to a net overdraft of $10,085.63 in the Highway Department account.

Trust Funds

The Cemetery Perpetual Care Funds are deposited in the Piscataquis Savings Bank.

The numerous funds were checked and summarized. All income withdrawn appeared to have been expended in accordance with the terms of the trusts.

A ledger showing the detail of each trust fund account is maintained in the town office, therefore, the detail is not shown in this report.

The Spaulding Hospital Fund was examined and all transactions were found to be correctly recorded.

Mayo Memorial Hospital

The transactions resulting from the operation of the hospital were examined and as far as could be determined, they were correctly stated and recorded.

At the request of the Board of Trustees, a study was made of the present bookkeeping system. Inasmuch as the system in use appeared inadequate, a more simplified system was installed which should result in better control of all income received. This includes the use of duplicate, prenumbered receipts which should be issued for all monies received. All receipts should be turned over to the Town Treasurer periodically and deposited in the general fund.

All expenditures should be made by check from the general fund by the Town Treasurer on receipt of properly approved invoices and payrolls which are, in turn, entered on warrants and approved by the municipal officers.

At the close of the municipal year, there was an unexpended balance in this account of $2,828.83, as compared with an unexpected balance of $3,404.16 at the previous year end.

Accounts receivable outstanding at the close of the

municipal year amounted to $2,658.93.

General

The town officials are covered by corporate surety bonds.

The valuation records were examined and found to be properly signed. All real estate property appeared to be adequately described.

A general test check was made of payrolls and vouchers and to the extent of our examination, all appeared to be proper charges and correctly recorded.

Balances carried forward to the 1946 municipal year amounted to $19,109.37.

The town records were found to be in a satisfactory condition.

Recommendations

It is recommended

THAT, the Superintendent of Schools present approved detail vouchers for all expenditures.

THAT, a change of petty cash fund be supplied the Superintendent of Schools and the Mayo Memorial Hospital.

LILLIAN A. HERRING, R. N.,
Superintendent.

REPORT OF PUBLIC HEALTH NURSE

I hereby submit the Annual Report of Health Service rendered the Town of Dover-Foxcroft for the period beginning January 1, 1945 to December 31, 1945.

School Health Service

With the opening of school in September, special inspection for skin infection was completed during the first few days of school.

Routine school room visits have been made to help teachers with health problems.

Assistance of the nurse was given Dr. Noel, school physician, on making annual health examination.

Number of pupils examined	726
" " with defective vision	13
" " with defective teeth	198
" " with defective throat	219
" " with defective glands	164
" " with cardiac defects	11
" " with orthopedic defects	2
" " with defective posture	4
" " with symptoms of defective nerves	13
" " with symptoms of defective nutrition	3
" " with skin condition	9
" " excluded	9
" " with defective speech	5
" " with high blood pressure	31
" " with low blood pressure	2
Correction — teeth	8
Correction — throat	27

Audiometer Test

Number tested	298
Defective hearing	10
Recommended retest	17

Immunization Test for Diphtheria

Number of pupils	385

Unclassified

Number of pupils taken to Doctor's office	10
Special conferences attended	8

Special meetings attended	15
Number of homes visited	28
Number of children taken for refraction of vision	4
Office interviews	18
Investigation visits with Mr. Trufant	6
Application for admission to Pownal	1
Tonsil, adenoid operations	9
Cases transferred to Social Welfare	4

Cripple Children

Assistance is given to the Cripple Children's Program.

Clinics are to be held in Dover-Foxcroft every three months. This will enable parents to consult with the Clinic Doctors and it will make possible better follow-up visits.

Tuberculosis Prevention

Number Tuberculin tests given	157
Number of new cases admitted to Service	1
Home visits to contact cases	10
Patients taken to Fairfield for recommended X-Rays	13

Transportation was given by the Motor Corps and the Nurse.

Every effort is made to assist patients to have repeated and necessary check-up and to have contact cases of Tuberculosis examined periodically.

Dental Service

Appointments have been made for school children with the dental service this past year. Our program has not been as outstanding as we wish it might have been.

The Service acknowledges the assistance given by Dr. Robbins and Dr. Whittredge in helping with this corrective program.

Appreciation of the nurse is extended to all who cooperate with this Health program.

Respectfully submitted:

Piscataquis County Health and
Tuberculosis Association
By: NELLIE R. GIBBONS, R. N.
Public Health Nurse

Report of Bureau of Health Service

Due to the shortage of Public Health Nurses, the Bureau of Health has been unable to secure a nurse for the Maternal and Child Health Service in Dover-Foxcroft. However, emergency work has been carried by other nurses on the Bureau of Health staff. During the year, Venereal Disease Control measures were taken by the District Health Center. Follow-up on cases referred has been done.

With the assistance of the District Health Center, the Child Health Conference Committee offered Diphtheria Toxoid to all infants and pre-school children. A total of sixty-nine completed these. Children of school age were invited through the School Nursing Service to participate in this protective service. The first inoculations were given to over four hundred school children. The second ones were administered by the School Health Service.

Plans are being made to conduct Child Health Conferences this summer, thus offering health supervision and immunizations against Diphtheria, Smallpox and Whooping Cough to infants and children of the town.

Special programs through the Bureau of Health Nursing Service have been as follows: visits to crippled children by a Public Health Nurse with special orthopedic training to supervise exercises, brace adjustment, etc.; visits to emergency cases referred by other agencies and by doctors.

During the year the Pediatric Clinic in Bangor has been made available to children of all ages in Dover-Foxcroft. In November the Bureau of Health established a Crippled Children's Clinic to be held every second month in this town. This clinic serves District IV and District V, covering five counties. It brings to Dover-Foxcroft specialists in orthopedics, medical social service, nutrition and speech correction. The cooperation of the Town Club in sponsoring the volunteer service for this Clinic and the hospitality of the American Legion has been greatly appreciated.

A Health Council for Dover-Foxcroft is very much needed to coordinate the health efforts of the town, and it is hoped one may be established by the time a Bureau of Health Nurse is available.

Respectfully submitted,
MARGARET E. DIZNEY,
Bureau of Health,
Division of Nursing.

THOMPSON FREE LIBRARY
REPORT OF LIBRARIAN

12,145 books were in circulation from June, 1945 (no available records from February to June, 1945) to Februray, 1946. Of these, 8,837 were Fiction, 2,336, Non Fiction, and 972, Magazines.

There were 249 books purchased during this same period, 145 Fiction and 104 Non Fiction.

Several Gift books were added to the Library, the donors being: Alice Frost Lord, Mary Linn, Mrs. R. W. Linn, Master John Arnold, Veterans of Foreign Wars, A Biography by Friends (no names given) of Bernard Baruch.

The Library was closed during the month of January, for Inventory. It is not fully completed but good progress has been made.

The Juvenile and Teen-agers Books have been moved to the West Room. This is pleasanter and more convenient for both Librarian and patrons.

Respectfully submitted,

MARY M. MILLER, Librarian.

Report of Superintendent of Schools

To the Superintending School Committee:

I present herewith my second annual report of the condition and progress of the elementary public schools of Dover-Foxcroft. For information about our secondary school, please see Principal Blaich's report of Foxcroft Academy elsewhere in this book.

PERSONNEL

The elementary schools of Dover-Foxcroft have been maintained for thirty-six weeks, closing the municipal year January 31, 1946. The following persons are or have been members of the school staff during the present school year:

Teacher	Position	Yrs. Exp.	Salary
GRAMMAR SCHOOL:			
Harold O. Doe	Prin. and Gr. 7-8	11	$1,600.00
Harriette E. Crockett	Dean of Girls, 7-8	37	1,275.00
Bernice Sterling	Grades 7-8	27	1,225.00
Cedric Hewes	Grades 7-8	3	1,450.00
Effie Bolton	Grade 6	22	1,225.00
PLEASANT STREET SCHOOL:			
Ava Goff	Prin. and Grade 5	31	1,300.00
Margaret Mersereau	Grade 4	6	587.50
Dorothy Tourtilotte	Grade 4 (Sub.)	7	450.00
Dorothy Warren	Grade 3	4	489.70
M. Jeanne Pratt	Grade 3	14	533.33
Ola F. Blood	Grade 2	27	1,250.00
Corinne Johnson	Grade 1	15	1,225.00
Marion Doore	Sub-Primary	12	1,225.00
NORTH STREET SCHOOL:			
Harriette H. Crockett	Prin. and Grade 6	35	1,300.00
Mildred Hewett	Grade 5	21	1,225.00
Marion Rollins	Grade 4	26	1,225.00
Mildred Pratt	Grade 3	22	1,250.00
Martha Green	Grade 2	5	1,175.00
Doris Hathorn	Grade 1	28	1,250.00
Dorothy Greenlaw	Sub-Primary	22	1,225.00
Dorothy P. Clark	Opportunity Room	18½	1,250.00
RURAL TEACHERS:			
Nellie C. Downs	East Dover	35	1,200.00
Harriett Ladd	South Dover	19	1,225.00
MUSIC SUPERVISOR:			
Constance Day	All Schools	11	1,200.00
SECRETARY:			
Margaret E. Washburn	Supt. Office	2	881.00
Wanda Jane Wiley	Supt. Office	6	209.00
SCHOOL PHYSICIAN:			
Dr. Geo. F. Noel	All Schools		200.00

JANITORS:	
Earl Gordon, Grammar and Pleasant Street Schools (resigned January, 1946)	1,625.00
Fred Tourtilotte, Grammar and Pleasant Street Schools	1,550.00
Arthur Crockett, North Street School	775.00
Stanley Downs, East Dover School	290.00
George Whelan, pupil, South Dover School	72.00
CONVEYANCES:	**Weekly Salary**
Fernald Whitman, school bus, Dexter Rd., and So. Dover	$22.00
Mrs. Roy Lyford, Guilford and Sangerville Roads	18.00
Ira Doore, East Dover and Grammar School Route	19.00
Bertha Butler, Essex Street, Milo Road and Foxcroft Center	14.00
E. R. Jordan, South Dover and Norton Hill Route	15.00
Clyde Judkins, Bear Hill Route	28.00
Mrs. Peter Bearce, Park Street	14.00

There have been five changes in our staff this year, all of them coming at about mid-year. Mrs. Ina Thomas resigned her position as teacher of mathematics and science at the Grammar School because of poor health. Mrs. Mae Ronco substituted for her until Christmas, when Mr. Cedric Hewes was employed as the teacher and coach of the Grammar School athletic teams. Mr. Hewes is a graduate of the Farmington State Teachers College, and has attended the Biarritz American University in France. Preceding his service with the army, he taught for a year at Reed Plantation, and was principal of the Derby Grammar School for two years. He has proved to be a popular and successful teacher as well as coach, and we feel fortunate to have him with us.

Miss Margaret Washburn, school department clerk and secretary to the superintendent, resigned in November to be married, and Mrs. Clifford Wiley was elected to the position. Mrs. Wiley has had six years of experience as stenographer, typist, and Bookkeeper with a Little Rock, Arkansas, firm, and is a faithful and capable secretary.

Mrs. Maragret Mersereau Borjesson, teacher of the Pleasant Street fourth grade, resigned in January to join her husband. In the position vacated, Mrs. Dorothy Tourtilotte of Dover-Foxcroft is proving an able substitute.

Mrs. Dorothy Dow Warren, teacher of the Pleasant Street third grade, was released according to agreement when her husband returned from the service. Her retirement from teaching is a real loss to our system, and to the profession. To fill the vacancy, we have secured Miss May Jeanne Pratt of Dover-Foxcroft. Miss Pratt is a graduate

of Lowell, Massachusetts, Teachers College, and has over 14 years of teaching background, including the past eight years at Boothbay Harbor, where she made a fine record.

In January, Mr. Earl Gordon, head janitor and custodian of the Grammar and Pleasant Street buildings, resigned to enter private employment after a year and a half of very satisfactory service. Mr. Harley Williams was elected to the position, but poor health forced him to resign almost immediately. Mr. Fred Tourtilotte was then elected, and his work is proving most satisfactory.

The school department extends to Mrs. Margaret W. Stanley, Mrs. Margaret M. Borjesson, and Mrs. Dorothy D. Warren best wishes for happiness, and to Mr. Gordon, success in his new work.

We have, in these difficult times especially, been unusually fortunate to retain so many of our staff, and to make such good replacements. I am convinced that the general quality of teaching in our schools has improved over last year's. Miss Doore, Miss Johnson, Mrs. Blood, Mrs. Ladd, Mrs. Hathorn, Mrs. Pratt and Mrs. Clark all attended summer school last summer, and that experience has been reflected in every case in improved teaching.

PUBLIC SCHOOL MUSIC

Miss Day, our supervisor of music, with the valuable assistance of Mr. Doe and the other teachers, has made real progress in her development of instrumental music, singing, and music appreciation. She has not only taught, or secured teachers for, classes in various instruments, but has raised money by means of an operetta to provide the loan of instruments to promising pupils unable to purchase them. Smaller children learn the fundamentals of orchestra playing through rhythm bands and song flute orchestras. We feel that our music program now has a strong foundation, and will show more gratifying results each year. For details, see Miss Day's report, included elsewhere in this book.

PHYSICAL EDUCATION

It has not yet been possible to secure a Director of Physical Education for our schools. We have provided funds in the budget toward the elementary schools' share of the salary of a Director, and hope that one can be secured for the next school year. In the meantime, health, recrea-

tion, and physical education classes and activities are being carried on by the classroom teachers.

SCHOOL PHYSICIAN AND COUNTY NURSE

You will be interested in the detailed reports of Dr. G. F. Noel, School Physician, and Mrs. Nellie Gibbons, County Nurse, elsewhere in this book. Considerable strides have been made the past year in getting all health records in order, so that teacher, doctor, or nurse can tell a child's health history by a glance at his individual health card. These cards are filed with the pupils' cumulative school records in Kardex book-files in each teacher's desk.

I feel that our health services are growing more effective and valuable every year. They are among the more important parts of our total school program.

SALARIES

As will be seen from the table showing the salaries of our staff, raises averaging $125 were given the teachers last year. Again this year we hope to make similar or larger increases in order to pass on to our teachers the additional income we now receive from the State School Fund. This increased amount of subsidy was granted to each teaching position by the State Legislature in 1945 under the "McKinnon Bill." The previous subsidy was $180 for each teaching position; by the terms of this new law the minimum subsidy is $300 per position, plus additional amounts to those towns with higher than average school tax rates. As a result, Dover-Foxcroft, with a school tax rate of 18.5 mills, received from the state $390 for each teaching position; $210 more than formerly.

The salary increases made possible last year have been nullified by mounting living costs. It is hoped that the increases which we can now make from the state subsidy, without added expense to the town, will bring our teachers abreast of living costs, and place our salaries in line with those in similar communities. Only by paying as well as other towns can we, in the long run, keep our best teachers or make promising replacements when needed; it is unnecessary to repeat here that there is no better investment in the future of our town than good teachers in good schools.

THE ACTIVITY OR UNIT METHOD

As reported here last year, our teaching staff has begun the study of a more modern curriculum and methods, along the lines urged by the State Department of Education in consultation with Dr. William H. Burton of Harvard. This modernization or liberalization is usually accomplished by the use of, to a greater or less extent, the "activity program" or "Unit method." The method is based upon the reasonable principle that a child learns more readily if he is interested in what he is doing, and if he helps plan, and feels a responsibility for, the work undertaken. Four of our teachers studied with Dr. Burton last summer at the University of Maine workshop, and two others did similar work at Farmington.

These teachers, as well as others who have studied the unit method, have had some remarkably successful experiences with activity work. As a rule, those who use the activity program spend from an hour to an hour and a half a day on the activity for a period of perhaps three to five weeks. That activity may lead into a new one, or there may be a period when no such work is done. The remainder of the school day is spent in the usual way, except that whenever possible spelling, English, arithmetic, and other subjects are related to the activity under way.

As to results, teachers have found that children learn more arithmetic, spelling, and reading by a carefully worked out unit of activity than by more traditional methods, and that girls and boys learn such things as initiative, responsibility, self-control, and cooperation by the unit method when it is almost impossible to teach them in the traditional set-up.

Interested persons are cordially invited to visit any of the teachers who are doing the work, and see for themselves.

CONVEYANCE

As has already been explained, the town's share of the state school fund was considerably larger this year than formerly. Consequently, since salary schedules and Academy Contract were already set up, the possibility of purchasing a new school bus was carefully considered, and prices and information were obtained from two dealers in town. The old bus had been in service for eight years and

was subject to constant mechanical failures, including one serious breakdown in the steering mechanism which had jeopardized the safety of every person on the bus. We were therefore most reluctant to operate it a day longer than was necessary, and after careful discussion, decided to purchase a Superior bus body, mounted on a Chevrolet chassis, at a net cost of $3,050. The new bus was placed in service last fall and after a few necessary changes and adjustments were made, has proved entirely satisfactory. It is equipped with safety glass, safety lights, oversized engine, springs, shock absorbers, and brakes with booster brake for added safety. Another feature which makes it adaptable to our winter roads is the fact that the wheelbase is about four feet shorter than the old bus. The savings in operating expense on the new bus should, over a period of years, go far toward paying for it.

Some changes have been made in conveyance routes as is indicated by the list of drivers given elsewhere in this report. More road has had to be covered this year, the population of some routes has increased, and several children have had to be brought to the Village schools from East Dover in order to relieve the crowding there. All of this has made for somewhat larger expenses in the conveyance account than was true last year.

PENNY MILK PROGRAM

Because of its growing cost, and the difficulty of obtaining suitable facilities, we were regretfully compelled to discontinue the fine school lunch program this year in the village schools. As a substitute, we are providing, at a cost to the children of only two cents a bottle, a half-pint of rich, wholesome milk daily. Over 360 children (out of 516) are taking advantage of the opportunity. Both the East Dover and South Dover schools serve, through the efforts of Mrs. Downs, Mrs. Ladd, the parents, and the South Dover P. T. A., a hot dish each noon during the cold weather. The South Dover P. T. A. also provides straws, crackers, and chocolate syrup for the milk lunch at that school.

REPAIRS

Mr. Earl Gordon took charge of the repair and cleaning crew last summer, and they did an excellent piece of work. No major repairs were undertaken because of the scarcity

of skilled labor, but all buildings were thoroughly cleaned. In addition to the usual cleaning, the wall paint of the corridor and all rooms at the Grammar School was washed. Desk tops of all the seventh and eighth grades and the Pleasant Street first grade were sanded and refinished. All necessary small repairs were made and toilet rooms, porch floors and outside doors painted. The furniture in four of the primary rooms was enameled in bright, attractive colors. Dark wainscot and trim in several rooms were painted lighter in order to provide better illumination and a more cheerful appearance, and the Opportunity Room at the North Street School was thoroughly done over according to recommendations of a leading paint laboratory, including sanding and finishing the floor.

The East Dover School stoker was replaced by a new Fairbanks-Morse of somewhat larger capacity at a cost of $260.

SICK LEAVE

With the general increase in salaries, the daily pay of substitute teachers was increased from four to five dollars, and a correspondingly greater reserve set aside in the sick leave account.

BUDGET

The following budget is presented for 1946-1947:

Common Schools	$26,000.00
Interest on School Lands Fund	156.14
Common School Textbooks	1,400.00
Common School Supplies	1,550.00
General Administration	2,350.00
Lights, Telephone, Water	645.00
School Physician	250.00
Insurance	650.00
Repairs	2,960.00
	$35,961.14

This total requested budget is $1,000 less than was raised last year, due to the large increase in the Common Schools balance as a result of much more generous aid from the State School Fund.

We conclude this report with some questions and answers on school organization and costs:

ORGANIZATION

1. How are the Dover-Foxcroft Schools organized?
 Under the Sub-primary-6-2-4 plan; 1 readiness or pre-primary year, 6 years of elementary school, 2 years of grammar or junior high school, and 4 years of senior high school.
2. Is this plan general in Maine?
 This, or the similar 1-8-4 plan, is most common. There is a considerable trend toward the 1-6-6 plan, however, with the readiness year, 6 years of elementary school and 6 years of secondary school. In other words, the secondary school combines the junior and senior high schools in one unit, consisting of grades 7 through 12. It is economical, because both groups are under one principal, and share the laboratory, shop, gymnasium, auditorium, playing field, and other facilities.
3. What subjects are taught in our elementary schools?
 Reading, Writing, Spelling, English Language and Grammar, Geography, Arithmetic, Art, History, Physiology and Hygiene, Music, Physical Education and Safety.
4. What other subjects are taught in the Grammar (Junior High) School?
 Science, Instrumental Music, General Language, Home Room Guidance, Literature, Maine History, and Avocations (through clubs meeting one period a week).
5. Does the school system make any provision for children who, because of absence, illness, or immaturity, are unable to do the regular grade work?
 Yes. The Opportunity Room at the North Street Building provides extra attention and remedial work for children who need it.
6. How many weeks are Dover-Foxcroft Schools in session?
 Thirty-seven weeks are planned this year.
7. How many persons are employed by the Dover-Foxcroft School Department?

Superintendent of Schools	1
School Secretary	1
Teachers	23
Music Supervisor	1
Janitors, 2 full-time—2 part time	4

Bus driver	1
Contract conveyance drivers	6
School Physician, part time	1

SCHOOL COSTS

1. Who determines the amount of money to be spent for schools?
 The people of the Town, through their appropriation at the annual meeting.
2. What was the total cost per pupil for elementary education last year?
 Approximately $80.00.
3. How is this cost divided?

Instruction (teachers, books, supplies)	$54.50
Plant (janitors, fuel)	9.50
Conveyance	10.00
Repairs, upkeep, insurance	6.00

4. What did tuition at Foxcroft Academy cost the town per pupil?
 Approximately $116.67.
5. What was the actual total cost per pupil at Foxcroft Academy, including all expenditures by the Trustees, and state and special subsidies?
 $140.21.
6. What did some neighboring towns, having public high schools, spend for each pupil in secondary school?

Greenville	$150.69	Dexter	$113.63
Sangerville	160.82	Guilford	107.57
Howland	106.78	Milo	120.42
Newport	124.11	Brownville Jct.	161.60

7. What was the total sum spent by Dover-Foxcroft during the municipal year just closed, for elementary and high school education?
 $70,766.53.
8. Does the State pay any part of the cost of our schools?
 Yes, a considerable part. Last year the State paid us:
 $12,968.27 for Teaching Positions
 2,732.15 for School Census
 800.00 for Conveyance
9. What was the net cost of both elementary and secondary schools from local taxation last year?
 $44,643.00
10. What measures in a degree how much a town can

afford to pay for public (elementary and high) schools? Its wealth or valuation per pupil. Based on the State Assessor's figure, our valuation per pupil is $3,868.60.

11. What was our school tax rate last year?
 18.5 mills.
12. How does this compare with other towns in the County?

Milo	23.9 mills	Brownville Jct.	26.2 mills
Monson	18.3 mills	Greenville	18.2 mills
Sangerville	20.8 mills	Guilford	16.4 mills

CONCLUSION

It has been pleasant to work, this past year, with Mrs. Glover, Mr. Warren, and Mr. Williams of the School Committee; with Miss Pierce, Town Treasurer, and Mr. Trufant, Town Manager of Dover-Foxcroft; with every loyal member of the school staff—principals, teachers, janitors, and conveyance drivers; with Principal Blaich and the Superintending Trustees of Foxcroft Academy; with my efficient secretary, Mrs. Wiley; and with all the neighborly people of Dover-Foxcroft.

Respectfully submitted,
HAYDEN V. L. ANDERSON,
Superintendent of Schools.

REPORT OF SCHOOL PHYSICIAN

To Hayden L. V. Anderson, Superintendent of Schools:

I herewith submit my annual report as school physician in the public schools of Dover-Foxcroft.

At the opening of the school year all children in the town schools were examined by Mrs. Gibbons, the school nurse, and myself for all communicable diseases. To our great satisfaction, only five cases were found in the entire school system. With excellent cooperation on the part of the parents these children were promptly returned to school. This is a marked improvement over previous years. We have been very fortunate in not being affected to any extent by any epidemics which have been prevalent in surrounding towns.

Routine examinations of both town and rural schools were made. It was very pleasing to note that many defects had been corrected, but we were sorry to see that in some cases no heed had been taken to the notices sent home to the parents.

I wish to thank the School Board, Mrs. Gibbons, and yourself for the splendid cooperation in making this another outstanding year in the health of our school children.

Respectfully submitted,

GEO. FREDERICK NOEL, D. O.

School Physician.

REPORT OF MUSIC SUPERVISOR

To Mr. Hayden L. V. Anderson, Superintendent of Schools:

I hereby submit my second annual report as Music Supervisor in the Dover-Foxcroft schools.

In all departments, plans inaugurated and put into practice last year are being continued, and also some new ones tried out.

The theory of Sight Singing begins at the end of the year in the first grade, with the children using books at the beginning of the second grade. The new books purchased last year, which were written purposely for the development of Sight Singing, have proved successful and helpful to the teachers.

In all the primary grades, rote songs, singing games, folk dances, rhythm bands, and music appreciation lessons are important parts of the music program.

Two part singing takes place in the fifth grade, and three part in the sixth and grammar grades, with emphasis placed on reading from the base clef for the boys in the eighth grade.

The grammar school now has a Glee Club, directed by Mr. Doe, which meets once a week during the regular club activity period. This is proving popular with the students and is a fine addition to special programs either for school or town affairs. These students, with the help of others not in the Glee Club, will present an Operetta in the near future.

Instrumental instruction now begins in the fourth grade with Songflute bands which not only give the children practice in ensemble playing, but also serve as talent finders for regular instrumental work. These Songflute artists have performed several times in assemblies and on special programs.

In spite of the instrument shortage, more than twenty pupils began learning to play regular instruments last September and are now about ready to join the group which was organized the year before. The combined groups will play in public before the end of the school year. Thanks are again due to Mr. Raymond Annis for his instruction on basses and altos, and to Mr. Doe in violin.

In music appreciation, the upper grades have studied the Symphonic Suite, such as "Scherezade" and the "Nut-

cracker Suite," and expect to take up the Symphony after the Operetta has been given. Many children in the lower grades have brought in records of "Pinocchio," "Snow White," "Little Black Sambo," and others which have been much enjoyed by all.

The same programs in Sight Singing, folk dancing, singing games, Songflute bands, rhythm bands and music appreciation lessons are being given in South and East Dover Schools. Special programs were presented by both at Christmas, and the East Dover School expects to present an Operetta before June.

In the Academy, a mixed chorus meets every Wednesday morning and girls' chorus alternates with a boys' chorus on Friday mornings. The orchestra meets twice a week and is being built up gradually by new material from the grammar school. This year the Seniors voted to have a musical graduation, so a special program is now in preparation and will include all the choral groups and the orchestra.

Mr. Blaich continues his special music appreciation programs at the Academy Friday afternoons, giving both students and faculty an opportunity to hear the best recordings of the finest music available.

I would like to close this report with a special word of thanks to the two principals, to the teachers, and to the Superintendent, for their very fine cooperation in connection with the activities of the music department.

Respectfully submitted,

CONSTANCE DAY,
Music Supervisor.

ANNUAL REPORT OF FOXCROFT ACADEMY

To the Joint Board of Foxcroft Academy:

I hereby submit my fourth annual report as Principal of Foxcroft Academy.

The fall semester of 1945-46 opened on Tuesday, September 4 with enrollment as follows:

	Present Enrollment		Left School		Total Registration	
FRESHMEN						
Boys	28		1		29	
Girls	31		3		34	
		29		4		63
SOPHOMORES

Ardis F. Hewes, B.S.....Home Economics
Constance Day.....Music
Madelyn C. Ballard.....Secretary to Principal
Harold C. Campbell.....Janitor

Due to the exigencies of the times there was quite a change in the personnel of the Faculty of Foxcroft Academy. However, in checking with other like institutions throughout the state, it appears that we were indeed fortunate to make the replacements we did. Among the new members of the faculty are the following:

Miss Frances Dow, Colby College '45 ..English & Latin
Miss Elizabeth Rowe, University of Maine '44..English
Miss Marilyn Bryant, Colby College '45.....History
Miss Hazel Day, Maine School Commerce '45.....
.....Commercial
Miss Evelyn Sterry, Colby College '45.....
.....French & Spanish
Mrs. Ardis F. Hewes, Farmington '39.....
.....Home Economics
Mr. Richard J. Race, Colby College '29.....Sciences

ADDITIONS TO THE CURRICULUM

Due to the generosity and far-sightedness of the Board of Trustees of Foxcroft Academy and the Town of Dover-Foxcroft, the Academy has been able to in-

augurate the course in Home Economics for the girls.

Because of the fact that the two above mentioned agencies were willing to share the expense of inaugurating this course, it was possible to lease the old Congregational parsonage and convert it into a Home Economics Cottage.

During the summer of 1945 this cottage was put into condition so that it could be used as an efficient educational unit. This entailed renovation, repair, and equipping. These tasks were far enough along towards completion that the building was ready for classes by the beginning of the fall term.

The Academy was indeed fortunate to secure the services of Mrs. Ardis Hewes as teacher of Home Economics, whose task it was to build up a new department. She came to the Academy with the highest of recommendations from her supervisor. Miss Florence Jenkins, and the school authorities of Milo, where she taught last year.

There can be little doubt but that she is doing an excellent job, and from the attitude of the fifty-five girls who are enrolled in her classes it is apparent that she is meeting with a great deal of success.

The course in Home Economics parallels the Shop and Forestry course for the boys. All freshman girls take a one period course designed to help them with their personal and social problems so common to adolescence. This course is compulsory. From the sophomore year through the senior year, the course is elective, with the attempt to have the youngsters elect on a two-year or three-year basis. A Home Economics major will take the subject three years beyond the freshman year.

Let it be known that Home Economics is no longer the old cooking and sewing classes of a couple of decades ago. The Home Economics major of the present era will have courses in Foods and Clothing; but she will also have work in home planning, home management, application of art principles to dress and the home, home making and home nursing. In fact the aim of the course will be to prepare the young lady for the most common task that she has ahead of her, the job

of making and running a home.

FARM SHOP

During the summer of 1945 the shop acquired

1. 36" Band Saw
2. 9" Table Saw
3. Large Buzz Planer
4. Large Machine Lathe
5. Numerous hand tools and die and tap sets
6. Electric Welder

These tools were given to the shop on permanent loan by the Vocational Department of the State Department of Education. They were among the surplus commodities from N.Y.A. and War Industry Training Centers. Their value would be close to $3,000.00.

As three of these units were powered by 3-phase motors, the Trustees of Foxcroft Academy gave a special grant for the installation of a 3-phase entrance into the shop.

During the school year, the shop classes wired the shop for lighting and single-phase power, under the instruction of W. G. Leland. As a result, the shop's power problem is well taken care of.

The Academy is continuing its guidance program that was outlined in the last annual report. As said in the report, this is a program in which we deal with the individual case and attempt to aid the youngster in preparing for a life work in which he will find satisfaction. The number of graduates in the class of 1945 that have gone on to higher education (14 out of a class of 40) seems to indicate that this program of guidance is functioning with some degree of efficiency.

Our assemblies are following the same course as before, with definitely planned chapel exercises throughout the year.

The Academy has re-established the custom of scripture and prayer as part of the opening exercises of each school day. This exercise takes place in the homeroom period before the student moves to his first class.

The Academy has inaugurated a series of Twilight Concerts, which take place on Friday afternoons at

three thirty. These are concerts of recorded music which take place in the Library of the Academy. They feature classical music, the major number of the program generally being a symphony, a concerto, or a suite. All of the youngsters who are interested in listening to this type of music are invited to attend, and it is gratifying to notice that the interest and attendance in this type of program is slowly but surely increasing.

The Academy continues to have a full program of extra-curricular activities. Of course the major interest in this field is in athletics, both intramural and varsity. However, the faculty of the Academy is constantly on the lookout for interest in the many cultural and hobby activities which can be used as the basis for forming a club. As a result, the club activity at the Academy should be on the increase. At present the following clubs are meeting regularly: the Debate club, the Camera club, the Girls' Athletic Association, the Cheerleaders' club, the Student Council, the Chorus, and the Orchestra.

The Academy's varsity teams have made a good accounting of themselves during the year in interscholastic competition. The basketball team finished second in county competition, and won the tournament championship at Milo. The baseball team won its share of the games it played, finishing at the .500 mark for the season. The football team won the county championship, and when playing in their class outside of county competition, made a good showing.

In closing, I wish to express my appreciation to all of those people who have aided in making the past year at Foxcroft Academy the success that it has been.

Respectfully submitted,

THEO. P. BLAICH, Principal

REPORT OF NIGHT OFFICER FOR 1945

Doors of business places tried each night	185
Doors found unlocked and cared for	156
Calls on Siren	22
Vagrants taken to lodging	9
Lights reported out	53
Called to investigate motor accidents	24
Called to investigate disturbances	15
Arrests made	21

Respectfully submitted

HARRY E. TURNER, Night Officer.

ANNUAL WARRANT

To Irving C. Trufant, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said town, on Monday, the eleventh day of March, A. D. 1946, at ten o'clock, Eastern Standard Time, in the forenoon, then and there to act upon the following articles, viz:

ART. 1 To choose a Moderator to preside at said Meeting.

ART. 2 To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

ART. 3 To see if the Town will accept the report as printed.

ART. 4 To choose two Selectmen to serve for a term of three years and fill any vacancy in accordance with the Town Charter.

ART. 5 To elect a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

ART. 6 To see what sum of money the Town will vote to raise and appropriate for a Night Police Officer, and the regulation of traffic.

ART. 33 To see what sum of money the Town will vote to raise and appropriate for the purchase of snow fence.

ART. 34 To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars ($15,000.00) for the purchase of a tractor type heavy duty snow-plow, such tractor to be not less than 150 H.P., and the complete equipment to weigh not less than sixteen (16) tons.

ART. 35 To see what sum of money the Town will vote to raise and appropriate for State Aid Road Patrol.

ART. 36 To see what sum of money the Town will vote to raise and appropriate for State Aid Road construction (in addition to the amount regularly raised for the care of ways, highways, and bridges) under the provisions of Section 19, Chapter 28 of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ART. 37 To see how much money the Town will vote to raise and appropriate for maintenance of Third Class roads.

ART. 38 To see what sum of money the Town will vote to raise and appropriate for the maintenance of Special Resolve roads.

ART. 39 To see what sum of money the Town will vote to raise and appropriate to treat the Village Streets against dust.

ART. 40 To see what sum of money the Town will vote to raise and appropriate for Street Lighting.

ART. 41 To see what sum of money the Town will vote to raise and appropriate for the support of Mayo Memorial Hospital.

ART. 42 To elect a member of the Board of Trustees of the Mayo Memorial Hospital for a term of two years.

ART. 43 To see what sum of money the Town will vote to raise and appropriate for the Support of Poor.

ART. 44 To see what sum of money the Town will vote to raise and appropriate for Aid to Dependent Children and Committed Children (State Wards).

ART. 45 To see if the Town will vote to raise and appropriate a sum of money for Memorial Day, and the decorating of Soldiers' graves.

ART. 46 To see what sum of money the Town will

vote to raise and appropriate for band concerts and other music.

ART. 47 To see what sum of money the Town will vote to raise and appropriate for the care of cemeteries.

ART. 48 To see how much money the Town will raise and appropriate for the repair of fences around cemeteries in which war veterans are buried; for the repair of graves, headstones, monuments and markers designating the burial place of such war veterans; and for keeping the grass on such graves suitably cut and trimmed during the summer season.

ART. 49 To see what sum of money the Town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

ART. 50 To see what sum of money the Town will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 51 To elect one member to serve on the Executive Committee of the Thompson Free Library for one year.

ART. 52 To see what sum of money the Town will vote to raise and appropriate for abatements.

ART. 53 To see what sum of money the Town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5, Section 82 of the Revised Statutes. Said money to be expended through the State of Maine Publicity Bureau.

ART. 54 To see if the Town will vote to authorize the Selectmen and Town Treasurer to make a temporary loan not exceeding thirty-five thousand dollars ($35,000.00) in anticipation of taxes.

ART. 55 To see what sum of money the Town will vote to raise and appropriate for interest on temporary loan.

ART. 56 To see what sum of money the Town will

vote to raise and appropriate for repairs on Fair Grounds property.

ART. 57 To see if the Town will vote to authorize the Selectmen in behalf of the Town to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon on such terms as they deem advisable, and execute quit-claim deeds for such property.

ART. 58 To see if the Town will vote to waive the printing in the annual Town Report of an itemized list of the receipts and disbursements, in accordance with Chapter 80, Section 80 of the Revised Statutes of Maine, as amended by Chapter 84 of the Public Laws of 1945.

ART. 59 To see what sum of money the Town will vote to raise and appropriate for a memorial to World War Veterans.

The undersigned, the Selectmen of Dover-Foxcroft, will be in session at their office in Central Hall Building, Monday, the eleventh day of March, A. D. 1946, at nine o'clock, Eastern Standard Time, in the forenoon, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said Town.

Given under our hands at said Dover-Foxcroft this twenty-eighth day of February, A. D. 1946.

Please bring your Town Report to Town Meeting

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

LETTER OF TRANSMITTAL

To the Board of Selectmen and Citizens of Dover-Foxcroft:

It is my privilege to submit to you a report of the administration of the affairs of the town of Dover-Foxcroft for the year 1946.

I wish to direct your attention to the report of the State Department of Audit which will, I believe, give you a correct and concise picture of the financial condition of the town, and the statement of departmental operations will, I think, give you some idea of the extent of the administration of the several divisions of the town government. A detailed list of the receipts and disbursements are on file at the town office and may be seen there by any citizen who so desires.

The amount of uncollected taxes, as you will see in the auditor's report, was $3,879.00, which was two and two-thirds per cent of the commitment. I believe that this is the smallest amount in many years. Several of the unpaid taxes listed in this town report have been paid since the closing of the books. These are marked with a star before the name, and denotes that they are paid in full.

All of the village streets which had been previously treated with tar, were tarred this year. In addition to these, five streets were tarred for the first time. Plans have been made to tar additional streets in 1947 if money is available for the work.

Money received from the State by special resolve was spent on the Range Road, and money received from the State for State aid highway construction was used to construct 1,050 feet of highway on the River Road between East Dover and the Sebec line, a continuation of the State aid construction of previous years.

In conclusion I wish to express my thanks to the citizens of Dover-Foxcroft for their expressions of confidence and helpful suggestions during the past year.

I also wish to thank the board of selectmen for their unfailing support, without which the successful administration of the town affairs would not be possible, and the budget committee for their time and effort in the service of the town. I deeply appreciate the loyalty and splendid co-operation of all of the employes of the town, especially those employed in the town office. Their honesty and faithfulness to duty in the rendering of a public service is most commendable.

Respectfully submitted,

IRVING C. TRUFANT,
Town Manager.

STATE DEPARTMENT OF AUDIT

February 24, 1947.

Board of Selectmen,
Dover-Foxcroft,
Maine.

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, the records of the Town of Dover-Foxcroft have been audited by Auditor R. M. Parsons for the period February 2, 1946, to February 1, 1947, inclusive.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately handled.

Exhibits and schedules incorporated in this report impartially present the financial position of the town and the result of its operations for the period designated.

Comments and other data incorporated in this report may prove of interest to you. All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY,
State Auditor.

FMB:lee

COMMENTS

Re: Audit of Accounts—Town of Dover-Foxcroft February 2, 1946, to February 1, 1947

Cash

The treasurer's receipts were checked and found to be correctly recorded.

The cash balance of $7,238.98 was reconciled with the bank balances and was found to be correct.

Petty cash funds in the amount of $125.00 were verified by physical count.

Expenditures were made by check from properly authorized warrants.

Accounts Receivable

Accounts receivable in the amount of $3,033.04 represent reimbursements due the town for charity assistance rendered.

Notes Receivable

A note receivable in the amount of $25.00 represents a balance due the town for assistance rendered in 1938.

Taxes Receivable

The 1946 tax commitment was checked and found to be in agreement with the records of the assessors. Ninety-seven per cent of the 1946 tax commitment had been collected. Abatements allowed by the assessors totaled $370.25. Uncollected taxes in the amount of $3,879.00 were checked and are detailed on Schedule A-10.

All transactions affecting prior years' taxes were examined and the taxes remaining uncollected were checked and are detailed on Schedule A-10.

Requests for verifications were mailed to a representative number of unpaid tax accounts.

Tax Liens, Tax Deeds and Sheriff's Deeds

All transactions affecting these accounts were examined. The items remaining unpaid were checked and the detail is shown on Schedules A-11, A-12 and A-13.

Due Governmental Agencies

This account is made up of deductions for teachers' pensions and Maine Teachers' Retirement Association withheld from the salaries of teachers which had not been forwarded to the State treasurer as of the close of the municipal year.

Net Deficit

As a result of current operations, the unappropriated surplus of $4,479.44 at the beginning of the municipal year was decreased $12,921.75, leaving a net deficit of $8,442.31 at the close of the year.

Trust Funds

All trust fund investments were examined. Insofar as could be determined from this examination, the income had been expended in accordance with the terms of the several trusts.

Mayo Memorial Hospital

The records as maintained by the superintendent of the Mayo Memorial Hospital were examined and found to be in a satisfactory condition.

Total collections amounted to $43,254.47, of which $43,164.47 was turned over to the town treasurer. The balance of $90.00 was on hand at the close of the fiscal year.

Accounts receivable on record and unpaid at the end of the fiscal year in the amount of $3,994.14 were checked and are detailed on Exhibit G. Requests for verification were mailed to a representative number of the accounts due from individuals. No verification was made of amounts shown by the records to be due from insurance companies on account of certain patients.

General

The town manager, tax collector, treasurer and deputy treasurer furnished corporate surety bonds which were examined and appeared to be adequate.

The excise tax receipts were examined and the total collections of $4,954.46 were found to have been properly deposited with the town treasurer.

Approximately 75% of the vouchers covering disbursements were examined and as far as could be determined, the charges appeared to be proper and were correctly recorded. It was noted, however, that the per diem salary paid the assessors was in access of the amount stipulated in Chapter 80, Section 13 of the Revised Statutes of 1944. This payment appears to have been justified by the municipal officers, as they were unable to procure the services of assessors at the salary as provided in the statutes.

The withholding tax records were examined and all monies withheld from the salaries of municipal employees during the year had been paid to the proper collecting agency.

The records maintained by the various municipal officers were found to be in a satisfactory condition.

THOMPSON FREE LIBRARY REPORT

19,240 books were in circulation from February 1st, 1946 to February 1st, 1947. 14,507 were fiction; 4,733, non-fiction and magazines.

316 books were purchased: 160 fiction, 78 adult, 82 juvenile, 156 non-fiction, 87 separate books, 69 encyclopedias and reference books.

Gifts were presented to the library by Mrs. Allie Butler, Carole Louise Chapman, J. P. Dow, Margaret Gammon, Everett Ham, Mrs. R. W. Linn and Mary Linn, Alice Frost Lord, Dr. John McNeill, John, Jr., and Carol McNeill, Dr. Ruth Thomas, and Martha L. Woodbury in memory of her mother, Mattie B. Woodbury. There were fiction, 28, adult, 6, juvenile, 22; non-fiction, 52, including state and government publications and various gifts from publishers.

During and since Book Week, Library Reading Club buttons were presented to juvenile readers having taken ten books from the library. More than one hundred children are now club members. There are seven clubs, divided according to age levels.

Five high school girls are in the library training class. Beverly Steeves, sophomore; Jeanette Kinney, junior; Mary Linn, Regina Marsh, and Jean Tourtillotte, seniors. They are fulfilling their requirements independently and doing very well. Their help is very much appreciated.

ELEANOR BARTLETT,
Acting Librarian

ANNUAL REPORT OF MAYO MEMORIAL HOSPITAL

DOVER-FOXCROFT, MAINE

To the Chairman and Members of the Board of Trustees of the Mayo Memorial Hospital:

The following report is submitted to you for your approval of the work accomplished at the Mayo Memorial Hospital from February 1, 1946, to February 1, 1947.

STATISTICS

Patient Service Data for Year Ending February 1, 1947

Summary of services rendered

Number of patients (excluding newborn)	
Remaining in hospital Feb. 1, 1946,	18
Admitted (excluding births),	712
Total treated,	730

ANNUAL REPORT FOR DOVER-FOXCROFT
JANUARY 1 TO DECEMBER 31, 1946
BUREAU OF HEALTH NURSING SERVICE

The fight against the enemies of health is never ended. Your community needs to find better ways, more effective weapons to use. One of these is more enlightened parents. Leaders in programs to promote and safeguard health have proven that more time and attention should be given the prospective mothers and fathers, the infant and pre-school age child. Much harm is done by waiting until the child enters school before focusing attention on his health.

During the past few months your Bureau of Health nurse has made home visits to mothers, stressing the importance of continuous medical supervision, and giving health guidance before and after the birth of the baby. Visits were made to the parents of infants and pre-school age children with health problems. Parents were urged to take their children to their family physician for physical examinations and immunizations.

The local Child Health Conference committee made arrangements for the five conferences that were held here from June 1st to October 1st. The committee arranged for the publicity, place for the conference and the volunteer workers. A total of 78 conference visits were made; 8 were vaccinated against smallpox, 19 against diphtheria, 23 against whooping cough, 4 against tetanus. The cooperation of this committee has made the services of the conferences available to all children of this community. It is to be hoped that more mothers will take advantage of these conferences another summer.

The services of the Pediatric and Crippled Children's Clinics have been available to the children of this community.

During the year Venereal Disease Control measures have been taken by the Bureau of Health. Follow-up was done in order to prevent spread. The cooperation of the local Doctors has been greatly appreciated.

A local Health Council, made up of interested citi-

zens, would greatly increase the effectiveness of the Bureau of Health services in your community.

Respectfully submitted,

EILEEN THOMAS,
Bureau of Health
Public Health Nurse

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my third annual report of the condition and progress of the elementary public schools of Dover-Foxcroft. For information about the secondary school, see Principal T. P. Blaich's report of Foxcroft Academy elsewhere in this book.

Personnel

Teacher	Position	Yrs. Exp.	Salary plus C-o-L Bonus
GRAMMAR SCHOOL:			
Harold O. Doe	Prin. & Grs. 7-8	12	$1,850.00
Harriette E. Crockett	Dean of Girls & Grs. 7-8	38	1,475.00
Bernice Sterling	Grs. 7-8	27	1,425.00
Cedric A. Hewes	Grs. 7-8	4	1,750.00
Effie Bolton	Gr. 6	24	1,425.00
PLEASANT STREET SCHOOL:			
Ava Goff	Prin. & Gr. 5	32	1,550.00
Harriett Ladd	Gr. 4	20	1,475.00
M. Jeanne Pratt	Gr. 3	15	1,425.00
Ola F. Blood	Gr. 2	27	1,475.00
Corinne Johnson	Gr. 1	16	1,450.00
Marion Doore	Sub-primary	13	1,375.00
NORTH STREET SCHOOL:			
Harriette H. Crockett	Prin. & Gr. 6	33 2\|3	1,550.00
Mildred Hewett	Gr. 5	22	1,425.00
Marion Rollins	Gr. 4	28	1,450.00

RURAL TEACHERS:			
Nellie C. Downs	East Dover	35	1,350.00
Mae M. Ronco	South Dover	10	1,350.00
MUSIC SUPERVISOR:			
Constance Day	All Schools	12	1,500.00
SECRETARY TO SUPERINTENDENT:			
Wanda Jane Wiley	Superintendent's Office	7	1,275.00
SCHOOL PHYSICIAN:			
Dr. G. F. Noel	All Schools		250.00

There have been few changes in staff this year. Mrs. Harriett Ladd was transferred from the South Dover School to grade four at Pleasant Street at the beginning of school last September. In the new position Mrs. Ladd is continuing the fine teaching which resulted in her being appointed a member of the University of Maine Summer School faculty for last summer and for next summer. Mrs. Dorothy Tourtilotte of Dover-Foxcroft substituted at the South Dover School last fall until Mrs. Mae Ronco of Dover-Foxcroft was elected to the position. Mrs .Ronco studied at Machias Normal for seven summer sessions and had ten years of teaching experience before joining the staff. During Mrs. Nellie Downs' leave from her position at the East Dover School, Mrs. Frances Goodwin of Dover-Foxcroft is substituting. Mrs. Goodwin graduated from Farmington Normal in 1930, and has had over four years of classroom experience. Both newcomers to our staff are interested, capable teachers.

Our faculty continues to grow in ability through advanced study. Last summer Mrs. Ola Blood, Mrs. Harriette H. Crockett, Mrs. Ava Goff, and Miss Marion Rollins all attended the Summer Workshop at the University of Maine, where their work was of high quality. During the present school year almost the entire faculty is co-operating in conducting an elementary workshop here in Dover-Foxcroft.

Resource leaders are provided by the University, and the following have already met with the group for lectures and discussions: Dean Glenn Kendall; Professor Joseph Hall (Audio-Visual Materials); Miss Julia Cox (Reading); and Professor John R. Crawford (Measurement and Evaluation). The resource leaders usually address the whole group for the first hour on some topic of general interest, then meet with the particular group for the second hour, when more specific problems are studied.

The workshop is sponsored by the School of Education, University of Maine, and all teachers who complete the work successfully will receive three semester hours of either undergraduate or graduate credit from the University, just the same as they would receive if they attended an on-campus course or workshop.

Salaries

In line with good practice, we adopted a salary schedule for the present school year:

		Present Experience				
Training	Start	1 yr.	2 yr.	3 yr.	4 yr.	5 yr.
Less than two years	$1025	1075	1125	1175	1225	1275
Two years	1100	1150	1200	1250	1300	1350
Three years	1200	1250	1300	1350	1400	1450
Bachelor's Degree	1300	1350	1400	1450	1500	1550

In addition to the scheduled amounts, a cost-of-living adjustment of $75 ($100 in the case of married men) was made last fall, resulting in a combined increase of about $215 average for each position. For next year we wish to make another substantial increase in the entire schedule in an attempt to bring our salaries abreast of present living costs, and to help keep and attract good teachers. A considerable part of the raise in salaries has been paid by the state, which this year subsidized Dover-Foxcroft $415 per teacher, as compared to only $100 five years ago. For next year it seems likely that the Legislature will increase this help by about $150 per teacher if new sources of state tax revenue are found.

Public School Music

Under the continued leadership of Miss Day, music supervisor, a valuable part of our total school program has been carried through the year. You will be interested in Miss Day's complete report, included elsewhere in this book.

Health, Recreation, and Physical Education

For about three years we have, due largely to the scarcity of trained men, been unable to have a Director of Health, Recreation, and Physical Education for our elementary schools and Foxcroft Academy. It now seems possible that suitable men may become available for next fall, and we should give serious thought toward rebuilding this part of our program.

School Physician and County Nurse

Dr. George F. Noel, School Physician, and Mrs. Nellie Gibbons, Public Health Nurse, present their reports under separate headings in this book. You will all be pleased, as I am, to see how much good a systematic program of inspection and prevention can do in keeping our children healthy and well.

Conveyance

This year we have conveyed more children to school and made greater mileages, than ever before. This has been due to the fact that shortage of housing in the village has forced families to live in more remote homes, and even in cottages at Sebec Lake, throughout the year. The number of children on the Dover South Mills road increased to the point where Mr. Judkins was no longer able to convey them by panel truck, and after many years of carrying pupils, he gave up this work. By placing the school bus on this route, one of the most expensive, we have been able to hold conveyance costs to $5,387.85 for the year, as compared to $5,285 last year (exclusive of bus purchase).

Figures show that municipally owned buses can be operated more reasonably than conveyance can be contracted for. If the South Dover children are conveyed, it will be advisable for us to purchase another bus, perhaps a smaller one, to serve the Dover South Mills and next largest route; since the big bus will need to be changed to the Bangor Road-South Dover route.

School Lunch

Feeling keenly the loss of our school lunch program, we set about last summer to find ways and means to restore it on a more satisfactory basis than before. This has now been accomplished as follows: The kitchen at North Street has been redecorated, a new electric service and electric range installed, and other improvements made. Benches and tables already on hand have been put in good repair, and set up in one or two classrooms where there is room for them. A regular cook prepares the lunch and children help serve it.

On the Pleasant Street side, the shop has been moved from the Grammar School to the Pleasant Street School basement, and the former shop room fitted up as a lunchroom. Walls and ceiling were washed and painted, floor sanded and sealed, hot and cold water piped in, a sink installed, a new electric range and entrance put in, tables and benches built or reconditioned, and a large cupboard moved in from

the former home arts room. This makes a lunchroom large enough to serve the two schools, and two regular cooks are employed.

The program is financed as follows: Pupils pay fifteen cents a meal, the Federal School Lunch Program pays a subsidy of six cents a meal and furnishes some surplus commodities, as well as some non-food assistance. As an example of the latter, they paid for the two new electric ranges and several smaller pieces of equipment.

In addition to these sources of income, the Dover-Foxcroft Kiwanis Club generously donated $250.00 which made it possible to put the plan into operation, since the School Department has no funds for this purpose. The sources mentioned, plus donations of vegetables and other commodities from parents and friends will, we hope, be sufficient to maintain the program without the necessity of increasing the cost to the children.

Closing the South Dover School

The feeling has been growing on the part of many families in the South Dover district that it would be better for their children to attend the village schools with the following advantages: an expert teacher for each grade; an opportunity room; effective class size; full time janitor service; extra opportunities in music, athletics, clubs, and activities; free transportation for Academy students; and hot lunches served at the school.

On the other hand, these children would have to be away from home longer each day, and some of them would have quite a long ride on two different buses. In a recent survey and discussion, however, all but two families voted to have the school closed. To close the school requires a vote by the town, after all interested persons have been heard.

If it is voted to close the school next fall, then the town may properly recommend that the school committee purchase another school bus if in their opinion that is the most satisfactory and economical way to provide adequate conveyance.

On the financial side, closing the school would result

in a saving to the Town of over $1,000 annually.

Repairs

The summer repairs and cleaning crew was in charge of Mr. Fred Tourtilotte, head janitor. Buildings were cleaned as usual, and in addition, the walls and ceilings of all the elementary buildings were thoroughly washed. This job had not been done for some years, with the result t hat most of the paint was dingy and gray. The washing made a great improvement in both appearance and lighting.

The second big job was the insulation of the "caps" or ceilings of the two large elementary buildings. Loose Rockwool insulation was used, and put in by Mr. Tourtilotte and a crew of helpers. This winter it has been possible, for the first time, to heat the second story rooms as adequately as those on the first floor, and to heat the entire buildings with less coal than was formerly necessary. The insulation should pay for itself in five or six years.

The third big job was to make a good start on better lighting by installing flourescent lights in four of the most gloomy rooms at the North Street building. This program should be continued until all rooms are adequately lighted, since a survey made a year ago showed most of the rooms in the older buildings to be badly and insufficiently lighted.

The usual small, but necessary repair and paint jobs were also done; the Grammar Building was given a heavy asphalt roofing coat; the foundation walls of the Pleasant Street school pointed up and repaired; and a concrete floor laid in part of the Pleasant Street basement and the whole basement fitted up as a combined janitor's storeroom and workroom, and school shop.

Finally, new bronze feed screws were purchased for two of the big stokers after the old ones broke down repeatedly last winter. The latter have been pinned and welded and will be used until complete failure. The tuyeres were replaced in another stoker, and a new syncrostat installed; we plan to have the old one repaired for a spare.

In anticipation of considerable classroom redecoration this summer, we have laid in sufficient first

quality paint (at last year's prices) to do six or eight rooms.

Buildings

It is time we gave serious thought to the modernization of our school building facilities, especially since it seems likely that federal and state funds may be made available for the assistance of towns undertaking such a project. I recommend that a school building survey committee be raised, consisting of the school committee and six other interested citizens, to make a careful study of our school plant and its improvement, with their findings and recommendations to be made at the next annual town meeting.

Budget

The following budget is presented for 1947-1948:

Common Schools	$31,255.00
Interest on School Lands Fund	156.14
Common School Textbooks	1,000.00
Common School Supplies	1,500.00
General Administration	2,500.00
Lights, Telephone, and Water	750.00
School Physician	250.00
Insurance	550.00
Repairs	2,000.00
	$39,961.14

This budget is $4,000 more than was raised last year.

Conclusion

Dover-Foxcroft is a good town in which to work. In general, I have found people to be interested in the schools, co-operative, and friendly. Members of the school department and the faculties have been unusually fine fellow workers. Thank you all.

Respectfully submitted,

HAYDEN L. V. ANDERSON,
Superintendent of Schools

REPORT OF SCHOOL PHYSICIAN

To Hayden L. V. Anderson, Supt. of Schools:

I herewith submit the report of the school physician for the current year.

The children were examined at the opening of the school year for itch, impetigo, etc., by Mrs. Gibbons, the school nurse, and myself. It was very satisfactory to find that none of these conditions existed at this time.

Routine examinations of both the rural and town schools have been done. It was pleasing to note that many of the suggestions that we had made for the children's health had been carried out. Much credit is due the Percolator Club for their splendid effort in getting diseased tonsils of needy children removed.

Our attendance record was somewhat affected by the outbreak of measles and chicken pox, but I believe this was held to a minimum through the untiring efforts of our teachers and the school nurse.

I sincerely hope that our Town's people will see fit to eliminate one of our rural schools and by that token clean up what I consider, from a health standpoint, an unwholesome and unsanitary condition.

I wish to thank the School Board, Mrs. Gibbons, the teachers, and yourself, for the cooperation in making this an outstanding year in the health of our school children.

Respectfully submitted,

GEO. FREDERICK NOEL, D. O.

REPORT OF THE MUSIC SUPERVISOR

To Hayden L. V. Anderson, Supt. of Schools:

I hereby submit my third annual report as Music Supervisor of the Dover-Foxcroft Schools.

Since the last report, the following public performances have been given:

GRAMMAR GRADE SCHOOLS:

Operetta "Dick Whittington" by the Grammar School, with incidental music by the orchestra.

Program for the Chapman Music Club by the orchestra, Glee Club, and Fourth grade songflute bands.

The Glee Club, directed by Mr. Doe, at the Court House for the County Speaking Contest, and at the Congregational Church for the World Day of Peace.

Orchestra and Songflute band at Odd Fellow's Hall.

For School programs at Christmas, Songflutes and five members of the trumpet section of the orchestra.

Songflute members for Minstrel show, Kiwanis Christmas program, and church Christmas program.

An Operetta at East Dover and Christmas program at South Dover.

Eighth grade choral numbers for graduation.

ACADEMY:

Orchestra—Junior plays, County Speaking Contest, Senior play, graduation.

Girls' Glee Club at special Christmas Assembly.

Seniors and chorus, an all music program for graduation.

Several more programs are being prepared for the remainder of the school year. Most of the groups will attend the Eastern Maine School Music Festival in Bangor on May 3rd.

Nineteen new members of the Grammar Orchestra are taking instrumental lessons after school, four of whom have already been admitted to regular rehearsals. The total number of pupils in all schools now playing regularly is forty-five. New songflute bands have also been organized in the fourth grade.

Three trips to the Bangor Symphony Orchestra Concerts have been made, taking an average of forty-five children each time. Instrumental students have been

given preference, but many of the others have been included. Whenever possible, the selections to be heard are discussed before the concert. This has led to a study of simple ABA form, the suite, sonata, symphony, overture, intermezzo, symphonic poem and brief stories of the operas Faust and Cavelleria Rusticana.

The interest shown by the children has been remarkable and gratifying. The remaining concerts of the season will be attended if possible.

The course of study in vocal music in the lower grades is changing somewhat due to correlation with the present Unit Work being done. Songs pertaining to the units are found or composed. This sometimes means a shift in the time that rhythm problems are presented.

Rhythm band, music appreciation and singing games are important parts of lower grade work. Actual demonstration of various musical intruments has been given in the first six grades.

At the Academy, only four members of the orchestra remained after graduation, but new members from the Grammar School have brought the total to thirteen. Two students are playing instruments bought by money voted by the Academy Board. Two rehearsals a week are held, Mixed Chorus meets once a week with an attendance of sixty or more. A girls' chorus alternates with a boys' chorus on Monday afternoons.

Students interested in listening to recordings of the world's best music have an opportunity to do so Friday afternoons at 3:30. Members of the orchestra are included in trips to Bangor Symphony Concerts.

Many thanks to all who are helping to make these activities possible.

Respectfully submitted,

CONSTANCE DAY,

Music Supervisor

ANNUAL REPORT OF FOXCROFT ACADEMY

To the Joint Board of Foxcroft Academy:

I hereby submit my fifth annual report as Principal of Foxcroft Academy:

The fall semester of 1946-47 opened on Tuesday, September 3, 1946 with enrollment as follows:

	Fresh-men	Sopho-more	Junior	Senior	Special
Boys	41	29	23	9	4
Girls	38	32	28	20	1
	79	61	51	29	5

Total 225

Madelyn C. Betts	Secretary to Principal
Harold C. Campbell	Janitor

Progress in the Past Five Years

As this is the fifth year of the present administration at Foxcroft Academy, it may be well to make a survey of what has seemingly been accomplished at the Academy in this five year period. As continuity of administration in education is essential to long-term planning, the past five years may be indicative of the direction in which secondary education in Dover-Foxcroft is moving.

During the first year of the present administration at the Academy, there was no attempt to introduce any

radical changes or revolutionary ideas. This was a year of observation and study, with the hope of determining just what the educational situation was. Knowing full well that many things would greet the eye which were foreign to the new principal's experience, there was need for weighing the effectiveness of the current procedure with the hope of discovering the efficient and the inefficient.

By the end of the first year, it was evident that much of the procedure in vogue at the Academy was on a sound educational basis, however, there were certain points that pointed to the need of reorganization rather than a complete change with the past.

By 1942 a start had been made toward the more general education replacing the strict college preparatory concept of the secondary school. This move has been growing throughout the nation during the past decade because of the fact that greater and greater numbers of adolescent youth entering the secondary schools are no longer primarily preparing for entrance into institutions of higher learning. This is merely another way of saying that the secondary school is fast becoming the common education for American Youth.

At one time the major stress of the secondary school was on preparation for college. Now such preparation is one of the smaller specialized courses of the secondary school. The larger field of the high school has become the training in the arts of living and making a living, knowing full well that the largest proporton of the students would terminate their formal education with the completion of high school.

This trend is definitely part of the evolving curriculum at the Academy. In the fall of 1942, the commercial course at the Academy was already well established. But there was need for further development of the vocational and pre-vocational type of study.

That fall we started to build our first shop and to develop a curriculum in forestry. There has been a continued growth in this field of vocational arts, and the demand for this type of education has brought about an expansion of the shop area and a great increase in the equipment for these shops. The war and its termination made possible the acquisition of much of our present equipment at little or no cost, so that

today we have farm shops and equipment valued at $10,000, although the actual cash expenditure has been approximately $1500. It must be also remembered that one of the reasons for this small cash outlay is due to the fact that the shops were built with student labor.

In order to develop this pre-vocational program so that it included girls as well as boys, it was essential to establish a home economics department. In the fall of 1945 such a department was ready for students, and in the two years of its existence, there is remarkable evidence of its popularity. In retrospect, one wonders how we existed without such work for the girls.

One of the outstanding things about the home economics department is the fact that the youngsters work in a typcial home situation. Due to the fact this work is carried on in the former Congregational parsonage, the students leave the typical classroom atmosphere when they go into the well equipped home next door. Here they find a realistic situation in which home problems are met in a realistic manner, and where there is not the artificiality of the laboratory that is merely an enlarged classroom.

Thus we have made our first steps in the progress toward an education that is real and vital and connected with the everyday life of the student. We do not feel that this type of work is completed by any means; but that there is need to continue the expansion in this field of education.

Possibly, the greatest criticism of secondary education throughout the nation in the past decade was the flagrant use and misuse of the free elective system. Students had the right to choose any and all subjects which they wished, with no concept of integration of such subject matter into a unified whole. As a result some youngsters graduated from secondary schools with an overload of one branch of subject matter material and with no preparation in another field. The result was a hodgepodge of subject matter totaling to sixteen academic credits, being the basis for graduation.

All of this led to only one result, that the graduate from high school was prepared for nothing. Nor did he have the well rounded basic cultural background so

essential to mature living in the modern world.

In order to eliminate such lack of purpose, the curriculum was reorganized into an integrated sequence pointing toward the definite goal of preparation for living in today's world. By doing this, free election is eliminated insofar as the free choice of individuals' subjects are concerned. However, the youth has the freedom to choose his or her course of study. And within that course of study, subjects are prescribed.

Prescription of subjects within the course of study is based on certain principles. In the first place the inter-relation of the subjects leads to a broad general cultural background that is essential for the maturing member of a democratic society. It includes fundamental training in the two basic tools in which all men must have mastery; English and Mathematics. It also includes subjects that educate to live in our modern society; namely the social sciences. And it necessarily includes those subjects that give an intelligent foundation for understanding the scientific age in which we live; the physical sciences. All specialization, whether it is for taking a job on the graduation from high school, or going on to higher education, is built on this general background which all men must have, no matter what their station in life is.

This subject matter is also arranged in an ascending sequence of difficulty, so as to challenge the growing maturity of the youngster. This is one of the reasons for the prescription of subjects within a course of study. It is endeavored to start in the freshman year with the simpler subjects, and with each additional year have the subjects present more challenge to the student. This infers that we expect growth on the part of the student, and if such growth is not seen then there is a problem to be solved in which all parts must be considered.

Such integration and sequential arrangement aids in guiding the youth both educationally and vocationally. We are more able to discover at what levels the student can work and also where his interests lie. Through such discovery, it becomes possible to advise the youngster in which channels his strength lies, and encourage him to develop his capacities in this field so as to lay the foundation of a satisfying work-life

once he has completed his formal education.

All such planning has its fruition in the faculty which is teaching in the institution. Therefore, it has been the policy of the Joint Board to have the best faculty possible in these trying times of teacher shortages. All of the teachers of the Academy have been elected to their positions only after serious consideration of their teacher training, their proficiency in their subject matter, and their moral character. For the past three years, the teachers of the Academy have been specialists in the subject matter which they teach. Each one of them majored in the subject they are teaching while in college. As a result, there is no teacher handling classes in which they have no broad background in the subject matter. This leads in general to a better brand of teaching.

Thus it is felt that progress toward a better education for the youth of Dover-Foxcroft has been and is being made. There is no feeling of smugness in this statement, for all of us concerned know full well that there is still much more progress to be made. But we do feel that the basic philosophy behind this progress is sound; namely that education for life and making a living must be the criteria on which the Academy is organized. This year we are making one more step toward better education for living through the incorporation of a safe driving course in the curriculum.

There can be no doubt but that such a course is essential. All any of us have to do is to stand on a street corner in our town for ten minutes and watch the driving practices of the cars that go by, in order to come to the conclusion that something should be done about it. We are attempting, in this new addition to our curriculum, to do something about it. We hope that we are successful.

In closing, we extend a cordial invitation to all of the parents and citizens of Dover-Foxcroft to visit the Academy so as to become acquainted with the program that we are attempting to carry out. Because we know that such contacts will aid us in doing a better job of educating the youth of the town. This task in which we are involved, is the task of all of us and by knowing each other's aims, we will be able to build a better Dover-Foxcroft for tomorrow.

In conclusion, let me express my personal thanks and gratitude to all those who have aided in making these five years the success they have been. And may I specifically thank the Town Club of Dover-Foxcroft for their financial backing and sponsoring of the Safe Driving Course.

Respectfully submitted,

THEO. P. BLAICH, Principal.

Statistics for Past Five Years

Academic Honors:

Scholarships won	5
Number entering college or university from classes since 1943	20
Number entering normal schools	12
Number entering nurses' training	4
Number entering business colleges	8
Total number entering	44
Total enrollment in classes	134
Percentage of graduates	32.8
Percentage of State of Maine	10% approximately

Extra-curricular Honors:

Spelling contest	1st place, 1945; 2nd place, 1946
Prize speaking	1st place, 1946 County Contest
Spear Contest entries	2
Debate	5th in state tournament, 1946
Forensic League members	12

Athletic Honors:

Football:	1942, 1943, Tied 1944 & 1945 County Championship
Basketball:	2nd place in County, 1943-44; 1944-45; County Tourney Champions, 1944-45
Baseball:	Tied for County Championship, 1944
Cross-Country:	National Prep School Champion, 1943
Girls Basketball:	County Championship, 1944, 1945; tied for 1st place, 1946
Girls Ski Team:	Winner of Monson Academy Carnival, 1945

REPORT OF COUNTY NURSE

To the Citizens of the Town of Dover-Foxcroft, I submit a brief report of the Service rendered the Town by the Piscataquis County Health & Tuberculosis Association for the period from January 1, 1946 to December 31, 1946.

Tuberculosis Prevention

Effective prevention and remedial methods in Tuberculosis Control are constantly being improved and strengthened by increased community health education. Therefore, both research and health education are activities necessary in a Tuberculosis Control Program, such as Case Finding

Diagnosis
Treatment
After Care and Rehabilitation
Relief from economic distress

Case finding has been defined as a program of mass and individual examinations for the purpose of discovering unsuspected Tuberculosis.

Number Tuberculin tests given	217
Number of Reactors	10
Number of new cases admitted to Service	3
Home visits to contact cases	20
Patients taken to Fairfield for recommended X-rays	2
Number X-rayed at Clinic provided by Bureau of Tuberculosis Control	83

In March an X-ray clinic, conducted by the Division of Tuberculosis Control, Bureau of Health, was conducted and 202 were X-rayed. This included some from surrounding towns. In October, the X-ray clinic was repeated with 65 being X-rayed. Of this number, 14 were from Dover-Foxcroft. Every effort is being made to assist patients to have repeated and necessary check-ups and to have contact cases of tuberculosis examined periodically.

Unclassified

Number of pupils taken to Doctor's office	5
Special conferences attended	10
Special meetings attended	5
Number of homes visited	28

Number of children taken for refraction of vision	4
Office interviews	12
Investigation visits with Mr. Trufant	4
Application for Cripple children and Pediatric Clinics	7
Tonsils, adenoids operation	12
Cases transferred to Social Welfare	2

School Health Service

Assistance of the nurse was given Dr. Noel, school physician, on making annual health inspection. Special inspection was given for skin eruption upon the reopening of school in September with the following results:

Number of pupils examined	775
" with defective vision	14

Ether extractions	3

The Town Club has been very interested in the progress of this corrective program.

In planning our 1947 program, the greater cooperation of all citizens is needed along the following lines:

1. Correction of defects recommended by family physician and dentist
2. Better control of communicable disease through use of proven methods of immunization
3. Emphasis on health teaching in the schools

In June, under the auspices of the Local Red Cross of Piscataquis County, I attended the Convention at Philadelphia as a delegate of the Junior Red Cross with expenses paid, for which my thanks is extended.

Respectfully submitted:

Piscataquis County Health
& Tuberculosis Association

Respectfully submitted,

HARRY E. TURNER,

Night Officer.

WARRANT

To Irving C. Trufant, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said town, on Monday, the tenth day of March, A. D. 1947, at ten o'clock, Eastern Standard Time, in the forenoon, then and there to act upon the following articles, viz:

ART. 1 To choose a Moderator to preside at said meeting.

ART. 2 To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

ART. 3 To see if the Town will accept the report as printed.

ART. 4 To choose two Selectmen to serve for a term of three years and fill any vacancy in accordance with the Town Charter.

ART. 5 To elect a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

ART. 6 To see what sum of money the Town will vote to raise and appropriate for a Night Police Officer and the regulation of traffic.

ART. 7 To elect one member of the Board of Mothers' Aid for a term of three years.

ART. 8 To see how much money the Town will vote to raise and appropriate for Officers' bills and Miscellaneous Expenses.

ART. 9 To see how much money the Town will vote to raise and appropriate for General Government.

ART. 10 To see if the Town will vote to purchase bonds for the Treasurer, Deputy Treasurer, Tax Collector and Town Clerk.

ART. 11 To choose one member of the School Committee to serve for three years and fill any vacancy in accordance with the Town Charter.

ART. 12 To see how much money the Town will vote to raise and appropriate for Common Schools.

ART. 13 To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 14 To see how much money the Town will vote to raise and appropriate for High School Tuition.

ART. 15 To see how much money the Town will vote to raise and appropriate for text books for Common Schools.

ART. 16 To see how much money the Town will vote to raise and appropriate for General Administration of the elementary schools.

ART. 17 To see how much money the Town will vote to raise and appropriate for school telephones, lights, and water service.

ART. 18 To see how much money the Town will vote to raise and appropriate for repairs to school houses.

ART. 19 To see how much money the Town will vote to raise and appropriate for school supplies.

ART. 20 To see if the Town will vote to authorize the School Committee to appoint a School Physician in accordance with the provisions of R. S. Chapter 37, Section 52, and raise and appropriate for same.

ART. 21 To see how much money the Town will vote to raise and appropriate for insurance on school buildings.

ART. 22 To see how much money the Town will vote to raise and appropriate for interest on school funds.

ART. 23 To see if the Town will vote to authorize

the Selectmen to sell the Bear Hill and Norton Hill school houses to the highest bidders, and execute the proper transfer papers in behalf of the inhabitants of Dover-Foxcroft.

ART. 24 To see if the Town will vote to request the formation of a joint committee consisting of the superintending school committee and an equal number of the trustees of Foxcroft Academy, which joint committee shall have the powers and duties with respect to the administration of said Academy as are prescribed by Section 96 of Chapter 37 of the Revised Statutes, as amended.

ART. 25 To see if the Town will vote to authorize the School Committee to appoint a School Building Survey Committee, to work with the School Committee in a study of school building facilities in order to recommend improvements, at the next annual Town Meeting.

ART. 26 To see what sum of money the Town will vote to raise and appropriate for the services of a Public Health Nurse.

ART. 27 To see what sum of money the Town will vote to raise and appropriate for salaries of the Board of Health and the recording of Vital Statistics.

ART. 28 To see how much money the Town will vote to raise and appropriate for the care of the Public Dump.

ART. 29 To see what sum of money the Town will vote to raise and appropriate for Sewer Maintenance.

ART. 30 To see if the Town will vote to authorize the construction of a sewer on Davis Street from the residence of William Davis to the storm sewer on Union Street near the residence of Harold M. Hayes, and raise and appropriate money for same.

ART. 31 To see what sum of money the Town will vote to raise and appropriate for the construction and repair of sidewalks.

ART. 32 To see what sum of money the Town will vote to raise and appropriate for the general repairs of highways and bridges.

ART. 33 To see what sum of money the Town will vote to raise and appropriate for the purchase of snow fence.

ART. 34 To see what sum of money the Town will vote to raise and appropriate for the repairing of the Norton Hill Road from the residence of John Vulner to the Bangor State Highway.

ART. 35 To see what sum of money the Town will vote to raise and appropriate for the repair of the Steadman's Landing Road, so called, from Foxcroft Center to Steadman's Landing. The same to be spent under the direction of the Selectmen.

ART. 36 To see if the Town will vote to raise and appropriate a sum of money to improve the Lee Road, so called.

ART. 37 To see what action the Town will take regarding the construction of a bridge across the Piscataquis River at East Dover. The same to be built under the State Bridge Act, near the site of the present bridge, as recommended by the State Bridge Engineers following a hearing held Sept. 28, 1944.

ART. 38 To see if the Town will authorize the Selectmen and Town Treasurer to borrow a sum of money not to exceed twenty thousand dollars ($20,000.00) to pay the Town's share of the expense of building a bridge at East Dover as described in the preceding article, the money so borrowed to be repaid at the rate of two thousand dollars ($2,000.00) per year.

ART. 39 To see what sum of money the Town will vote to raise and appropriate for State Aid Road patrol.

ART. 40 To see what sum of money the Town will vote to raise and appropriate for State Aid Construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28 of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ART. 41 To see what sum of money the Town will

vote to raise and appropriate for the maintenance of Special Resolve roads.

ART. 42 To see what sum of money the Town will vote to raise and appropriate to treat the Village Streets against dust.

ART. 43 To see whether or not the Town will vote to enter into a contract with Central Maine Power Company for a term of ten (10) years, whereby, in consideration of the furnishing of street lighting service to the Town during the term of said contract, all as more fully set forth in the contract, copy of which has been presented to this meeting, the Town will pay for such street lighting service in accordance with the Company's municipal street lighting rate — contract basis.

ART. 44 To see what action the Town will take with reference to authorizing the Selectmen to execute and deliver the contract referred to in the preceding Article.

ART. 45 To see what sum of money the Town will vote to raise and appropriate for Street Lighting.

ART. 46 To see if the Town will vote to install a street light on Fairview Avenue, on the first pole east of the Bangor and Aroostook R. R. tracks.

ART. 47 To see if the Town will vote to install a street light off Lincoln Street near the residence of Kenneth Howard.

ART. 48 To see what sum of money the Town will vote to raise and appropriate for the support of the Mayo Memorial Hospital.

ART. 49 To elect a member of the Board of Trustees of the Mayo Memorial Hospital for a term of two years.

ART. 50 To see if the Town will elect, or authorize the appointment of, a Committee of five or more persons, to fully investigate as to the needs of the Mayo Memorial Hospital in the way of additional space and improved facilities and equipment; to prepare tentative plans and specifications of any addition deemed

necessary or desirable; to obtain estimates of the cost, information as to the availability of necessary materials, and such other pertinent information as may seem to the Committee to be desirable; and to make a complete report, with their recommendations, at a Special Town Meeting to be called upon the completion of their work.

ART. 51 To see if the Town will vote to raise and appropriate not exceeding the sum of two hundred dollars ($200.00) to be used, if necessary, by any Committee elected or appointed under Article 50 in carrying out its duties; or take other action thereon.

ART. 52 To see what sum of money the Town will vote to raise and appropriate for the Support of Poor.

ART. 53 To see what sum of money the Town will vote to raise and appropriate for Aid to Dependent Children and Committed Children (State Wards).

ART. 54 To see if the Town will vote to raise and appropriate a sum of money for Memorial Day and the decorating of Soldiers' Graves.

ART. 55 To see what sum of money the Town will vote to raise and appropriate for band concerts and other music.

ART. 56 To see what sum of money the Town will vote to raise and appropriate for the care of Cemeteries.

ART. 57 To see how much money the Town will vote to raise and appropriate for the repair of fences, around cemeteries where veterans are buried; for the repair of graves and markers designating the burial place of veterans; and cutting the grass on such graves during the summer season.

ART. 58 To see what sum of money the Town will vote to raise and appropriate for the repair of the tomb at Dover Cemetery.

ART. 59 To see if the Town will vote to close the South Dover school and convey the pupils of that school district to the village schools.

ART, 60 To see if the Town will vote to raise and appropriate the sum of twelve thousand dollars ($12,000.00), to cover the overdrafts in the Highway and Charity Departments in 1946.

ART. 61 To see what sum of money the Town will vote to raise and appropriate for Boys' and Girls' Agricultural Clubs within the Town.

ART. 62 To see what sum of money the Town will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 63 To elect one member to serve on the Executive Committee of the Thompson Free Library for one year.

ART. 64 To see what sum of money the Town will vote to raise and appropriate for Abatements.

ART. 65 To see what sum of money the Town will vote to raise and appropriate for advertising our natural resources, advantages and attractions under the provisions of Chapter 5, Section 82 of the Revised Statutes. Said money to be expended through the State of Maine Publicity Bureau.

ART. 66 To see if the Town will vote to authorize the Selectmen and Town Treasurer to make a temporary loan not to exceed forty thousand dollars ($40,000.00) in anticipation of taxes.

ART. 67 To see what action the Town will take regarding the sale of fireworks in the Town for the ensuing year.

ART. 68 To see what sum of money the Town will vote to raise and appropriate for interest on temporary loan.

ART. 69 To see what sum of money the Town will vote to raise and appropriate for repairs on Fair Grounds property.

ART. 70 To see if the Town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon on such terms as they deem advisable, and execute Quit Claim Deeds for such property.

The undersigned, the Selectmen of Dover-Foxcroft, will be in session at their office in Central Hall Building, Monday, the tenth day of March, A. D. 1947, at nine o'clock, Eastern Standard Time, in the forenoon, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said Town.

Given under our hands at said Dover-Foxcroft, this twenty-sixth day of February, A. D. 1947.

ARTHUR L. GILMAN,
GEORGE W. SANFORD,
J. ERIC LOVE,
WALLACE DOW,
ERVIN W. EDGERLY,
LYLE M. SNOW,
HIRAM A. BRAWN,

Selectmen of Dover-Foxcroft

A True Copy Attest:

Irving C. Trufant, Constable.

REPORT OF BUDGET COMMITTEE

To the Citizens of Dover-Foxcroft:

The Budget Committee submits the following list of recommendations relative to money to be raised at the 1947 annual town meeting.

Article

8	Officers' Bills and Miscellaneous Expenses	1,000.00
9	General Government	1,500.00
12	Support Common Schools	31,255.00
14	High School Tuition	26,020.38
15	Common School Text Books	1,000.00
16	General Administration Common Schools	2,500.00
17	Common Schools Telephones Lights and Water	750.00
18	Repairs to School Houses	2,000.00
19	Common School Supplies	1,500.00
20	School Physician	250.00
21	Insurance on School Buildings	550.00
22	Interest on School Funds	156.14
26	Public Health Nurse	600.00
27	Board of Health and Vital Statistics	400.00
28	Care of Dump	500.00
29	Sewer Maintenance	750.00
30	Davis Street Sewer	750.00
31	Construction, Repair of Sidewalks	1,000.00
32	Highways and Bridges	30,000.00
33	Purchase Snow Fence	1,000.00
34	Repairs, Norton Hill Road	750.00
35	Repairs, Steadman's Landing Road	1,000.00
36	Repairs, Lee Road	750.00
39	State Aid Road Patrol	2,389.30
40	State Aid Construction	1,791.00

41	Maintenance Special Resolve Roads	213.00
42	Tar Treatment	5,500.00
45	Street Lighting	3,300.00
48	Mayo Memorial Hospital	1,000.00
51	Mayo Memorial Hospital Committee	200.00
52	Support of Poor	3,500.00
53	Aid to Dependent Children	6,000.00
54	Memorial Day	100.00
55	Band Concerts—no recommendation	
56	Care of Cemeteries	1,000.00
57	Care of Veterans' Graves	300.00
58	Repair of tomb—no recommendation	
60	Highway and Charity Overdrafts—no recommendation	
61	Agricultural Clubs	75.00
62	Thompson Free Library	2,250.00
64	Abatements	500.00
65	Advertising Natural Resources	150.00
68	Interest on Temporary Loans	600.00
69	Fair Grounds	200.00
	Total	$136,449.82

In making the above recommendations which are considerably in excess of the amount raised by the town last year, the Budget Committee realizes that a substantial increase in the tax rate will result. These are only recommendations, based on careful study, and the final action on all appropriations rests with the voters of the town in their annual meeting.

The largest increases are in the School, Highway and Charity accounts. The Committee strongly urges that strict economy and utmost efficiency be observed by every department of the town government during

the coming year so that full value can be derived from every dollar expended and future overdrafts avoided.

Respectfully submitted,

C. A. RUNNALS, Chairman

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

LETTER OF TRANSMITTAL

To The Board of Selectmen and Citizens of Dover-Foxcroft:

It is with pleasure that I present the following report of the municipal affairs of the Town of Dover-Foxcroft. I believe that the improvement in the financial standing of the town and the favorable balances in the operating accounts of the town should meet the approval of the citizens and elected officials alike.

The results obtained during the past year could only be accomplished by the close cooperation of all officials and employees, aided by the moral support of a majority of the citizens. This support and cooperation has been generously given the writer at all times.

The series of articles published in The Observer contains any recommendations the writer would care to make at this time. These articles have been reprinted by The Observer in pamphlet form and will be available with this report. This is another instance of the willingness of the business firms of the town to assist the town government. It is much appreciated.

I also wish to express my appreciation and thanks for the cooperation of the members of the office staff, the highway crew and the other town employees. They have made my work easy and very pleasant during the past year. The Board of Selectmen are to be commended as an outstanding example, in my experience, of a governing board which confines its activities to the formulation of policy and makes no attempt to govern the details of the work. This is the very basis of the theory of the management form of town government, but few Boards of Selectmen follow the rule as consistently as the Dover-Foxcroft Selectmen. It has been a pleasure to work under the present Board.

Yours very truly,

FRANK T. ADAMS,
Town Manager

On the following pages is presented a summary of the income and expenditures in the most important operating accounts of the town. The purpose of this is to supplement the statements of accounts prepared by the auditors in condensed form.

The reader will note the use of the term "Other Credits" under the receipts in almost every case. In some instances this represents a transfer of credits by the State or some other town. For the most part it represents a transfer of credits from one account to another.

An example of this is in the highway accounts. In this case all expenditures have first been charged to the General Highways and upon the completion of a job, such as the Steadman's Landing Road, the appropriation for that account was transferred into General Highways. Another example of this practice was found in the Charity Accounts.

This practice of credit transfers was discontinued at the end of the fiscal year 1947-48, and in the future charges will be made against the appropriation for which they were made. This will eliminate considerable work and also prevent the artificial expansion of accounts. It should decrease the possibility of overdrafts caused by misinformation.

It is because of this practice of credit transfers that many of the highway accounts are listed as "Subsidiary Accounts". The expenditures listed under those accounts are also contained in the "General Highways and Snow Removal Account".

February 16, 1948

The Board of Selectmen,
Town of Dover-Foxcroft,
Dover-Foxcroft, Maine.
Gentlemen:

In accordance with your request, we have audited the accounts of the town of Dover-Foxcroft, Maine, for the year ending February 1, 1948. As part of our audit, we examined and tested the accounts and records of the town and reviewed the accounting methods in operation: we did not perform a detailed audit of all transactions. Our examination was made in accordance with generally accepted auditing standards and included all procedures which we considered necessary in the circumstances.

We herewith present our report, based upon our examination, together with the following exhibits:

Exhibit A Comparative Balance Sheet as at February 1, 1948 and 1947

Exhibit B Reconciliation of Treasurer's Cash Receipts and Disbursements in the General Fund for the Year Ended February 1, 1948

Exhibit C Analysis of 1947 Tax Valuation, Assessment, Commitment and Collection

Exhibit D Statement of Transactions in Departmental Accounts for the Year Ended February 1, 1948

Exhibit E Analysis of Change in Surplus for the Year Ended February 1, 1948

BALANCE SHEET COMMENTS

General Fund

Cash on deposit was reconciled with a certificate furnished by the bank. At the close of the year, cash on hand, exclusive of office funds, was determined to be deposited on February 2, 1948 and in the amount of $7,371.41. Cash in the office fund, exclusive of the hospital petty cash fund of $60.00, was verified by actual count. A segregation of obligated hospital funds as held by the town in the general checking account was deleted from the balance sheet in the amount of

$5,520.72. The $60.00 used as petty cash at the hospital is considered as part of the general fund and not otherwise. Had the same segregation of cash been made as of February 1, 1947, the general funds would have been overdrawn $492.29 as all available cash was obligated to the hospital fund; the operating cash position of the town has improved by $6,069.15.

No detailed circularization was made of tax receivables; we did, however, prove the assessment of 1947 taxes to the list as committed to the collector. The list of outstanding taxes was further compared with the collector's records. Tax liens, deeds, and sheriff's deeds were examined, with the exception of certain tax liens left with the town's attorney for collection (verified as being so held) and further reconciled with the ledger balance, costs have been added to and become a part of these balances.

Tax receivables, in the amount of $454.36, were charged off as uncollectible, with the further reserve of $1,077.74 recorded for possible additional losses.

Partial verification was made of outstanding accounts receivable. Bad debts on open accounts were charged off in the amount of $878.27 or $212.28 in excess of the reserve carried upon the books. A further reserve of $665.58 has been recorded in anticipation of future bad debts.

We examined the mortgage deed, securing the notes receivable, given to the town by Nora Bergoyne as security for welfare expenses.

Deferred charges represent one-third of the cost incurred on snow removal, from which reimbursement from the State is anticipated.

During the year bridge bonds for the East Dover Bridge were issued in the amount of $20,000.00; it was determined that the authorization for this issue was in accordance with the legal vote of the town at an annual town meeting. These bonds, numbered from 1 to 20 were issued on October 1, 1947 and mature serially at the rate of $2,000.00 per year commencing October 1, 1948 with the last maturity falling due on October 1, 1957.

Taxes for the year 1948 had been collected in the

amount of $200.00 and have been properly recorded as prepaid items.

The records of amounts withheld from employees have been examined and the liability as stated is believed to be correct.

The amount due trust funds, is the ministerial and school funds of the former towns of Dover and Foxcroft. In both of these municipalities the funds were not invested at the time of consolidation.

All known liabilities of the general fund had been recorded upon the books, with the exception of the amount due the State of Maine for aid to dependent children for the period ended December 31, 1947 for which an unexpended balance of $800.00 has been left open in the departmental accounts.

The total surplus of the town now stands as a net deficit of $302.62, as reflected by net departmental balances forward in Exhibit D together with the deficit as analyzed in Exhibit E. The deficit increased by $1,558.29 while the obligated departmental balances decreased by $12,516.28, a part of which is the result of deleting hospital operations and expendable trust fund income balances from the general fund.

MAYO MEMORIAL HOSPITAL

We did not audit the accounts of the Mayo Memorial Hospital other than as reflected by the departmental transactions. The hospital, therefore, reflects solely the cash now a part of the general checking account with a corresponding surplus. It is our opinion that all assets of the hospital, with the possible exception of trust funds, the income of which is expended under the direction of the selectmen, should be recorded together with any liabilities, reserves and segregated surpluses and be made a separate part of the funded balance sheet of the town. In the absence of any report of audit it is impossible to set up this fund in its true aspect.

Trust Funds

Previous to our examination, the sole trust funds recorded upon the books of account were for perpetual care of cemetery lots, the H. N. Spaulding fund and the ministerial and school fund, totaling all together $45,-

471.83. By examination of various wills, probate records and trust indentures, it was determined there were additional trusts, in the amount of $70,559.11, a part of which had been reflected as a departmental unexpended balance for the Mayo Memorial Hospital Free Bed Fund; this latter departmental account included not only its own income but other trust fund income intermingled, the source of which was not identified. All known trust funds for which the town has been made the trustees including new funds received during the year, together with their corresponding expendable income have been included upon the books and reflect a total trust resource of $120,-162.40.

Trust fund resources were verified by reports furnished by The Merrill Trust Co. as agency trustee of certain special funds and by certificates furnished by the depository banks for the amounts on time deposit. Cash on deposit was reconciled with certificates furnished by The Merrill Trust Co.

Trust fund balances consisting of expendable income and principal were reconciled with transactions in each individual trusteeship.

Departmental Operation Comments

We did not make a detailed audit of all departmental transactions; we did, however, analyze in detail transactions for the months of February and July, 1947. We completely footed cash receipt records and reconciled the results in detail, with the treasurer's account and verified the appropriation levies together with all other records of the town clerk pertaining to annual and special town meetings.

Despite the trend of increasing costs during the year, expenditures were more than held within voted tax levies and other available revenue. This favorable result was not due to exceptionally large appropriations made and not expended, in fact the unexpended balance for tomb repairs was carried forward as the expenditures, as so far made, did not complete the contemplated work to be done. From the appropriation for aid to dependent children, $800.00 was not lapsed in anticipation of invoices due for the three months period ended December 31, 1947, but not received at year

end closing. The unexpended balance of $480.00 in the special resolve maintenance account, however, was allowed to lapse as this reflects the accumulated appropriation of four prior years carried forward, against which no charges had been recorded, although undoubtedly expenditures had actually occurred but charged to other highway accounts.

General Comments

Excise tax receipts numbered 14,576 to 15,843 inclusive for 1947 and numbered 16,501 to 16,899 inclusive for 1948, have been added and the total found to be in agreement with the receipts as issued by the Treasurer. During the first part of the year only, more than one transfer of ownership was permitted, without the collection of the required fee, however, a test check indicates reasonably careful use of the collector's manual. A proportional part of the collections were paid to the water district, and the balance was credited to the general government account. This transfer was not authorized by vote of the town, but evidently anticipated in the general tax levy.

There has occurred within the year a general revision of your accounting practice which, at the beginning included many ledger accounts that were unnecessary. Within the highway accounts, however, there was insufficient segregation to identify all expenditures with corresponding voted appropriations, also construction accounts involving joint State and town funds were likewise intermingled, creating the need for subsidiary accounting not otherwise necessary.

Accounts involving trust fund income were separated from general fund operations. The attendant cash has likewise been segregated and cleared through its own checking account. The system now in use is adequate to maintain the identity of all individual trusteeships and all transactions therein.

Among the special funds it was determined that the trustees of the George J. Babson Fund, had requested of the Superior Court that they be relieved of their responsibility. By decree by the court six new managers of the fund were appointed, however, subsequent vacancies were not filled.

The ministerial and school fund was determined to have been used by the town prior to July 7, 1923. In the absence of elected trustees, the town clerk and town treasurer, together with the municipal officers, are the trustees, however, no records were found of any acts by this board. In the event that the town is eligible for school equalization funds, payment by the town, of interest at the rate of 6% as now annually appropriated, would be disadvantageous, as all income from trusts or endowments is deducted from this State allotment. It is recommended that this fund be invested in the same manner as are other special trust funds, and the annual interest appropriation be eliminated.

Invoices paid during the year, included charges of $1,029.50, for aid to dependent children and $996.05 for board and care for which the present administration was not charged. The invoice for highway patrol for the summer of 1946 had also been unpaid at year end closing, prior years appropriation, however, had not been lapsed but was insufficient by $68.00 to meet this obligation.

The separate account for lien costs and fees, being a true part of the tax lien balances, were found to be unsupported. This balance was adjusted to the extent of $69.60, and absorbed into the proper ledger accounts. Net charges to prior years' operation as set forth on Exhibit E, totals $4,068.91.

It has been the practice in prior years to appropriate the overlay as a credit to general government. In the absence of authority, for the use of tax monies other than voted or established by the State laws, this overlay has been credited directly to your surplus account.

Certificate

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying balance sheet, statement of surplus and statement of departmental income and expenses properly present the financial accounts of the town as of February 1, 1948, and the results of operations for the year ended that date, in conformity with the principles

of municipal fund accounting.

Respectfully submitted,

PAUL A. SMITH & CO.

Annual Report of Mayo Memorial Hospital

To the Chairman and Members of the Board of Trustees of the Mayo Memorial Hospital:

The following report of the work accomplished at the Mayo Memorial Hospital from February 1, 1947 to February 1, 1948, is submitted to you for your approval.

STATISTICS

Patient Service Data for Year ending February 1, 1948

Summary of Services rendered:	
Number of patients (excluding newborn)	
Remaining in Hospital at midnight Jan. 31,	
Admitted (excluding births)	718
Total treated	733
Discharged (excluding deaths)	703
Died (excluding stillborn)	16
Total discharged and died	719
Remaining in Hospital at midnight, Jan. 31, 1948	14
Total adult patient days of service rendered	5165
Daily average of patients (excluding newborn)	14.1
Newborn:	
Number of babies born (including prematures)	189
Stillborn	2
Prematures	9
Deaths (excluding stillborn)	6
Newborn (live babies) discharged	190
Total babies in nursery midnight Jan. 31, 1948	4
Total babies in nursery midnight Feb. 1, 1947	11

Total daily care to newborn	1608
Daily average of newborn	4.4
Patients classified by service:	
Medical	223
Surgical	157
Obstetrical	198
Dental	7
E and E	6
Nose and Throat	115
Orthopedic	12
Number of outpatient visits	530

Conclusion:

During the fiscal year we have made several improvements and installed equipment which has added greatly to the service of the hospital and the community. Listed are some of the improvements which may

be of interest to the citizens of Dover-Foxcroft.

1. The purchase by the Town Club of a new Armstrong Electrically heated humidifier Incubator for the nursery.

2. The purchase and installation of a Picker-Waite 100 M.A. "Century" X-ray unit.

3. Purchase of Dark Room Accessories, lead lined apron, gloves and screen for Fluoroscopy.

4. Installation of complete bathroom on third floor for help.

5. Purchase of Metabolism Machine.

6. Purchase of surgical dressing carriages for second floor.

7. Conversion of small private room into a Delivery Room.

8. Painting exterior of buildings.

9. Erection of fire escape.

A generous gift of four hundred fifty dollars ($450.00) by the Molasto Club will be used in the near future toward installing individual screening cubicles for each bedside unit.

In closing, I wish to express my sincere appreciation and thanks to the Board of Trustees, my entire Hospital Staff and all those who have served the Hospital in any way.

Respectfully submitted,

LILLIAN A. HERRING, R. N.
Superintendent,
Mayo Memorial Hospital

REPORT OF THE LIBRARIAN

Post-war years are cautious years during which the sober thought of evaluation of present conditions becomes more important; thus, the Library, in 1947, has taken stock of what it already has, seeking not so much to expand as to improve, rearrange and make more efficient its service to this Community.

Along this course, it has separated, classified and placed its Maine Section in its present position upon the shelves of the Memorial Room.

It has brought from the Stack-Room the complete Sections of Reference works, Science, Agriculture, Useful Arts, Fine Arts, Philosophy and Religion to the East Reading Room, pointing up these subjects, as it were, in the demand of native interests.

The checking of works of Fiction and non-Fiction against the files has continued, placing them, in the Dewey System, with closer classification to their subject.

It has diversified its Magazine Section into definite fields of interest, allying them, again, to the known demand of this particular Community.

And on the more ornamental side it has rearranged its appointments within, coupling with additions to its seating capacity, such comforts as reading lamps and an open fire in the fireplace of the Memorial Room, while without, the grounds have been landscaped, trees have been planted and a flagpole erected.

Correspondingly, there are indications, due to the trebled increase in the circulation of non-Fiction and the more serious works of Fiction, that the quality of books now being read by the Library's readers, is keeping pace with the times in which they are being read.

Consequently, by these acts of re-evaluation, the year 1947 has been spent in re-dedicating the Library to the Ideal under which it was conceived by its Founder, Dr. Elbridge A. Thompson, in 1897.

Respectfully submitted,

KATHERINE A. BEASLEY,
Acting Librarian.

CHARLES E. WASHBURN,
Town Clerk

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present this my first annual report of the public schools of Dover-Foxcroft, also the report of Mr. Thomas, Principal of Foxcroft Academy. The report of Miss Day, Music Supervisor, the report of Dr. Stitham, school physician, and the report of the school nurse, Nellie R. Gibbons, R. N.

I wish to begin my report with a few statistics of the schools that should be of vital interest to the people of Dover-Foxcroft. After these statistics have been compiled, written down and permanently recorded in the town report, I wish to use the rest of the valuable space alloted me in the town report for another purpose. Namely: to talk more about the future than about the past.

	Teacher	Years Exp.	Salary	Grade	Enroll. B.	Enroll. G.	Ave. Att. Fall Term
	GRAMMAR SCHOOL						
(a)	Cedric A. Hewes, Prin.	5	$2000	Grades 7 & 8	18	16	31.31

Dr. Linus J. Stitham		250	All Schools			

(a) Cedric A. Hewes was elected principal of the Dover Grammar School for the school year 1947-1948 to succeed Mr. Harold O. Doe.

(b) Mrs. Ruth L. Thomas is acting as substitute teacher in the Grammar school English Department. A regular teacher could not be secured for the position.

(c) Mrs. Christine L. Ratzell substituted for the fall term in this position, due to Miss Rollins' having an eye operation. Miss Rollins returned to start the winter term on January 5, 1948.

The traditional report of the Superintendent of Schools to his superintending School Committee deals principally with past problems and features that they are already well aware of. I wish to discuss briefly the modern trends in Education, point out to you the ways in which the present school system is attempting to meet these trends and finally recommend steps to be taken to best modernize the present school system. First to make my point clear, I will mention trends in two other familiar avenues of life. In medicine, the good old fashioned Country Doctor is becoming a thing of the past. In the old days when man used to have one or two ailments or diseases, there were one or two medicines to administer. The good old fashioned Doctor was all that was needed. Today man seems to have many more ailments or diseases. As a result, there is a definite trend from the so-called old fashioned Doctor to the Doctor who is a specialist in his chosen field.

In Agriculture or Farming, a similar trend is in evidence. Not too many years ago a person could go to most any farm home and purchase most everything that was possible to produce on and about the farm. Today we would have to find a dairy farm to buy our

milk, the eggs could be purchased at another farm, the potatoes at another farm, and so on through the line of agricultural products. A definite trend from the all round agricultural farm toward the farm of the specialist.

In Education there is a definite trend away from the "Little Red Schoolhouse", the "3 R's" as the whole curriculum, and the Rural teacher who was a master of the 3 R's by the teaching methods then in use. The trend is toward the consolidated school which is sufficiently large to allow room for all pupils. The building is well .heated, lighted and properly ventilated There are special rooms which would provide facilities for assemblies, physical education, vocational subjects and school lunches. The modern school curriculum is based upon the assumption that the "whole child comes to school" therefore in addition to the "3 R's" the curriculum must be broadened to meet the needs of the child. We should offer instruction and training in science, music, art, home economics, shop work, and especially physical education.

The teacher in the modern school has also changed to keep up with the trend in education. In the Elementary grades the greatest change has been in the teachers' method of presenting the subject matter, although in larger school systems we find special teachers of reading, and other basic subjects. In grades 7-8-9, the so-called Junior High School, we find a change in methods of instructing in the basic subjects as well as special teachers in special subjects. Also in the Senior High or Secondary School (Grades 10-11-12) the trend is toward the broadened curriculum with specially trained teachers in special subjects.

THE PRESENT SCHOOLS OF DOVER-FOXCROFT

There is evidence in the Dover-Foxcroft School system that the trend is toward the newer type of education. Namely, the Little Red Schoolhouse is fast disappearing out of the community. The pupils are conveyed to a central building; the curriculum has been broadened to include a beginning in music and art, but because of the lack of facilities, very little progress has been made with the vocational subjects, and physical education. The teachers are improving

themselves by professional study at summer schools and by extension courses.

However, there is much more to be desired before a successful transition can be made. First, and probably most important, before the change is complete, there must be radical changes made in the present school facilities. The buildings at the present are obsolete and inadequate for future needs. There is need for more rooms to accommodate the increased enrollment. Rooms to be used for the vocational subjects, assemblies, physical education and other activities.

The present curriculum needs to be broadened to include more special subjects, especially training in health and physical education, and finally our teachers need to continue their education by periodic attendance at summer school.

In as few words as possible, I have tried to describe your schools as I see them in the light of present day education. I believe that there is much good work being done in the schools, but in order to do the best work possible, there need to be many changes made, especially with the physical plants and the subjects being offered.

In conclusion, I wish to say that I have enjoyed the very busy few weeks that I have been working in your school system, and with your school personnel. I was fortunate in following a capable man, Mr. Anderson, the former Superintendent of your schools. His fine work during the past aided me greatly. I wish to thank all persons for their support and cooperation.

School Budget, February 1, 1948

Common Schools	$46,700.00
Interest on School Lands Fund	156.14
General Administration	2,900.00
School Physician	250.00
Insurance	1,000.00
Repairs	2,000.00
Total	$53,006.14

Respectfully submitted,

HAROLD E. CARSON

ANNUAL REPORT OF FOXCROFT ACADEMY

To the Joint Board of Foxcroft Academy:

I hereby submit my first annual report as Principal of Foxcroft Academy,

The fall semester of 1947-48 opened on Tuesday, Sept. 2, 1947, with an enrollment as follows:

	Freshmen	Sophomore	Junior	Senior	Special	Grand Total
Boys	30	33	24	22	1	
Girls	35	28	22	23	0	
	65	61	46	45	1	218
Left school to date:						
Boys	1	5	1	4	1 GI	
Girls	8	6	2	1	0	
	9	11	3	5	1	29

Present enrollment.....189

FACULTY 1947-48

Tillson D. Thomas, B.S. Principal
Ella M. Gerrish, M.A. English
Elizabeth J. Lehman, B.A. English & Spanish

F. Patricia Donovan, A.B. Social Studies
Lawrence J. Stewart, B.A. Social Studies & Coach
Dorothy W. Stewart, M.A. Commercial
Constance Day Music
Madelyn C. Betts Secretary to Principal
Harold C. Campbell Janitor

This year Foxcroft Academy opened with a student enrollment of 218 pupils and a teaching staff of twelve

full time teachers. Eight of the teachers, including the principal, were new members on the faculty.

One change in the curriculum was made, or rather integrated for the freshmen, in a course called "Home and Family Living." The purpose being to give the entering class a better chance to orient itself into the Academy and the community in which it lives; to give all the pupils an awareness of the importance of the home in the community; to give pupils first hand information in nutrition, health, applied sciences and home mechanics. It is handled by three teachers and is correlated with the vocational courses approved by the State Dept. of Education.

The shop program has been somewhat enlarged in order to give those boys taking shop a more diversified and pre-vocational program than could be offered under the industrial arts organization. In addition to the reorganization of the shop program to better fit the needs of the pupils, the building itself has been insulated and forced-air automatic oil burning heater has been installed to insure a better and more healthful temperature in the building. A new metal lathe and drill press have been added to the equipment.

In December we organized the first School Fair. This venture was an outstanding success not only financially but educationally. Aside from earning $800 for the activities of the school, it has helped to bring the students, parents and townspeople together in a sympathetic understanding of the needs of youth.

This fall under the leadership of Mr. Race and Miss Day the Academy band was organized with a membership of 25 students. It practices weekly and played at the football games. In order to help sponsor the program a Band Boosters Club was organized by parents and friends on an informal basis. This group has met several times to consider ways and means of furthering instrumental music in the Academy. A tag day was held in October and netted $130 to be used for uniforms and instruments. The Kiwanis Club gave $100 to be used for the purchase of uniforms.

Because it requires approximately $40 per uniform for each member of the band we have been unable to equip the group at this time. We hope however, to reach a solution to this problem before the year is

over.

With so few instruments available and so many youngsters eager to play, any townspeople who have unused instruments they would be willing to donate or loan the band, such would be most appreciated.

On behalf of the student body, the student council and faculty we extend a cordial invitation to the parents and citizens of Dover-Foxcroft to visit the Academy so that you may become acquainted with the program we are trying to carry out. We would like you to feel that it is your school and that you have a vital interest in it.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF THE MUSIC SUPERVISOR

To Harold E. Carson, Supt. of Schools:

I hereby submit my fourth annual report as Music Supervisor in the Dover-Foxcroft Schools.

During the past year the usual lessons in singing, theory, appreciation and instrumental playing have been given.

Song flute bands have been organized in the third grades this year instead of the fourth grades which now have violin instruction. A class of ten is studying this instrument. The fifth grades are at present very much handicapped by a lack of regular instruments on which to learn, as all school instruments are in use by upper grades. They are hoping that funds will be available so that more instruments can be purchased. This is essential to the continued growth of both the Grammar School and Academy Instrumental groups. According to statistics of pupils playing in each grade, in two years time there will be more members being graduated from the Academy than players entering to take their places. With the newly organized Academy band being handicapped at present by small numbers, the prospects for a first class band are not very bright. It should be emphasized that the most enthusiasm for learning to play is in the fifth and sixth grades where there are fewer outside activities to interfere.

The big event of the past year was the State Music Festival held in Bangor which was attended by the

Academy Orchestra and the best players from the Grammar School Orchestra. Many of these players had had less than two years experience, but nevertheless obtained a good rating. The Academy Girls' Glee Club also attended and obtained an excellent rating. These groups are now preparing for a County Festival to be held at Greenville before the State Festival.

There has been an increase in lessons in appreciation at the Grammar School due to the new victrola, and trips to the Bangor Symphony Concerts are being made as usual.

Special groups from the sixth and seventh grades and from the Academy entertained various clubs around the town at Christmas time and a program was given at the Academy Fair.. The usual Christmas programs were also presented in the various grades.

Many expressions of appreciation for the work of the music departments during the graduation were received and with the continued cooperation of the citizens and the teachers, an even greater service can be expected in the future.

Respectfully submitted,

CONSTANCE DAY,
Supervisor of Music

REPORT OF THE SCHOOL PHYSICIAN

To Harold E. Carson, Supt. of Schools:

I present herewith my report as School Physician of the Dover-Foxcroft Public Schools.

At the beginning of the school year and again after the Christmas recess, the school nurse and myself examined all children for communicable diseases. A relatively small number were found on both occasions and excluded from school until proper treatment had been instituted by the family physician. With excellent cooperation of the teachers who called our attention to all suspicious cases throughout the school year, contagious diseases have been kept to a minimum.

May I emphasize here that the incidence and spread of communicable diseases in our schools is directly proportionate to the willingness of the parents to secure prompt medical attention for the children, and strict

observance of the rule requiring them to secure a slip from the physiciian in attendance certifying them free of contagion in cases of absence of five days duration.

Routine examinations of the grammar school and academy students were made during the fall. With the exception of those students engaging in sports, this is at best a cursory examination with only the more obvious defects such as infected tonsils and poor dentition noted. In the future I would suggest a more thorough examination be given the students in alternate grades, with the sub-primary to be examined yearly.

The primary function of a school physician and nurse in these examinations is to call to the attention of the parent physical defects in their children. To the parent belongs the responsibility of instituting correction in remedial conditions. From the records it would appear that more attention should be paid by the parents to these defects.....particularly those of a dental nature.

In February we plan to offer schick tests with diphtheria immunization to those found positive, if their parents so desire.....also whooping cough immunization to the sub-primary and first grades. When diseases such as whooping cough, diphtheria and small pox can be either prevented or substantially lessened in severity by proper immunization, it would seem imperative that parents either have their children immunized by their family physician, or avail themselves of school or summer health clinics.

Dover-Foxcroft is indeed fortunate in having the services of a school nurse so well-trained and so conscientious in the performance of her duties as is Mrs. Gibbons.

I have enjoyed the opportunity of serving as school physician, and wish to express my appreciation to the School Board, Mrs. Nellie Gibbons, R. N., to all the teachers, and to youself for the ready assistance given me during the past year.

Respectfully submitted,

LINUS J. STITHAM, M. D.,
School Physician

Report of the School Survey Committee

NOTICE

The School Survey Committee wishes to disclaim all responsibility for any statements which have been made or may be made by any person, which are contrary to the text of this report.

W. A. Richardson, Chairman.

At town meeting last year the School board was authorized to appoint a Building Survey committee to work in conjunction with them in determining the immediate and future needs of our school system.

This report represents the studied opinions and conclusions of the Building committee and the School board. Based on an actual study of our present school plant, its physical condition and its ability to fill the present and future needs of the community for the education of our children.

This problem is today being faced by thousands of towns and cities the country over and the decisions reached and action taken will vitally affect the education of our children for the next 50 years.

For this reason, we believe it is to the advantage of the town and all its people to give thoughtful consideration to this report so that a program based on the resolutions contained in this report may be developed.

Shortly after your committee was organized we invited William Bailey, State Deputy Commissioner of Education, division of planning and research, to inspect our school system and discuss its ability to provide modern education required by today's standards. His criticisms presented herewith were made at our request.

1. Our buildings provide only a series of classrooms of different values.
2. The lighting system is not too good.
3. Toilet facilities are not properly ventilated or lighted and should not be in the basement.
4. Teachers could do more efficient work in more space.
5. Lack of assembly room and special activities rooms.
6. The buildings are not designed properly for further additions.
7. With the exception of the Grammar school they are fire hazards because they are 2 story wooden buildings, a type of construction not now permitted.

Questioned regarding the increase in school population, he stated that enrollment is up 10 percent and that recent increases in the birth rate will only allow 5 years to plan for the maximum influx of students.

At first your committee was not sure how much scope our survey should cover and it was decided to invite several members of the Trustees of Foxcroft Academy to meet informally with us to discuss and decide if we were to confine our thinking to the elementary schools or must include the high school problem also. As a result of these meetings we were convinced that our problem did not need to go beyond the elementary school system.

The school census, taken by the school board this month indicates that the present overcrowded condition of our schools may be expected to continue. This means that rooms which under normal standards should have only 25 students, may have to accomodate up to 37 as at present. This is not a healthy condition and makes it difficult for the teachers to provide a full educational program.

Your committee realizes the burden on all taxpayers but nevertheless feels that the time has come when we must consider our future citizens. Good citizenship and education go hand in hand and we may well measure their future usefulness to this town and country by our ability to provide adequate educational facilities.

After serious and lengthy consideration of the problem your committee presents the following resolutions.

Resolved:

That our present school plant parts of which date back to 1873 have become obsolete and entirely inadequate to properly house and educate our children in relation to the demands of modern educational standards.

That extensive additions to the present plant are not in the best interests of providing modern education, and would not represent a long term economy of operation.

That the present plant with the exception of the Grammar school represents an inadequate collection of one room schoolhouses built around a furnace and very inferior toilet facilities.

That the overcrowded condition of the schools is presenting a difficult problem for the teachers and makes proper presentation of the school program difficult.

That special activity rooms, considered vital in present day teaching are not now available. This includes teachers' rooms, lunch room, offices, assembly space, opportunity room and space for physical education.

That the present sites do not provide sufficient land area according to present day standards for our student body.

That we believe a new Consolidated Elementary School of fireproof construction, incorporating features deemed by study, to be necessary for an adequate program be undertaken.

That expenditures on the present plant be held to a minimum and no major alterations be undertaken so that the taxpayers' dollars may be used in the development of the new building program.

That the Selectmen be authorized to appoint a committee of 5 citizens who in conjunction with the School board represent a Building committee.

That this Building committee be authorized to procure plans for a consolidated elementary school and obtain a suitable site for same.

That the town raise and appropriate a sum towards carrying out the preceding proposal.

We the undersigned reccommend these resolutions to the serious consideration of the town's people.

The future education of your children may be vitally influenced by your action relative to this report.

Respectfully yours,

William A. Richardson, Chairman
Marion T. Van Aken
Henry T. Gerrish
Harold M. Hayes
Harold E. Carson
Matthew Williams
Arnold T. Gellerson
Rozilla M. Roberts
Martha Green
George W. Warren

ANNUAL REPORT FOR DOVER-FOXCROFT JANUARY 1 TO DECEMBER 31, 1947 BUREAU OF HEALTH NURSING SERVICE

Each community in Maine has a new challenge for 1948. The birth rate for the state has steadily increased. Although during the past year some steps were taken to improve health in Dover-Foxcroft much remains to be done to provide a healthful environment in which these new babies may grow and develop.

As in past years home visits were made to expectant parents, and those with infants and pre-school age children to help with their health problems and to establish good health habits. The services of the Pediatric and Crippled Children's Clinics were made available to the children of Dover-Foxcroft.

Cooperating with the local physicians and health officer work has been done in venereal disease control and other communicable diseases.

A program that has meant valuable health protection for the infants and pre-school age children of Dover-Foxcroft is the Child Health Conferences. It is to be hoped that more mothers will take advantage of these another summer. The following is the report of Mrs. Marion Murch, the Chairman of the Child Health Conference committee:

"A series of four Child Health Conferences were held at the Baptist Church Vestry during the summer months. There were 90 conference visits. Twenty children completed their Diphtheria immunizations, 19 Whooping Cough, 14 Tetanus and 17 Smallpox.

"Doctors L. J. Stitham and Francis W. Bradbury were the conference physicians. They were assisted by Bureau of Health and volunteer nurses. The Home Demonstration Agent served as nutritionist.

"These Conferences were sponsored by the Junior Cosmopolitan Club. Mrs. Marion Murch and Mrs. Barbara Howard were Co-chairmen, and were assisted by all the club members."

The health program in this town would be greatly strengthened by the aid of a local Health Council. Dover-Foxcroft would benefit more from the services of the Public Health Nurse if a group of interested citizens could meet with her and plan a community

wide health program.

Respectfully submitted,

EILEEN THOMAS,
Bureau of Health,
Public Health Nurse

REPORT OF COUNTY NURSE

To the citizens of the Town of Dover-Foxcroft, I submit a report of the Service rendered the Town by the Piscataquis County Health and Tuberculosis Association for the period from January 1, 1947 to December 31, 1947.

Tuberculosis prevention still constitutes a major part of the program, with case finding, isolation of known cases, rehabilitation, and education of the patient and his family regarding tuberculosis. To prevent the further spread of the disease all active cases should be known, put under medical supervision and taught regarding the methods by which infection of others can be prevented. The unknown case constitutes a major community health problem and community effort is directed towards finding the unknown case. All contacts of known active cases are given opportunity to have an x-ray and necessary examination through regular diagnostic clinics provided periodically by the State Division of Tuberculosis Control.

Rehabilitation

It is now being regarded as an integral part of treatment. It concerns restoration of the tuberculosis patient to his normal working capacity or to that degree of working capacity which is within the confines of the patient's physical limitations. Patients ready for Vocational Rehabilitation are referred to the State Department of Education for this service.

Statistical Report

No. of Tuberculosis tests given	492
No. of reactors	10
New cases admitted to Service	2
Admissions to sanatorium	2
Patients taken to Fairfield for recommended x-ray	8
No. x-rayed at Greenville	2

No. x-rayed at Newport (clinic)	2
No. x-rayed at Dover-Foxcroft (clinic)	436

Industrial surveys were provided through our Health District and State Division of Tuberculosis Control. Number of x-rays from Mayo and Brown Mills—296. Literature: "Why X-ray", and "After The X-ray, What?" were made available to all who were x-rayed.

Unclassified

Staff conferences attended	8
Special meetings	5
Number of homes visited	22
Number of children taken for refraction of vision	5
Office interviews	10
Investigation visits	4

School Health Service

Assistance of the nurse was given Dr. Stitham, school physician, in making annual health examinations.

No. of pupils examined	800
No. with defective vision	8
No. with defective teeth	204
No. with enlarged glands	89
Rheumatic fever and cardiac defects	4
Poor posture	6
Pupils with symptoms of nervous condition	5
Defective speech	6

Hearing Conservation

Audiometer test given	136
Defective hearing	21
Recommended re-test	12

Crippled Children

Assistance is given to the Crippled Children's Program by home and follow-up visits and in helping the family to secure needed help in having corrections made.

Dental Service

This service is planned for February. The Town Club sponsors the dental service; the schedule will provide weekly clinics. L. V. Robbins, D. D. S., will do mass examination, and recommended corrections.

The association is deeply grateful for this contribution to our correction program.

The Annual Meeting was held at the Legion Hall in May with a good attendance. A dialogue "Farmer Brown Receives Some Education About the Christmas Seal" was put on by pupils from North Street School. Postmaster and Clerk from the fifth grade of Pleasant Street School.

Christmas Seals

The window display at Koritsky's store attracted much attention this year. Health literature and posters were displayed. The exhibit depicted the benefit of the Christmas Seal to the community.

I wish to thank the Superintendent of Schools and citizens, teachers and pupils for their cooperation in supporting the community health program.

Respectfully submitted,

Piscataquis County Health
& Tuberculosis Association
By: NELLIE R. GIBBONS

REPORT OF HEALTH OFFICER

There have been reported to me this past year:

47 cases of measles
23 cases of chicken-pox
4 cases of pneumonia
3 cases of mumps
3 cases of tuberculosis

I have also made twenty-eight house calls for the purpose of quarantining and correcting unsanitary conditions. Please report all communicable diseases and unsanitary conditions to your local health officer for the protection of all.

Respectfully submitted,
LEIGH D. HEATH,
Local Health Officer

REPORT OF NIGHT OFFICER FOR 1947

Doors of business places tried each night	198
Doors found unlocked and cared for	240
Lights reported out	36
Calls on siren	24
Vagrants given lodging	14
Motor vehicle accidents investigated	12
Disturbances investigated	9
Arrests made	10

Respectfully submitted,

HARRY E. TURNER,

Night Officer.

ANNUAL WARRANT

To Frank T. Adams, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified by law to vote in town affairs, to assemble at Central Hall in said town on Monday, the eighth day of March, A. D. 1948, at seven o'clock in the afternoon, Eastern Standard Time, then and there to act upon the following articles, Viz:

Art. 1 To choose a moderator to preside at said meeting.

Art. 2 To act upon the report of the town officers as printed.

Art. 3 To elect and fix the compensation of elective town officials in accordance with the town charter, as follows:

A. For a term of one year;
 Town Clerk
 Town Treasurer
 Member of Executive Committee of Thompson Free Library.
B. For a term of two years;
 One Mayo Memorial Hospital Trustee.
C. For a term of 3 years;
 Three Selectmen, Assessors, and Overseers of the Poor
 One Member of the Board of Mother's Aid
 One Member of the School Committee
D. Any other elective officers required by law.

Art. 4 To see if the town will vote to raise and appropriate a sum of money for the administration of town affairs during the ensuing year, as follows:

A. Town Manager
B. Town Office
C. General Government
D. Elections
E. Clerk and Treasurer

F. Central Hall

Art. 5 To see if the town will vote to raise and appropriate a sum of money for the protection of persons and property, as follows:

A. Police Department
B. Street Lights

Art. 6 To see if the town will vote to raise and appropriate a sum of money for health services and sanitation, as follows:

A. Public Dump
B. Sewer Maintenance
C. Sewer Construction
D. Board of Health and Vital Statistics
E. Public Health Nurse
F. Mayo Memorial Hospital

Art. 7 To see if the town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways, and bridges, as follows:

A. General Highways
B. Snow Removal
C. Surface Treatment
D. Street Cleaning
E. Sidewalk Construction

E. Tax Abatements

Art. 12 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

A. Interest on Temporary Loans
B. Interest on Bonded Indebtedness
C. Retirement of Bonded Indebtedness

Art. 13 To see if the town will vote to authorize the Selectmen and Treasurer to procure a temporary loan or loans in anticipation of tax collections during the ensuing year, in accordance with the provisions of Section 96, Chapter 80, Revised Statutes of Maine, as amended.

Art. 14 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

Art. 15 To see if the town will vote to accept the provisions of the Maine Workman's Compensation Act, Chapter 26, Revised Statutes of Maine of 1944, as amended.

Art. 16 To see if the town will vote to accept the provisions of Sections 46 to 60 inclusive, Chapter 80,

Revised Statutes of Maine of 1944, relative to the election of town officers by secret ballot, and pass all necessary votes respecting the same.

Art. 17 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for non-payment of taxes, or by mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the town.

Art. 18 To see if the town will vote to fix a time when taxes shall become due and payable and will vote to make any discount on taxes paid at such time or times as it may determine, and if so, what percent; also fix a time and rate of interest to be added upon taxes unpaid, and pass all necessary votes respecting the same.

Art. 19 To see if the town will vote to authorize the Selectmen to establish a special account to be known as the Equipment Account, for the purpose of providing for the orderly replacement of present highway equipment, and to pass all necessary votes respecting the prudential and financial management of the same.

Art. 20 To see what action, if any, the town will take concerning the regulation and control of traffic and parking upon the streets of Dover-Foxcroft, and pass all necessary votes respecting the same.

Art. 21 To see what action the town will take respecting a survey of the real estate in the town of Dover-Foxcroft for the purpose of tax equalization, and pass all necessary votes respecting the same.

Art. 22 To see what sum of money the town will vote to raise and appropriate for the purchase of land for a new town dump, and to authorize the Selectmen to select the location thereof.

Art. 23 To see if the town will vote to authorize the Selectmen to appoint a Committee of Five, who with the School Committee shall constitute a building committee to procure plans for an elementary consoli-

dated school, and to acquire land suitable for the elementary school site.

Art. 24 To see what sum of money the town will vote to raise and appropriate for the purposes enumerated in the preceding article.

Art. 25 To see if the town will vote to raise and appropriate a sum of money for the construction of a sewer from the home of Kenneth Burtchell on Lancaster Avenue.

The undersigned, the Selectmen of Dover-Foxcroft, hereby give notice that they will be in session at their office in Central Hall Building, Monday, the eighth day of March, A. D. 1948, at nine o'clock in the forenoon, Eastern Standard Time, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said Town.

Given under our hands at said Dover-Foxcroft, this twenty-fifth day of February, A. D. 1948.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

LETTER OF TRANSMITTAL

To The Board of Selectmen and Citizens of Dover-Foxcroft:

During the past several months that I have served you as Town Manager, it has been my privilege and pleasure to learn a great deal about the Town, its government, and its people.

It has been my endeavor to analyze each department and utilize existing facilities, making improvements where deemed advisable under conditions encountered. This shall be my policy as long as I am your manager.

The excellent advice given by the selectmen, and the fine cooperation of the office staff, Highway crews, and other boards have made my duties very pleasant, and I wish to express my sincere appreciation.

Respectfully Transmitted,

LAURENCE A. PEABODY

Town Manager

TOWN MANAGER'S REPORT

Police

During the course of the year, parking meters were installed for the purpose of controlling parking of cars on our streets, at the time of installation, a day police officer was added to the force. I believe our traffic control has improved and will improve from year to year. The police officers are to be commended on their fine appearance and attention to duty.

Health and Sanitation

The Board of Health and the health officer have had several difficult cases during the year, in most parts, these have been solved satisfactorily, in accordance with state laws and existing town ordinances. Through the cooperation of the users, the town dump has improved in appearance and access for the public during the year, but the rodent menace still exists.

The public health nurse has been very active and progressed very favorably with the established health program.

The hospital has been very well managed and shows a fine financial standing. The need of additional room still exists.

Welfare

A comparison of figures would indicate that our total charity cost was about $5,000.00 less this year than last, some of this comes about by the fact that board and care of children is now paid by the state. The town welfare cases cost about the same as last year, with a small drop in those serviced by this town for the state and other towns, making this apparent decrease. All indications point to an increase in welfare for the year 1949.

Highways

The year 1948 has been very favorable insofar as maintenance of highways is concerned.

We have been able to give adequate service and still not have any serious overdrafts.

The unimproved road money was spent on the East

Dover road (Essex Street extension), and application of gravel and ditching of about one-half mile was completed.

The State Aid money was spent to complete the East Dover road to Sebec and the balance was spent on Park Street extension.

One bridge was rebuilt and many others planked and repaired, culverts were installed and repaired, as far as funds were available.

Additional salt was purchased for the winter of 1948-49 with the aim to give the traveling public safe ice free roads.

Some sidewalk was built on East Main Street, North Street and Lincoln Street.

Finances

The financial picture has improved during the year, at year's end, all current bills have been paid and an adequate cash balance to carry through the first part of 1949.

Respectfully submitted,

LAURENCE A. PEABODY,
Town Manager

CRC

AUDITOR'S REPORT

February 18, 1949.

Board of Selectmen,
Dover-Foxcroft, Maine.
Gentlemen:

In accordance with your request, we have audited the general and trust fund accounting records of the Town of Dover-Foxcroft, Maine, for the year ending January 31, 1949; have examined records of the town clerk affecting accounting procedure and the administration of the town. We did not perform a detailed audit. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We herewith present our report, based upon our examination, together with the following exhibits:

Exhibit A Comparative General Fund Balance Sheet as at January 31, 1949, and February 1, 1948.

Exhibit B Comparative Trust Fund Balance Sheet as at January 21, 1949, and February 1, 1948.

Exhibit C Analysis of 1948 Taxes for the Year Ended January 31, 1949.

Exhibit D Statement of Transactions in Departmental Accounts for the Year Ended January 31, 1949.

Exhibit E Analysis of Change in Deficit to Available Surplus in Resources for the Year Ended January 31, 1949.

SCOPE OF AUDIT

Cash on deposit, in the general and hospital funds, has been reconciled with certificate furnished by The Merrill Trust Company. Funds in the town office of $100.00, and in the school superintendent's office of $25.00 was determined by count of cash and paid vouchers; $35.00 recorded as held by the Mayo Memorial Hospital was not verified. Cash on deposit, in the parking meter account, was reconciled with confirmation furnished by The Merrill Trust Company; undeposited cash was determined by actual count. The equipment account, placed on time

deposit, has been verified by certificate furnished by the depository bank. All cash recorded as received and disbursed has been reconciled to the date of our examination.

Accounts receivable have been determined from examination of departmental and other transactions of the current year, and further included unsettled balances of prior years. A reserve for a possible loss in accounts outstanding for more than one year, is believed to be adequate.

The tax assessment for 1948 has been proved and compared with the collector's commitment; detailed circularization of outstanding balances has not been made, but test check is in process. Outstanding balances for the years 1938 to 1944 inclusive, were charged off. A reserve for further loss that may be incurred is believed to be adequate. Excise tax receipts numbered 16,899 to 18,136 inclusive for 1948 and numbered 12,001 to 12,265 inclusive for 1949, were added and the total found to be in reconciliation with the receipts issued by the treasurer; of the total collection, $798.58, has been paid to the Water District, and the balance of $11,290.49, has been credited to the available surplus in resources.

Tax liens for 1947 were examined; costs and interest to the date of recording forms a part of the reconciled ledger balances for all years. All tax liens, on which the period for redemption has expired, have been consolidated, together with subsequent unmatured liens and tax assessments pertaining to the same property, to form an account for tax acquired town property. This account was not set up until the close of the year, therefore, no sales have been recorded. All tax liens, tax deeds and sheriff's deeds considered unenforceable, have been charged to the uncollectible reserve.

The town owned real estate combines the transactions of the current and prior years pertaining to the former Bourgoyne property, including the notes receivable secured by mortgage deed. This account retains the identity of the current expenditures for the purpose of making the property more marketable, as it is intended to be sold, and not to be considered a capital account.

Pauper claims pending are for supplies furnished for the benefit of Maud Warren. At the close of the year her place of settlement, if any, had not been definitely acknowledged.

Accounts payable have been determined by examination of departmental and other transactions. Amounts withheld for federal income tax had been placed on warrant for payment. Records of amount withheld for Maine Employees' Retirement were believed to reflect the true liability. Due to delay in receipt of the invoice, charges for aid to dependent children for the three months period ended December 31, 1948, were unpaid. Pauper charges pending were not included in accounts payable because charges for certain items, which were furnished by the City of Belfast as supplemental aid to dependent children, may be adjusted.

The amount due to trust funds is the ministerial and school fund used by the town.

During the year $2,000.00 of the serial bond issue for bridge construction have been unretired; the cancelled bonds have been viewed by us and the interest requirements reconciled with the payments.

Reserves have been set up for the parking meters, for equipment rental apparently within the meaning of Article 19, as voted at the 1948 annual town meeting, and for the Mayo Memorial Hospital cash intermingled with the general checking account.

Continuing appropriations are for educational purposes, and for the cemetery tomb repairs considered to be a specific project.

Trust fund resources have been compared with reports furnished by The Merrill Trust Company in its capacity as agency trustee, verified by certificates furnished by the depository banks for all amounts on time deposit and the cash in a segregated checking account reconciled with a certificate furnished by The Merrill Trust Company.

Trust fund balances, consisting of expendable income and principal, were reconciled with the transactions in each individual trusteeship. New funds received during the year were the Eugene S. Favor fund for the benefit of the Thompson Free Library and the Ellen M. A. Johnson fund for the benefit of the Mayo Memorial Hospital. Not all income for the benefit of the library was received in, and disbursed from, the town funds; a part was reported by the agency trustee as transmitted directly to the treasurer of the library.

MAYO MEMORIAL HOSPITAL

We did not audit the accounts of the Mayo Memorial Hospital other than as reflected by the departmental transactions. The hospital account, therefore, reflects solely the cash now a part of the general checking account with a corresponding reserve. It was observed that there was disbursed from the checking account the sum of $3,500.00, which was traced to a time deposit, in the name of the hospital, but not in the name of the town. This bank account reflects deposits for the years 1941 and 1942 and at the date of our examination, including the deposit previously stated and the accrued interest, totals $7,329.41. The purpose of this segregation or records of this special account were not disclosed on reports made available to us.

COMMENTS

We did not make a detailed audit of all transactions, we did however, test check invoices in support of warrants issued for expenditures. We completely footed cash receipt and disbursement records in the cash account, and compared the results with the treasurer's records. We verified the appropriation levies together with all other records of the town clerk pertaining to administration and accounting procedure.

The overdraft for snow removal was attributed in part, to weather conditions that although somewhat favorable to a contractor for plowing, were not favorable where the cost of sanding is assumed by the town. The state's share in the cost was accounted for according to cash received, and no credit was taken for accruals as had been a customary practice; the former deferred charge of $933.08 was thereby eliminated. Either method is considered proper but the cash basis is in much more general use. For the past year, therefore, a large share of the overdraft was due to the change in method of accounting.

The minor overdraft in state aid construction, could by request of the town, but not otherwise, be considered as chargeable to, and in part recovered from, future joint funds; although recorded as a lapsed balance, it could properly be recorded as continuing.

According to records furnished by the State Highway Commission, the only other highway allotment available during the year was in the town road improvement fund.

Overdraft in this account is inevitable because the town is obligated for local material used.

A deficit in general fund resources of $10,000.60 as at February 1, 1948, has changed to an available surplus in resources of $8,799.29 as at year end closing, a gain of $18,799.89. This favorable change is believed due to a careful appraisal of requirements and strict control of expenditures where possible, the operating accounts reflecting an unexpended balance of $77.86. The excise taxes were unappropriated and therefore contributed very substantially to the gain. The cash position has changed from being less than the obligated continuing appropriation to a modest surplus. In appraisal of the present cash on hand, however, the extent of the encumbrance for continuing appropriations should be fully considered.

CERTIFICATE

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying comparative balance sheet, statement of transactions in departmental accounts, and analysis of change in surplus properly present the financial condition of the town as of January 31, 1949, and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting.

Respectfully submitted,

PAUL A. SMITH & CO.,
Public Accountants.
By: W. C. WHEELER.

MAYO MEMORIAL HOSPITAL

Statement of Operations

Year Ending Janaury 31, 1949

Balance	$12,711.35
Transferred to Deposit Merrill Trust Co., Dover-Foxcroft, Maine. Passbook No. 4315	7,329.41
Unexpended Balance January 31, 1949	*$5,381.94

Note*

This amount is included in the Town Treasurer's General Cash Fund.

Conclusion:

During the fiscal year various improvements have been made, some of which are listed below:

1. Installment of cubicle screens around patients' beds.
2. Installation of scrub sinks in Doctors' Scrub Room.
3. Installation of automatic washer and dryer in laundry.
4. Installation of new set tubs in laundry.
5. Installation of new developing tank in X-Ray darkroom.
6. Installation of twin overhead operating room light.
7. Purchase of a new desk for office.
8. Replacement of twelve lift-up beds with standard crank beds.
9. Purchase of safe.

In closing, I wish to express my sincere appreciation and thanks to the Board of Trustees, my entire Hospital Staff, the Medical Staff, and all organizations and individuals who have served the Hospital in any way.

Respectfully submitted,

LILLIAN A. HERRING, R. N.
Superintendent
Mayo Memorial Hospital

THOMPSON L. GUERNSEY, Treasurer

REPORT OF THE LIBRARIAN

A total of 17,429 books and periodicals were circulated by the Library from February 1, 1948 to February 1, 1949. Of these, 12,518 were fiction and the remaining 4,911 non-fiction and periodicals. The Library has added 381 volumes this year, of which 27 were gifts. Of the books purchased, 226 were fiction—140 juveniles and 86 adult: 103 were non-fiction, including a set of 30 Encyclopedia Americana. Twenty-five Maine books were purchased.

A few slight changes have been made in the periodicals, a few of the less popular having been replaced by more widely read types. At present we subscribe to 44 periodicals and 9 newspapers, of which 8 are dailies.

Gift books have been received from Miss Isabel Buck, Mary Linn, Marie Conradson, Lyman K. Lee, Doubleday and Book-of-the-Month Club.

Since November a story hour has been conducted Saturday forenoons for the children of the Sub-primary through the Third Grade. Mrs. Arnold Gellerson has charge of the story hour and has been assisted by Mrs. Lewis Roberts and Mrs. Virgil Warren. Several of the children have won Library buttons for reading ten books. Much interest has been shown by the children in both the story hour and the books at their disposal.

In October the Library celebrated its fiftieth anniversary with a tea in the library rooms. Mrs. Victor Warren and Mrs. Eliza Waterman poured. Booklets on the history of the Library were distributed at that time. These may still be obtained at the librarian's desk.

ANNIE F. LINN,
Librarian

CHARLES WASHBURN,
Town Clerk.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I am pleased for the opportunity to present this my second annual report on the Dover-Foxcroft public schools along with the report of Principal Thomas of the Academy, Miss Day, the music supervisor, Dr. Stitham, the school physician, and Mrs. Gibbons, R.N., the school nurse.

The following table lists the statistics of each school at the close of the fall term, December 18, 1948.

Teacher	Years Exp.	Salary	Grade	Enroll. B. G.	Ave. Att. Fall Term
GRAMMAR SCHOOL					
Cedric A. Hewes, Prin.	6	$2300	7 & 8	15 13	23.74
Bernice W. Sterling	30	1800	7 & 8	17 10	24.85
Hazel S. Parker	14	1700	7 & 8	14 14	25.86
Ruth L. Thomas	7	1800	7 & 8	16 13	25.41
Georgianna Crockett	20	1800	6	19 16	32.38
Harriett N. Ladd, Dean of Girls	21 32\|36	1950	6	20 16	34.12
PLEASANT STREET SCHOOL					
Ava F. Goff, Prin.	36	1900	5	11 16	25.04
Effie D. Bolton	25 2\|3	1800	4	14 17	29.41
M. Jeanne Pratt	16	1900	3	16 14	27.99
Doris R. Hathorn	30	1725	2	17 15	30.40
Corinne Johnson	19	1800	1	14 15	26.49
Marion A. Doore	16 1\|3	1750	Sub.	18 10	23.58
NORTH STREET SCHOOL					
Mildred A. Hewett	25	1775	5	16 11	24.74

SECRETARY TO SUPERINTENDENT			
Wanda Jane Wiley	9 1/2	1750	Superintendent's Office
SCHOOL PHYSICIAN			
Dr. Linus J. Stitham		250	All Schools

New teachers in this system beginning their work in September, 1948, were Dorothy Tourtilotte, North Street, Sub-primary; Georgianna Crockett, Grade 6, Grammar School building; and Hazel Parker, Grade 7, Grammar School. Other teachers in the system in new positions include Ola Blood, Principal and Second Grade, North Street; Martha Green, First Grade, North Street; Dorothy Clark, First Grade, North Street; Doris Hathorn, Second Grade, Pleasant Street; and Harriett Ladd, the Dean of Girls, Sixth Grade, Grammar School building. I am pleased to report that the teachers are doing very good work in the schools. Much credit is due the teachers for their interest in their work which is demonstrated by their desire to improve themselves professionally. During the past two-year period nearly all teachers have attended summer school sessions or extension courses.

The enrollment in the school is increasing yearly by approximately thirty pupils. As a pre-school census indicated last year, we can expect to add an extra teacher and classroom to the school system each year for several years. The problem in the future will be the extra room. This past year we utilized the last available classroom in the village school buildings. The only remaining room now available for use is an extra room in the East Dover building. To utilize this room will mean transporting a division of some grade to this school.

Conveyance

At the beginning of school in September much justifiable criticism was directed at the School Department by parents on some bus routes because of inadequate transportation facilities. Overloaded panel

trucks were being used on the Dover South Mills and East Dover runs. After a careful study of the transportation problem, the most satisfactory solution seemed to be to contract with Mr. Amos Rowell to take over and furnish adequate school buses to do the job. A contract was entered into at a price of $9,000 for the first year. The contract is to be renegotiated at the end of each year. Mr. Rowell placed a new Reo 60 passenger bus on the Dexter road and Dover South Mills run, the old Chevrolet 48 passenger bus on the South and East Dover run, and Mrs. Bearce's panel truck on the North Street School run. This present arrangement is proving very satisfactory with the exception of one or two instances where the parent still persists in asking for transportation from the dooryard to the school. There are a large number of the approximately 200 bus pupils that are required to walk varying distances (not more than .7 miles) to meet the bus. Seven waiting room shelters were placed along the bus routes at points where pupils meet the bus.

Repairs

During the past year, the repair program was at a minimum with the exception of the heating plant in the North Street building. It was discovered that the boiler in this heating plant had been improperly installed. Consequently the whole plant was dismantled and reassembled in proper order. As a result the present heating plant seems to be adequate to heat the building properly and at an apparent saving in the amount of coal consumed. However, as this major repair job was not anticipated previous to the making up of last year's budget, an overdraft appears in the repair account as of February 1, 1949. If, at the town meeting this year, the people vote to go forward with plans for a new building, an appropriation of $1,500 will get us by for repairs. On the contrary, a vote to continue the use of the present building, we would need to institute a major repair program.

Insurance

The amount of insurance on all school property was

increased during the past year. The increase in the amounts of the premiums on this insurance resulted in an overdraft of $70 in the insurance account.

In conclusion, I wish to express my appreciation to all for their cooperation during the past year.

Budget

The following budget is submitted for your approval for the municipal year 1949-50.

Common Schools		$47,930.40
Repairs and Equipment	(1)	1,500.00
	(2)	6,000.00
General Administration		3,000.00
Insurance		1,000.00
School Physician		250.00
Interest on School Land Fund		156.14
Secondary Tuition		
(State Subsidy $6,700)		30,532.83

Respectfully submitted,

HAROLD E. CARSON

ANNUAL REPORT OF FOXCROFT ACADEMY

To the Joint Committee of Foxcroft Academy:

I hereby submit my second annual report as Principal of Foxcroft Academy:

The fall semester of 1948-49 opened on Tuesday, September 7th, with an enrollment as follows:

	GIRLS	BOYS	TOTAL
FRESHMEN	38	31	69
SOPHOMORES	27	28	55
JUNIORS	22	27	49
SENIORS	22	24	46

Ardis F. Hewes, B.S., Farmington State Teachers' College.....Home Economics
Constance Day.....Music
Grace M. Chase.....Secretary to Principal
Harold C. Campbell.....Janitor

Several changes in personnel occurred with the inception of the 1948-49 school year which further indicates that we are confronted with the unstable educational problems that encompass both the state and the nation.

In July, Mrs. Madelyn C. Betts resigned after serving as Secretary to the Principal for the past seventeen years. This position has been ably filled by Miss Grace M. Chase.

In addition to the above change, Miss Leah Brown, Miss Norma Hoyle and Mr. Munroe Campbell are new to the 1948-49 staff.

The Buildings

The enrollment this year is slightly above that of last year and future classes indicate that we may expect still greater increases in our total enrollment. If we are to educate all of the pupils who wish to graduate from from our secondary school, we will be hard-pressed to accommodate them with our present housing conditions.

During the summer months, extensive repairs were made to the portico of the building and the attic was thoroughly cleaned and painted. Our janitor, Harold Campbell, has kept the building spotlessly clean and in first class condition.

In our farm-shop, new equipment has been added, which greatly implements this important phase of our program. Two new metal lathes have been added and two drill presses.

The School Program

One major change has been added to our curriculum this year in the form of a driver education course. Cognizant of the importance of safety education and the need for some form of organized education in

driving for teen-aged youth, we have included this course in the freshman year. The main objectives are not merely to teach pupils how to drive, but to teach them the laws of the highway, the safety laws of the road and the obligations of the motorist to the general public.

The importance of this course cannot be over-emphasized when one is confronted with the fact that nearly all teen-agers eventually receive their drivers' licenses before they are eighteen and that within this same group come better than 60% of the total accidents in the entire nation. This program is made possible through the joint efforts of Foxcroft Academy, The State Department of Education, the American Automobile Association, and the Dover Motor Company of Dover-Foxcroft. I should like to thank Mr. J. Eric Love, at this time, for his efforts and generosity in making available to the school the 1949 Chevrolet and various other contributions without which this program could not be offered to our youngsters.

We have cooperatively engaged in student activities and student faculty planned programs. In our athletic programs our teams have given a good account of themselves. Our present basketball team has given Foxcroft Academy as fine a season as we have enjoyed for several years. In the fields of dramatics and debating, the students are achieving excellent results. Our second annual fair sponsored by the student body, was extremely successful. Each student participated in some phase of its operation and the personal contacts made between the students and the community are of inestimable value.

Scholastically, Foxcroft Academy continues to operate on a high plane. Six of last years' graduating class are, at present, enrolled in schools of higher learning. Two are serving in the armed services before entering college.

During the year, several parents have requested an explanation of our student operated Blanket Tax, which is imposed upon each student. This tax has been in operation for years and is levied upon each student to help defray the operating costs of the

various activities. It, in itself, does not begin to meet the expenses, but does help, along with the other earned revenues, to run our activities. In return for the four dollars, the student is the winner, as far as direct admissions are concerned. The following breakdown shows what he receives for his Blanket Tax card.

Admission to the following:

All home football games (5 games this year) @ 60c	$3.00
Eight Basketball games @ 60c	4.80
Six to Eight Baseball games	4.80

Reduction to all other activities, games, and publications, plus a reduction to out of town games.

The Tax gives everyone the opportunity to participate in any or all events sponsored by the school.

We are attempting to build a well-rounded program of study and play that will prepare our youth for a useful life in this community. With the help, participation, and cooperation of the parents and friends, we shall be able to fulfill our task.

In conclusion, I wish to express my appreciation to the many friends of the Academy, to the teachers, the Trustees, the Joint Committee, the Superintendent of Schools, and especially to the citizens and parents of Dover-Foxcroft for the generous cooperation which has been so freely extended during the past school year.

Respectfully submitted,

TILLSON D. THOMAS

Dover-Foxcroft School Building Committee Reports

The town has, through a previous survey, established the need for a school building program and at the last town meeting this committee was appointed to act on the following instructions:

1. To obtain a site for a new consolidated elementary school.
2. To obtain plans for the school.

With the above it is also necessary to consider and plan for financing such a program. Your committee examined all proposed sites for the school and in June 1948 published a report of our findings and recommendations. That article is included herewith as a part of this report.

June 9, 1948: A site off Fairview Avenue abutting the land owned by the Fair association was recommended by the Dover-Foxcroft school building committee in a report today, as an "excellent" location for the proposed consolidated elementary school.

The report of the committee follows:

"Your school building committee wishes to acquaint the townspeople with our views regarding a proper site for the proposed consolidated elementary school.

"We have been considerably hampered by the lack of areas which are both suitable and available for such a project.

"By this we mean:

1. Suitable from the standpoint of economical construction and layout of the grounds from a technical angle.
2. Suitable from the viewpoint of the area to be served, both as to traffic hazards

and nearness to the several sections of town.

3. A school such as this requires quite a large piece of land for presenting an adequate modern program.

"The department of education recommends a minimum of 5 acres.

"There are very few areas near that size within the town proper unless we were to take over taxable buildings for removal. Your committee does not consider such a move would be in the best interests of the people.

"The committee is of the opinion that the land already owned by the town off Fairview Avenue abutting the site owned by the Fair association would make an excellent site for several reasons.

"We are well aware that a great many of you may not at first favor this location, however, we are convinced that once you have examined the site and have endeavored to visualize the advantages which we believe will accrue if the school should be constructed there, you will, we feel sure, agree that the proposal has a great many good points to recommend it.

"This land area comprising some 8 acres or more already owned by the town lies off Fairview Avenue directly in back of the homes of Edgar E. Lary, Maurice Pearl, Clifford Pratt, up to the ball field which the town also owns.

"We believe this land could be easily made to suit our needs; and it has the commendable point of being already owned by the town.

"This area could furnish all the land that the town could ever expect to use for school facilities in the future.

"This spot almost seems like the hub of a wheel for servicing children from all sections of town. There would be four different approaches over

streets which are not heavily traveled, thereby eliminating much of the traffic hazard of having children traveling through the main streets.

"Placing the school there might well open up a large area for home development thereby increasing taxable property for the town.

"Using this land would eliminate the possibility of having to take over any homes in order to find suitable space. Such a procedure would be costly and in view of present shortages of homes very undesirable.

"The problem of transportation for school children would be worked out by the school board to cover those sections requiring it.

"Some may argue that a school at this location will not be seen and will not tend to attract attention. This may be true to a certain extent but we wish to make two points clear in this respect.

"We believe the location of the school for visual beauty is a very secondary consideration. We believe that people who are really interested in looking at a school plant will go wherever the school happens to be.

"After all we build a school plant for the education of our children and not as a beautiful edifice to show off to strangers.

"Placing the school in this location will in the opinion of your committee serve the community very well. In presenting this proposal your committee has been principally concerned with obtaining a suitable site from the standpoint of the children to be served and the most economical area obtainable for development.

"We hope you will take time to examine this site with an open mind and feel free to discuss the problem with any of the committee members. W. A. Richardson, chairman; Arnold Gellerson, Henry Gerrish, George Warren, Marion Van Aken,

Rozilla Roberts, Harold Hayes, Harold Carson, Margaret Dow."

You will note that we invited open discussion with the committee regarding the proposed site. None seemed to develop and so your committee assumes that the Fairview Avenue site is acceptable and has proceeded on that basis.

For several weeks at a critical period of our deliberations, we were delayed to consider propositions relative to the secondary school problem presented by Foxcroft Academy, which we felt should, in the public interest, be thoroughly examined. These proposals were made and later withdrawn by the Trustees, after we had accepted them, whereupon we again confined our thinking to our original problem of planning for the elementary schools.

WE DO NOT PROPOSE TO RECOMMEND ANY NEW CONSTRUCTION PROGRAM, OR ANY OTHER PROGRAM WHICH WILL NOT BE A REASONABLY PERMANENT SOLUTION TO OUR PROBLEMS, NOR TO OBLIGATE THE TOWN BEYOND ITS REASONABLE FINANCIAL ABILITY TO PAY.

The committee has obtained tentative plans for a building but have not as yet completed the layout of this building to our satisfaction. We are not able at this time to definitely report the cost of such a building as will fill the needs of the town. In the interests of economy, we did not feel that complete detailed plans with specifications and costs were necessary until the townspeople indicated they were ready to instruct us to proceed further.

We have travelled to several towns to inspect new buildings now being built or already in use and have obtained much information relative to construction problems. We have studied recently place bids on new construction and other related aspects of our problem.

Your committee has initiated enabling legislation with the State Legislature for the formation of a school district as a vehicle for financing such a pro-

gram. THIS IS NOT TO BE CONSTRUED BY ANYONE TO INDICATE THAT THIS COMMITTEE IS ENDEAVORING TO FORCE ANYTHING UPON THE TOWN. Your committee has thus acted in your behalf to provide a means to finance this proposed construction program. It was necessary to file this act before Feb. 9, 1949 for action by this session of Legislature which does not meet again for 2 years. At the proper time, indicated by the Legislature, it shall be referred to the town for ratification. This cannot take place until 90 days after the closing of the Legislature.

In conclusion, your committee submits the following suggestions and recommendations:

That your committee be continued or another appointed to succeed it, to further investigate the problems until such time as it can produce definite plans for a building, can definitely ascertain the cost thereof, and can report to the town whether it seems feasible to undertake actual financing and construction.

That the unexpended balance of the moneys already appropriated for its use be reappropriated for expenses of the committee or its successors.

That this report and the recommendations of your committee be carefully examined by all citizens and that any action you may take relative to this report be based on the long term good for the community as a whole.

Sincerely your Building Committee: W. A. Richardson, chairman; A. T. Gellerson, H. T. Gerrish, Marion Van Aken, George W. Warren, Rozilla Roberts, Harold M. Hayes, Harold Carson, Margaret Dow.

THESE ARE PROBLEMS FOR YOU TO CONSIDER AND DECIDE. THE NEED IS STILL DEFINITELY WITH US, BUT THE TIME ELEMENT HAS SHORTENED BY ONE YEAR. THE SCHOOL PROBLEM FOR MANY YEARS TO COME SHALL BE LARGELY DETERMINED BY YOUR CONSIDERED ACTION BASED ON THIS REPORT.

REPORT OF MUSIC SUPERVISOR

To Mr. Harold Carson, Superintendent of Schools:

I hereby submit my annual report as Music Supervisor of the Dover-Foxcroft schools. The usual instruction in vocal and instrumental music and music appreciation continues as in the past. Additional instruction in instrumental playing during six weeks of the summer vacation helped to improve both the Grammar School and Academy orchestras. These classes were held in the North Street school. The total attendance was ninety and greater progress was noted than during regular school sessions. Preparation for instrumental playing begins in the Third grade with the playing of song flutes and this year was continued in the Fourth grade.

The Grammar School orchestra played for graduation for the first time last June and again for a Christmas assembly. Some of the members also played at the County Festival in the spring. This group numbers fourteen at present, with fifteen others taking lessons, nine of whom are violin students.

The Academy orchestra has played at numerous school affairs and in two music festivals, the County at Greenville and the State at Dexter, being especially commended for improvement during the year. This orchestra has now grown to a membership of twenty-three. Most of the players are also in the band under the direction of Mr. Race and played in the parades on Memorial Day and Armistice Day and for football games.

In the vocal department, the Grammar School has a Glee club under the direction of Miss Georgianna Crockett who also helped train a group of Sixth graders for a special Christmas program. In the Eighth grade the boys are doing especially well in the bass parts.

At the Academy a new vocal organization, the Double Quartet, is proving popular for public programs. The largest organization is the Girls' Glee Club which was recommended for First Division at the State Festival. All the groups are planning to take

part in the County Festival to be held in Dover-Foxcroft this year, and in the State Festival at Waterville.

The William R. Chapman Music Club sponsored a program of instrumental and vocal music performed by students from the Sixth grade up through the Academy. A collection for the benefit of the Music Department was received. This year it is planned to hold the program in a larger hall to accommodate all the parents and friends interested in coming.

In the field of music appreciation teachers are being urged to do more with the study of the opera. At the Grammar school six operas have been covered and activities correlated with other subjects. These activities included telling the story, listening to records, singing the more simple songs with special words, drawing and painting characters and scenes, making miniature stages, miniature movies, projector slides and use of same on full sized screen, acting the story, studying costumes, opera stars, opera houses, radio production and rewriting the story in modern fashion. At present, a study of the lives and music of famous composers is being made, introducing incidentally a history of music and its development.

The concerts given by the Bangor Symphony Orchestra afford actual demonstrations of both music and the playing of the various instruments. Thirty-three students attended the last concert.

With the continued help and cooperation of the teachers and the School Board the music program as given in our schools will continue to benefit the students. The fact that music is a "necessity for sound health in mind and body and spirit" is being realized more and more each year.

Respectfully submitted,

CONSTANCE DAY

REPORT OF SCHOOL PHYSICIAN

To Harold E. Carson, Supt. of Schools:

I present herewith my report as School Physician of the Dover-Foxcroft Schools.

In September, and again after the Christmas recess, the school nurse and myself examined all children for communicable diseases. Except for an epidemic of measles in the subprimary grades last fall, contagious diseases have been minimal.

At the beginning of the school year, more complete physical examinations of the students were made than last year, by virtue of examining only alternate grades. In this way, each student is more thoroughly checked every other year instead of a cursory examination each year. Immunizations for diphtheria, whooping cough, and small pox were offered to all students last spring, and these will again be available next spring.

With the ever-increasing student load on our schools and the resultant crowding of classrooms, it behooves all of us—parents, teachers, and staff—to be on guard against communicable diseases. Strict observance of the "five-day absence" health slip rule and prompt attention by the family physician can do much in this regard.

May I express my appreciation to the School Board to Mrs. Nellie Gibbons, R.N. to all the teachers, without whose help no health program can be effective and to you, for the assistance given me this past year.

Respectfully submitted,

LINUS J. STITHAM, M.D.

School Physician

PUBLIC HEALTH NURSING ANNUAL REPORT 1948

"Public Health Nursing includes all nursing service organized by a community, or an agency, to assist in carrying out any or all phases of the public health program."

Because Dover-Foxcroft has a nurse employed by another agency to do school and tuberculosis work, your Generalized Public Health Nurse supplements these services by giving health supervision and guidance in maternal and child health, and communicable diseases including the venereal diseases.

To carry out these services, home visits are made to expectant mothers, infants, preschool and handicapped children, to assist parents in securing medical and dental supervision; to assist her in planning for the care of herself and baby during post-partum period; to assist her to develop a better understanding of the preschool and their need for protection and security; and to suggest constructive ways of guidance.

Free clinic services offered in the Public Health Nursing Program consist of Crippled Children, Pediatric, Cardiac and Mental Hygiene Clinics. They offer diagnostic and consultant services where specialists are in attendance. These clinics are held in Bangor and children are referred by the family physician and your Public Health Nurse. Clinic recommendations are sent back to the family doctor.

The Junior Cosmopolitan Club sponsored four Child Health Conferences under the chairmanship of Mrs. Harold Preble. There were 52 children who received complete physical examinations by L. J. Stitham, M.D., and F. W. Bradbury, M.D. The town furnished biologicals for innoculations. There were 25 children vaccinated against smallpox, 29 immunized against diphtheria, 21 against whooping cough and 17 against tetanus. Miss Mary Boutwell, Dental Hygienist, gave all children a mouth examination and offered recommendations on mouth care. Miss Helen Noyes, Home Demonstration Agent, held a private conference with

each mother, discussed the children's diet and offered suggestions on nutritional problems. The function of the conferences is to keep the well child well and promote his best possible state of health. It is hoped that in the coming year more infants and all children who will enter school for the first time will take advantage of the Child Health Conferences. Records made at the conferences of children entering school were sent to the school nurse for reference.

One definite need for all communities is the organization of a Local Health Council to help in giving more adequate public health service to the community. The Council is a representative group whose purpose is to survey the health needs of the community and to suggest health programs to meet those needs. Nurses can do little without community backing. Each year the Health Councils of District IV meet in Bangor to report on their activities and to motivate other communities in organizing. Every community should send an interested representative to learn how other towns are solving their health problems. Anyone interested in this Field Day may contact the District Health Office, Dover-Foxcroft, for information. With combined efforts, much can be accomplished.

Respectfully submitted,

RUTH M. CHOATE, R. N.
Public Health Nurse

REPORT OF PUBLIC HEALTH NURSE

To the citizens and town officers of Dover-Foxcroft:

I submit a brief report of the service rendered the town of Dover-Foxcroft by the Piscataquis County Health and Tuberculosis Association for the period beginning January 1, 1948 to December 31, 1948.

The public health nurse is interested in the total health situation of the family, including disease prevention, promotion of health education and tuberculosis control.

Tuberculosis Prevention: Number of tuberculosis tests given—72; number of reactors—none; number x-rayed at Newport—5; number x-rayed at Fairfield —1; number x-rayed at Dover-Foxcroft (clinic) —50.

Unclassified: Staff conferences attended—3; special meetings—2; number of homes visited—19; office interviews—9; investigation visits—3; number of cases transferred to Social Welfare—2; number attended crippled children's clinic—3; under treatment—4.

Immunization: Small pox—170; diphtheria—58; booster—6; schick test given—405; number positive —16; whooping cough—15.

Hearing Conservation: Audiometer test given—337; defective hearing—11; retested—21.

School Health Services: Assistance was given Dr. L. J. Stitham, school physician, in making annual health examinations. Number of pupils examined —500; number with defective teeth—106; number with defective throat—74; number with enlarged glands—32; cardiac defects—2; symptoms of high blood pressure—1; symptoms of low blood pressure—1; symptoms of hernia—2; defective speech—4; number excluded for ringworm—5.

Dental Service: This service is sponsored by the "Town Club". For two months weekly dental clinics were conducted by the Dental Service. Number attend-

ing—26; fillings, 38; silver nitrate treatments—9; cement linings—9; extractions—9; treatment of abscessed roots—2.

Crippled Children: number attending clinic in Bangor 3; home visits—4.

This year it is hoped that parents will be present when the examinations are conducted in the school. If the parent is unable to be present, all information should be submitted either to the nurse or by completing the form which is provided for this purpose. Any present conditions such as discharging ears, recurring sore throats should be noted.

I wish to express my sincere thanks to the general public for their splendid co-operation. With combined efforts much can be accomplished.

Respectfully submitted by:

NELLIE R. GIBBONS, R. N.

Piscataquis County Health and
Tuberculosis Association
Dover-Foxcroft, Maine

ANNUAL WARRANT

To Laurence A. Peabody, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified by law to vote in town affairs, to assemble at Central Hall in said town on Monday, the fourteenth day of March, A. D. 1949, at ten o'clock in the forenoon, Eastern Standard Time, then and there to act upon the following articles, Viz:

Art. 1 To choose a moderator to preside at said meeting.

Art. 2 To select and fix the compensation of elective town officials in accordance with the town charter, as follows:

A. For a term of one year;
 - Town Clerk
 - Town Treasurer
 - Member of Executive Committee of Thompson Free Library

B. For a term of two years;
 - One Mayo Memorial Hospital Trustee
 - One Selectman, Assessor, and Overseer of the Poor

C. For a term of 3 years;
 - Two Selectmen, Assessors, and Overseers of the Poor
 - One Member of the Board of Mother's Aid
 - One Member of the School Committee

D. Any other elective officers required by law.

Art. 3 To act upon the report of the town officers as printed.

Art. 4 To see if the town will vote to raise and appropriate the sum of money for the administration of town affairs during the ensuing year, as follows:

A. Town Manager
B. Town Office
C. General Government
D. Elections
E. Clerk and Treasurer
F. Central Hall

Art. 5 To see if the town will vote to raise and appropriate the sum of money for the protection of persons and property as follows:

A. Police Department
B. Street Lights

Art. 6 To see if the town will vote to raise and appropriate a sum of money for health services and sanitation, as follows:

A. Public Dump
B. Sewer Maintenance
C. Sewer Construction
D. Board of Health and Vital Statistics
E. Public Health Nurse
F. Mayo Memorial Hospital

Art. 7 To see if the town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways, and bridges, as follows:

A. General Highways
B. Snow Removal
C. Surface Treatment
D. Street Cleaning
E. Sidewalk Construction
F. State Highway Patrol
G. State Aid Construction
H. Snow Fence Purchase
I. Highway Equipment

Art. 8 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

A. Town Poor
B. Aid to Dependent Children

Art. 9 To see if the town will vote to raise and appropriate a sum of money for schools and education as follows:

A. Common Schools
B. High School Tuition
C. General Administration
D. School Building Repairs
E. Insurance
F. School Physician
G. Interest on School Fund

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the maintenance and care of cemeteries, as follows:

A. General Care
B. Veterans' Graves

Art. 11 To see if the town will vote to raise and appropriate a sum of money for the following account:

A. Thompson Free Library
B. Agriculture Clubs
C. Maine Publicity Bureau
D. Memorial Day Observance
E. Tax Abatements
F. Fairgrounds

Art. 12 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

A. Interest on Temporary Loans
B. Interest on Bonded Indebtedness
C. Retirement of Bonded Indebtedness

Art. 13 To see if the town will vote to authorize the selectmen and Treasurer to procure a temporary loan or loans in anticipation of tax collections during

the ensuing year, in accordance with the provisions of Section 96, Chapter 80, Revised Statutes of Maine, as amended.

Art. 14 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

Art. 15 To see if the town will vote to accept the provisions of the Maine Workman's Compensation Act, Chapter 26, Revised Statutes of Maine of 1944, as amended.

Art. 16 To receive and act upon the report of the School Building Committee.

Art. 17 That the School Building Committee or another, be appointed to succeed it, to further study the school building program and obtain definite plans and an outline of costs to carry out the program.

Art. 18 That the unexpended balance of the moneys already appropriated for the use of the school building committee be reappropriated for the committee or its successors.

Art. 19 To see if the town will accept from the Miosac Club of Dover-Foxcroft and the Zephyrus Club of Guilford certain funds heretofore collected by them by subscription aggregating approximately $25,000.00, to be expended, together with any funds which may become available from the general funds of the Mayo Memorial Hospital, or from any other sources, for the immediate construction and equipment of a maternity wing to said hospital under the direction of a committee consisting of one member chosen by the Selectmen of Dover-Foxcroft, one chosen by the trustees of said hospital, one chosen by said Miosac Club, one chosen by said Zephyrus Club, one chosen by the medical staff of said hospital, and the Superintendent of said hospital.

Art. 20 To see if the town will vote to authorize the selectmen to purchase in the name of the town, the present Foxcroft Academy land and buildings located in Monument Square for the sum of $50,000.00, and to issue therefor ten notes of the town in the prin-

cipal amount of $5,000.00 each, maturing serially from one to ten years, without interest, the first of said notes to mature July 1, 1949, and on such terms as they may agree upon with the trustees of said Academy, with the understanding that the proceeds shall be used, with other funds, for the construction of a new Academy building at Oakes Field.

Art. 21 To see what sum of money the town will raise and appropriate to pay the note of the town to the Trustees of Foxcroft Academy, maturing July 1, 1949.

Art. 22 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for non-payment of taxes, or by mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the town.

Art. 23 To see if the town will vote to fix a time when taxes shall become due and payable and will vote to make any discount on taxes paid at such time or times as it may determine, and if so, what percent; also fix a time and rate of interest to be added upon taxes unpaid, and pass all necessary votes respecting same.

Art. 24 To see if the town will vote to amend Article (2) of the By-laws of the Town of Dover-Foxcroft by inserting therein a section to read as follows:

> Section 31. Any person under the age of sixteen years who shall be found unaccompanied by his or her parent or guardian loitering upon the streets or alleys or in commercial stores and establishments in this town after the hour of nine o'clock in the evening shall be punished as provided in Article (4), Section (1) of these By-laws.

Art. 25 To see what action the town will take respecting a survey of the real estate in the town of Dover-Foxcroft for the purpose of tax equalization, and pass all necessary votes respecting the same.

Art. 26 To see what sum of money the town will vote to raise and appropriate for the purchase of land

for a new town dump, and to authorize the Selectmen to select the location thereof.

Art. 27 That a committee be appointed to look into the matter of zoning restrictions and a Building Code for the Town of Dover-Foxcroft, and to report their findings and recommendations at the next town meeting.

Art. 28 To see if the town will vote to construct a sewer from Fairview Avenue in an Easterly direction a distance of about 1000 feet, to service the houses along and near Summer Street, and appropriate the sum of $2,500.00 for same.

Art. 29 To see if the town will vote to construct a sewer from Union Street in an Easterly direction to Fairview Avenue to service the houses along Fairview Avenue south of the Ball Park and to appropriate the sum of $2,000.00.

Art. 30 To install street light on High Street.

The undersigned, the Selectmen of Dover-Foxcroft, hereby give notice that they will be in session at their office in Central Hall Building, Monday, the fourteenth day of March, A. D. 1949, at nine o'clock in the forenoon, Eastern Standard Time, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said Town.

Given under our hands at said Dover-Foxcroft, this second day of March, A. D. 1949.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

LETTER OF TRANSMITTAL

To The Board of Selectmen and Citizens of Dover-Foxcroft:

It is with pleasure that I present the following report of the municipal affairs of Dover-Foxcroft for the year ending Feb. 1, 1950. This has been my first full year as your Town Manager and has provided me with a broader knowledge of the many problems with which we must cope.

I have endeavored to make improvements where deemed advisable, the results obtained could only be accomplished by the close cooperation of all officials and employees, aided by the moral support of a majority of the citizens. This support and cooperation have been given at all times.

It is indeed a pleasure to serve the people of Dover-Foxcroft and to belong to its everyday life.

Respectfully Transmitted,

LAURENCE A. PEABODY
Town Manager

Please bring your Report to Town Meeting

AUDITOR'S REPORT

February 20, 1950

Board of Selectmen
Dover-Foxcroft,
Maine
Gentlemen:

In accordance with your request, we have audited the general and trust fund accounting records of the Town of Dover-Foxcroft, Maine for the year ending January 31, 1950; have examined records of the town clerk affecting accounting procedure and the administration of the town. We did not perform a detailed audit. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

BALANCE SHEET COMMENTS

General Fund

Cash on deposit, in the general fund, which includes both the operations and construction accounts of the Mayo Memorial Hospital and in the segregated parking meter account has been reconciled with certificate furnished by The Merrill Trust Company. Funds on time deposit in the equipment replacement fund have been verified by certificate furnished by The Merrill Trust Company. Office funds were determined by actual count. Cash on hand, was determined by actual count and certified by the treasurer as being funds of the town.

Accounts receivable are for pauper supplies and pertain principally to the current years operations.

The assessment of 1949 taxes has been proved and the list of all individual assessments compared with the commitment to the tax collector. We have not verified, by correspondence, individual balances in com-

plete detail. We have added copies of excise tax receipts numbered 12266 to 13776 inclusive for 1949, and numbered 9686 to 9833 inclusive for 1950 and the total found to be in agreement with remittances to the treasurer. From the total revenue $1,066.47 has been paid to the water district; the unappropriated balance totalling $16,682.46 has been applied to reduce the deficit in resources.

Tax lien mortgages securing 1948 real estate assessments have been examined; costs and interest have been added to and forms a part of the reconciled ledger balance. All tax lien mortgages of the prior years, for which the time for redemption had expired have been foreclosed and the property considered as owned by the town.

The transactions in property acquired by foreclosed mortgages have been examined. During the year a substantial number of settlements have been made; the net gain has been used to reduce the deficit in resources. During the year the town owned real estate, not intended for municipal use, has been sold; the amount realized although insufficient to recover completely the accumulation of pauper expenditures, was considered to be a reasonable price according to the market of the current year.

The records of employee funds have been examined and the liability, as stated, appears to be correct.

During the year property of the Foxcroft Academy was purchased and the amount of $5,000.00 paid by an appropriation in the current year as the first of a serial obligation totalling $50,000.00; outstanding notes in the amount of $45,000.00 were thus found to be duly authorized.

During the year pauper charges pending one year ago were settled for $1,000.00 or $124.06 less than the accumulated claims.

The bonded debt has been reduced by $2,000.00 in accordance with requirements. The cancelled bonds were viewed by us.

Continuing balances are for purposes of education, tomb repairs and the Mayo Memorial Hospital funds for both operation and construction. All other balances have been lapsed.

Trust Funds

Trust fund resources in the form of time deposits have been verified by certificate furnished by the depository banks. All records of funds for which The Merrill Trust Company is an agency trustee have been compared with the agency trustee reports.

Trust fund balances, consisting of expendable income and principal, have been reconciled with the transactions in each individual trusteeship. The number of individual trusts held by the town involves an extensive volume of accounting which has been found to have been exceptionally well maintained.

Operating Comments

We have not made a detailed audit of all transactions, we did however, test check invoices in support of warrants issued for expenditure. All important accounts have been carefully analyzed. We completely footed receipt and disbursement records in the cash account and compared the results with bank clearance. We have verified the appropriation levies, together with all other records of the town clerk pertaining to administration and accounting procedure. All balances for education have been reconciled with the records of the superintendent of schools.

The available surplus of resources of $8,799.29 as at January 31, 1949 is now recorded as a deficit in resources of $21,630.99, a charge of $30,430.28 which obviously was created by the new obligations incurred through purchase of the Foxcroft Academy buildings; the value of these buildings is not reflected as a com-

pensating factor in the municipal balance sheet. The operations for the year, after excluding the Academy buildings transactions, indicates that the administration of general funds shows an operating gain for the year, after allowance for reduction of the bonded debtedness by special appropriation, of $12,835.26 for which the current administration should be credited.

Certificate

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying comparative balance sheet, statement of transactions in departmental accounts, and analysis of change in available surplus to deficit in resources properly present the financial condition of the town as of January 31, 1950, and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting.

Respectfully submitted,

W. C. WHEELER
Public Accountant

TOWN MANAGER'S REPORT

Administration

The regular meetings of the Board of Selectmen are held on the second and fourth Thursdays of each month. In addition to these, several special meetings are held during the year. The Selectmen are the governing body of the town, and the Town Manager is their agent in carrying out the policies which they determine.

Police and Protection

During this year directional and speed limit signs have been erected to help direct and control the flow of traffic. The Junior Chamber of Commerce installed street signs and deserve a great deal of credit. A study of the traffic problem is underway with an aim of improving the flow and safety for motorists as well as pedestrians.

Health and Sanitation

There was an increase in vaccinations and inoculations during the year. Your Health Department is of the opinion that this work will increase each year. The more of this type of work we perform, the less disease we will have. The health program under the public health nurses deserves a great deal of credit.

The public dump has been improved and with the cooperation of the users has been kept in accessible condition.

Many improvements have been made at the hospital. The board of trustees, the hospital staff and the organizations responsible for the generous donations deserve the praise of the entire county.

Sewers were constructed on Union-Fairview and Fairview-Summer streets as far as funds were available. These projects should be completed this year.

Highways

A substantial amount of work was accomplished on the roads and streets this year. A part of Merrick Square was excavated and a heavy base laid with a light surface treatment. On the West Dover road .7

miles were improved; 1.4 miles on Peter Bearce road; .3 miles state aid constructed; .2 miles constructed on Range road; ditching and a light application of gravel on the Garland line road to Merrill's Mills, Parsons' Landing road, Steadman's Landing road, Weston avenue, Atkinson road at South Dover, Frost road, Ira Doore road, John Hall swamp, Norton Hill road. And many culverts were replaced and bridges repaired.

Sidewalks were constructed on Pleasant and Main streets as far as funds were available.

Finances

The year closed with all current bills paid and a cash balance sufficient to carry on the town business for a few months.

Respectfully submitted,

LAURENCE A. PEABODY,
Town Manager

During the fiscal year the new wing has been erected and furnished. It was officially opened December 10th, 1949. It is a fine building and one of which we should feel justly proud.

The erection of the wing was made possible by the generous contributions of interested individuals and organizations of this and surrounding communities, elicted by the Miosac Club of Dover-Foxcroft and the Zephyrus Club of Guilford. To these two clubs and to all those who donated I wish to express my sincere thanks.

The building was furnished at an approximate cost of eighty-five hundred dollars ($8500.00). To date, two thousand ninety-eight dollars and sixty cents ($2098.60) has been donated towards this amount by the following individuals and organizations.

Miss Fannie Sands
Country Christmas Club of East Dover
Father Patrick Hayes Council, Knights of Columbus
Town Club
Mr. and Mrs. Paul Perin
Junior Cosmopolitan Club
Zephyrus Club
Carpo Club
Kiwanis Club
South Dover Grange

The following organizations have been very helpful with sewing:

Country Christmas Club of East Dover
West Dover Farm Bureau
Willimantic Farm Bureau
Just Sew Club

The Molasto Club has given us permission to purchase cubicles for one ward in the new wing, with the intention of doing the other ward as soon as possible.

In conclusion, I wish to express my sincere thanks

and appreciation to the above mentioned, as well as the Board of Trustees, my entire Hospital Staff, the Medical Staff and all others who have served the Hospital in any way.

Respectfully submitted,

LILLIAN A. HERRING, R. N.
Superintendent
Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

A total of 18,529 books and periodicals have been issued by the Thompson Free Library during the period between Feb. 1, 1949 and Feb. 1, 1950. Of these, 12,780 were fiction and the remaining 7,549 non-fiction and periodicals. The Library has added 370 new volumes, of which 230 are fiction—155 adult and 75 juvenile—and 140 non-fiction—120 adult and 20 juveniles. Of the above 27 have been added to the Maine collection.

Gift books, numbering 54, have been received from Mary Gellerson, Mrs. Elmer Glover, C. L. H. Wagner (author), Everett G. Ham, Millard Boss, State Library, Edith Sanborn, Isabel Buck, Annie P. Kenny, Ethel Ellis and others.

But few changes have been made in the magazine section and it still numbers 44. At present there are 7 newspapers, including one weekly and one Sunday edition.

Since November Mrs. Arnold Gellerson has again conducted the Saturday morning story hour for juveniles with an attendance more than double that of last year. Volunteer assistance with the care of the children has been given by Grammar School girls. The reading club is awarding buttons as previously.

June 1st the regional Round Table for librarians, conducted by the State Librarian and the Extension Librarian, met in the Memorial Room for an all-day session.

ANNIE F. LINN,

Librarian

REPORT OF TOWN CLERK

Sec. 4. R. S. C. 22, 388, amended. Section 388 of chapter 22 of the revised statutes is hereby amended to read as follows:

'Sec. 388. CLERK'S RECORD OR CERTIFIED COPY, PRIMA FACIE EVIDENCE. THE STATE REGISTRAR AND THE CLERK OF A MUNICIPALITY SHALL NOT PERMIT INSPECTION OF THE RECORDS OF BIRTH, MARRIAGE AND DEATH, MARRIAGE INTENTIONS EXCEPTED, OR ISSUE OF A CERTIFIED COPY OF A CERTIFICATE RELATING THERETO, OR TO PARTS THERETO, UNLESS HE IS SATISFIED THAT THE APPLICANT THEREFOR HAS A DIRECT AND TANGIBLE INTEREST IN THE MATTER RECORDED, THE DECISION OF THE STATE REGISTRAR OR THE CLERK OF A MUNICIPALITY BEING SUBJECT, HOWEVER, TO REVIEW BY THE SUPERIOR COURT OR ANY JUSTICE THEREOF IN VACATION, UNDER THE LIMITATIONS OF THIS CHAPTER. The city and town clerks shall, upon request, supply to any SUCH QUALIFIED applicant a certified copy of the record of any birth, marriage, or death registered under the provisions of this chapter, upon the payment of a fee of 50c, to be paid by the applicant in advance. For any search of the files and records, where no certified copy is made, the fee shall be 50c for each hour or fractional part of the hour for time of search, said fee to be paid by the applicant in advance. The CITY OR town clerk's record of any birth, marriage, or death, or a duly certified copy thereof, shall be prima facie evidence of such birth, marriage, or death in any judicial proceeding.'

Respectfully Submitted,
CHARLES E. WASHBURN,
Town Clerk

SUMMARY OF FOREST FIRE PREVENTION & CONTROL LAWS PASSED IN 1949

It should be understood that the following are broad interpretations which in many instances will not apply to the borderline or special case. A copy of the laws may be obtained from the Forestry Department, State House, Augusta, or from your nearest state warden.

Forest Fire Prevention and Control in Organized Towns. The purpose of the laws which became effective on August 6, 1949, was to place forest fire control under the Forestry Department for the entire state. It provides an unbroken chain of command from the town forest fire warden to the forest commissioner. A maximum amount of responsibility and authority remains with each local community but state authority is provided whenever the town system breaks down.

The organized town area has been divided into seven fire control districts with a state district warden in charge of each, employed on a year round basis. These men are responsible to the forest commissioner.

Each state district warden administers the fire protection organization and is responsible for the forest fire prevention-education program in his district. He prepares and revises annually a forest fire plan for his district.

The seven districts are subdivided into twenty-four sub-districts with a seasonal state forest fire warden in charge of each. These seasonal wardens are responsible to their state district forest fire wardens and assist him in carrying out the job of fire prevention and control.

Lookout towermen are directly responsible to the state wardens in charge of the district where the tower is located. They report fires in their range of vision and are responsible for the maintenance of their facilities.

The town forest fire warden is appointed by the forest commissioner with the approval of the local town officials for a three year term. He may be any citizen of the town and is often the fire chief as well as town forest fire warden. He is responsible for taking imme-

diate charge to control and extinguish forest fires within his town. "The management of town forest fires shall be the responsibility of the town forest fire warden until in the judgment of a state forest fire warden the situation makes it advisable for him to take over." Final authority and responsibility on forest fires shall be that of the state forest fire warden. This makes it necessary that the state warden be advised by the town forest fire warden of each fire in his town as soon as it is discovered. This is an important link in the chain of command from the town forest fire warden to the state warden. If the state warden at the scene of the fire is unable to handle the situation, he requests further aid from his immediate superior.

The Forestry Department shall be the coordinating agency whenever or wherever a major forest fire occurs or threatens.

Aid to Towns. Towns, cities, or plantations must pay the costs of controlling and extinguishing forest fires up to an amount equal to 2% of the town tax valuation. The state will reimburse the town for ½ these costs. All forest fire suppression costs above this amount shall be paid by the state. Requests for ½ state reimbursement must be presented to the forest commissioner within 60 days after total extinguishment of the fire or becomes void.

Slash and Brush Disposal. The responsibility for slash or brush disposal rests entirely on whoever "cuts, causes or permits to cut" forest growth. Such slash or brush must be moved back 50 feet from the shoulder or pavement of any public highway or road and 25 feet from utility right of ways. On complaint, if a real fire hazard exists, slash and brush must be removed 25 feet from forest growth of an adjoining landowner and 100 feet from dwellings.

All slash and brush shall be removed the required distance within 30 days after cutting, or 30 days after being notified to remove it. A violator of this section is liable to a fine of $100 or 30 days imprisonment, or both. He is liable to the same fine and imprisonment every 30 days following his violation until the slash and brush is cleared back the required distance.

Another section of the same act requires that slash and brush resulting from the construction and maintenance of highways and utility right of ways shall be removed from these areas by burning or hauling away. Burning must comply with that section of the law covering burning permits which follows:

Burning Permits. It is unlawful for any person to kindle a fire for purposes of clearing land or burning logs or stumps, roots, brush, slash, fields of dry grass, pasture, and blueberry land except when the ground is covered with snow, without first obtaining a written permit. **Permits are issued by the town forest fire wardens.** A permit is necessary for any person to burn, even on his own land. A burning permit **does not** relieve the person of legal responsibility if the fire is allowed to escape or causes damage to property of another.

Town or private Dumps. Any dump established and maintained for disposal of rubbish or debris of any nature which might help start or spread a forest fire shall observe the following prevention measures: A cleared strip 10 feet wide to mineral soil on all sides of the dump, a 100 foot strip outside this mineral soil area where inflammable material such as grass, weeds, brush and slash must be removed. Dead trees and limbs of evergreen trees up to a height of 10 feet from the ground shall also be removed from this 100 foot strip. Dumps with a large, constant, supply of water nearby may be exempted from these provisions by the town and state forest fire wardens if they believe the water supply is sufficient for protection purposes.

Portable Sawmills. A sawmill which uses wood products in log or bolt form and has been on its present location less than one year is a portable sawmill. This mill must pay a $25.00 license fee before it starts operations. The license expires one year from date of issue and the mill may be moved any number of times within the year without additional cost. However, applications for changes of location must be made to the forest commissioner. If still on the same site one year after the license was issued, a new license is not necessary until the mill moves. Mills must comply with the

slash law and comply with the following fire prevention measures: Slash shall be removed a distance of 50 feet in all directions from the mill, sawdust pile, and incinerator; dead trees and branches of evergreen trees up to 10 feet in height must be removed from this area; the sawdust pile area must be clear of all trees and not less than 25 feet from an incinerator; the sawdust pile shall be reasonably free of slabs and edgings; a forest fire tool cache shall be maintained in good condition within 50 feet of the mill.

Yearly Timber Cut Report. All owners or operators of sawmills using wood products in log or bolt form, whether stationary or portable, shall render an annual report to the forest commissioner during the month of January of each year of the amount of softwoods and hardwoods sawed within the state during the preceding calendar year.

ANNUAL REPORT OF FOXCROFT ACADEMY

To the Joint Board of Foxcroft Academy:

I hereby submit my third annual report as Principal of Foxcroft Academy.

The fall semester opened on Tuesday, September 6, 1949 with an enrollment as follows:

Class of 1953	
Boys	34
Girls	25
	—59
Class of 1952	
Boys	27
Girls	37
	—64
Class of 1951	
Boys	25
Girls	23
	—48
Class of 1950	
Boys	24
Girls	17
	—41
Total enrollment	212

FACULTY OF FOXCROFT ACADEMY
1950-1951

Tillson D. Thomas, B. S.; M. Ed. Principal
Richard Race, B. S.; M. A. Biology, Sr. Science
Leah M. Brown, U. of M. English, Dramatics
Everett M. Fairbrother, B. S. Science, Mathematics
A. Munro Campbell, B. S. English
Sybil W. Grindle, B. S. Mathematics
John Whitcomb, Jr., B. A. History
Gwendolyn M. Trefethen, B. A. Languages
Dorothy Stewart, A. B.; M. A. Commercial
Lawrence Stewart, A. B. Driver Education & Coach
Ardis Hewes, B. S. Home Economics
Walter Leland Forestry & Shop

Salvatore Piccolo, Malkin Conservatory of Music Music
Grace M. Chase Secretary to Principal
Harold C. Campbell Janitor

The faculty for the current school year includes three new teachers. Mr. John Whitcomb, a graduate of Bowdoin College, replaced Mrs. Patricia Ward who resigned at the end of the school year. Mr. Whitcomb, teacher of history and social studies, assists in athletics and coaches debate. The second change was the addition of Mrs. Gwendolyn Trefethen as teacher of French and Latin and coach of girls' basketball. This vacancy occurred when Miss Norma Hoyle resigned to accept a similiar position at Rockland High School. Mr. Piccolo who replaced Miss Day as music supervisor of the Dover-Foxcroft schools is handling our vocal and instrumental music. He is a graduate of Malkin Conservatory of Music and previously taught at East Millinocket.

The Buildings

With the exception of minor repairs very little physical changes were made on the present buildings. However, great progress has been made upon the new campus at Oakes Field. Beginning in late September, the contractors began the erection of the new Foxcroft Academy. Anyone who has followed the progress of this work has witnessed tremendous changes in the few short months in which the project has been underway. The ground floor is practically completed, the grounds have been graded, and a drainage system installed. Plans are progressing rapidly for the erection of the superstructure. To show their interest and express their appreciation of the work being done by the Trustees, the students of Foxcroft Academy have contributed the following amounts to the Building Commitee from their class treasuries.

Class of 1946	$ 62.62
Class of 1948	300.00

Class of 1949	120.00
Class of 1951	100.00
Dramatics	37.00
	$619.62

The School Program

The past year has been a profitable and valuable one for both the pupils and teachers of Foxcroft Academy.

Scholastically we have noticed an upturn in grades for the greater percentage of students. We are justly proud of our graduating classes and I particularly would like to cite the effort for advanced training made by the students of last year's graduating class. Out of a total number of 42 graduates, 19 are attending schools above the secondary level; 7 of these students entered colleges on scholarships ranging from one-third to full tuition. Although semester grades have not all been received, those that have been forwarded by the colleges indicate extremely satisfactory progress.

Our athletic and extra curricula programs have been successful not only from the "wins and loss" column but also extremely gratifying from the number participating. We have run both varsity and junior varsity teams in basketball. The girls won the county championship in softball last spring and were "runners-up" in basketball this year. Both the 1949 and the 1950 boys' varsity teams were selected for the Class "M" Basketball Tournament. The 1949 football team won the county championship; the 1950 basketball team tied Milo for the top spot in the county. Fully as important as athletics is the record made by our dramatics groups. Our plays have been well received and our speaking groups have been outstanding. Lee Weatherbee won the Spear Contest speaking award last spring. This contest is considered to be the stiffest competition in Maine and rightfully warrants its winner the highest recognition in the secondary schools.

To the faculty, to the superintendent of schools, to the joint board of the Academy and to the parents and

citizens of Dover-Foxcroft, I wish to express my thanks for your loyal cooperation and assistance in the educational needs of the Academy. Your continued interest and participation is solicited in our efforts to fulfill the educational tasks that lie ahead.

Respectfully submitted,

TILLSON D. THOMAS

Principal

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Dover-Foxcroft:

I present herewith my first report on the condition of the schools in Dover-Foxcroft.

SECRETARY TO SUPERINTENDENT						
Ruth M. Washburn	5	1,600	Superintendent's Office			
SCHOOL PHYSICIAN						
Dr. L. J. Stitham		250	All Schools			

The only change in our teaching personnel over last year was at the East Dover School. Mrs. Hope Pinkerton replaced Mrs. Nellie C. Downs who left the system after many years of faithful and successful service. I consider that the children of the town are fortunate in that they have for teachers, a well-trained conscientious group that is constantly interested in self improvement to the extent that over twenty have taken refresher courses during the past year. Regardless of all other factors that help make a well-rounded program, let us not lose sight of the fact that it is interest, enthusiasm, and quality of the teachers that in the final analysis, is the determining factor for judging the success or failure of any program.

It is necessary to raise a larger amount of money to run the schools this year for the following reasons:

Two additional teachers needed for 1950-51.

Increases granted for the year 1949-50 will become more evident next year.

Increased tuition at Foxcroft Academy.

Anticipated increases in cost of fuel, janitor service, telephone, electricity, water and General Administration.

An item of $360 to supplement the School Lunch program.

An estimated 96% state subsidy payment.

Repairs and Equipment

I am assuming that some of the deplorable conditions at the North Street School will soon be remedied. I refer in particular to the lighting, toilet facilities, yard and general dingy appearance of the building. Consequently no major alterations are anticipated to be financed from this account. At the Pleasant Street School part of the return pipe to the boiler must be replaced. The exterior of the building should be painted in the very near future. This year, in accordance with the appropriation and recommendation of the school committee, very little has been done to repair the building. Additional lights have been installed in one room, the porches have been painted and new doors made for the cellar entrance. Little has been done at the Grammar

School. Next summer new window sashes should be made for some of the rooms and the outside doors should be replaced.

Insurance

Since the insurance on the buildings has recently been increased, I see no reason for recommending any change in this item.

Budget

Common Schools (including Secondary Tuition)	$83,591.96
Repairs and Equipment	1.500.00
General Administration	3,475.00
Insurance	1,000.00
School Physician	250.00
Interest on School Land Fund	156.14
School Lunch	360.00
	$90,333.10

Respectfully submitted,
FREDERICK L. MOSSLER

REPORT OF PUBLIC HEALTH NURSE

To the citizens of the town of Dover-Foxcroft:

Herewith is a report on the activities of the Piscataquis County Tuberculosis and Health Assn., which cover the towns namely:

Abbot, Atkinson, Blanchard, Brownville, Dover-Foxcroft, Greenville, Guilford, Milo, Monson, Parkman, Sangerville, Sebec, Shirley, Wellington, Willimantic, and Plantations, Barnard, Elliottsville, Kingsbury, Medford, Orneville, Chesuncook, and Lakeview.

Health is a primary objective of modern education.

Every school has tremendous opportunities to promote the health of its pupils and of its community.

The condition under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught to envisage and the information and understanding that they acquire of themselves as living organisms are factors which operate to develop attitudes and behaviour conducive to healthy, happy and successful living.

Tuberculosis Prevention

As a co-operative agency, we want to do our part in making Piscataquis County a healthy place in which to live.

As Tuberculosis seals are sold to prevent Tuberculosis, one of our major objectives concerns the finding of new cases, assisting known cases to have treatment, and education of the general public about tuberculosis.

Number of tuberculosis tested	238
" of reaction	9
" x-rayed at Dover-Foxcroft (clinic)	111
" x-rayed at Fairfield	10
" admitted to Presque Isle Sanatorium	1
" admitted to Fairfield	

Sanatorium	1
Primary Phase admitted to Service	1
Discharged from x-ray Regional Clinic	6
Discharged from x-ray Central Maine Sanatorium (condition quiescent)	

Unclassified

Accompanied an ambulance case to Hospital	
Accompanied patient to Bangor for refraction of vision, Dr. Osler	
Investigation visits	1
Interviews	8
Meetings attended	10
Miscellaneous calls	4

Hearing Conservation

Audiometer test given	72
Symptoms of impaired hearing	8
Questionable	1
Recommended retest	3

School Health Service

Assistance was given L. J. Stitham, M.D., school physician, in making annual and special health examinations.

Number of pupils examined	604
" with defective teeth	100
" with defective throat	81
Cardiac defects	1
Symptoms of high blood pressure	2
" of low blood pressure	1
" of hernia	1
Number referred to family physician	3
" under treatment	1

Screening Test

Vision tests are made annually in elementary and secondary schools.

Doctors Ellery and Stewart (optometrists) cooperated in this program and gave special examination to the number the teachers had requested the nurse to re-check.

Defects found	
Recommended corrections	7
" further treatment	1

Negative 11

Co-operation is the keynote essential to the co-ordination of the efforts of all concerned with child health.

It is plain that every school has some immediate opportunities for revising its own health policies and improving its health programs.

The appreciation of the nurse is extended to teachers, Superintendent, physicians, and officers of the Association for their help during the past year.

Respectfully submitted by:

NELLIE R. GIBBONS, R.N.
Piscataquis County Tuberculosis and Health Assn.

ANNUAL REPORT FOR DOVER-FOXCROFT

January 1 to December 31, 1949

DIVISION OF PUBLIC HEALTH NURSING

"It has been said that the hope of a nation rests with its child. The child's security in his family relationship is the foundation for his growth toward maturity in all human relationships."

"As one of the responsibilities of Public Health Nursing is to help guide families to recognize their medical, nursing and health needs and give counsel appropriate to the situation and the families' recognition of their needs, home visits are made to accomplish this end."

Visits were made to expectant mothers at the request of the attending physician while others were made to urge them to secure medical supervision. It is recognized that care during the prenatal period greatly influences the health of the mother and baby.

Sixty-nine infant, sixty preschool children, seven morbidity and two adult visits were made. As the foundations of physical and mental health are being built during the infant and preschool period the public health nurse assists the parents to develop a better understanding of the child and his need for protection and security and suggests constructive ways of giving him guidance. Special emphasis was placed on the prevention of communicable disease which takes such a heavy toll in childhood and the importance of regular medical supervision.

One preschool child was admitted to the service of Pediatric Clinic at Bangor conducted by the Department of Health and Welfare. Ten follow-up visits were made to crippled children to assist the family in regards to medical recommendations. Services of the Cardiac, Pediatric, Crippled Children and Mental Hygiene Clinics are available to children of your community with permission of the family doctor.

A series of four child health conferences sponsored by the Junior Cosmopolitan Club was held during the summer under the Chairmanship of Mrs. Eleanor Chandler with an attendance of fifteen infants and

forty-two preschool children. Dr. Bradbury or Dr. Stitham gave complete examinations to all children. Immunizations were completed against smallpox twenty-four, diphtheria sixteen, whooping cough fifteen, and tetanus ten. It is regrettable that many did not complete their immunizations by attending three consecutive conferences or by going to their family doctor. Some defects found were due to faulty diet. If the children's health is to be safeguarded they should eat enough of the foods that include the essential nutrients. Mrs. Mary Danforth, Home Demonstration Agent, visited the July meeting and held private conferences with each mother regarding their nutritional problems and professional advice was offered. Literature furnished by the State on every phase of health was exhibited at each conference to give mothers a chance to select what she needed to assist her in giving good child care. As the functions of these conferences are to keep the well child well, more mothers whose children are not under the supervision of the family doctor should avail themselves of this protective service.

Twenty-three interviews were held with local people regarding problems, or to obtain information necessary to help the nurse with her work in your town.

The need is still present for a local Health Council which is a representative group whose purpose is to study the health needs in the community and to assist the public health nurse in carrying on her program by participating in many activities.

"Progress can be made in dealing with problems only if citizens are fully aware of them and are committed to the necessity of doing everything possible to see that every child has a fair chance in the world." This statement in part quoted by Katherine Lenroot, Chief of Children's Bureau, is truly a challenge.

Respectfully submitted,

RUTH M. CHOATE,

Public Health Nurse

REPORT OF SCHOOL PHYSICIAN

To Frederick L. Mossler, Superintendent of Schools:

I present herewith my report as School Physician of the Dover-Foxcroft schools for the year 1949-50.

In September, and after the Christmas recess.....the the school nurse and myself screened all children for communicable diseases. In December and January there was an outbreak of chicken-pox and measles in the lower grades, but with the usual fine cooperation I have come to expect of the teaching staff, they were for the most part self limiting. Most all parents have been helpful to the extent of obtaining re-admission slips for sick children, which act as a check on the further spread of contagious disease.

The students of alternate grades were given physical examinations. Dental defects still predominate in the list of remedial conditions reported to parents after these examinations.

Next month we are offering to the sub-primary and first grades immunization for whooping cough, diphtheria and tetanus. All other grades were given these in 1948. Parents desiring their children given this immunization (all three are combined in one injection) should so indicate on the slips which the children will take home shortly. When these diseases can either be prevented, or substantially lessened in severity, by immunization, it would seem imperative to have your children immunized either by your family physician, or at school.

I wish to express my appreciation to the School Board; to Nellie Gibbons, R.N.; to all the teachers; and to yourself for the excellent cooperation shown me this past year.

Respectfully submitted,

LINUS J. STITHAM, M.D.

School Physician

FISCAL YEAR 1949
REPORT OF LOCAL HEALTH OFFICER

There have been reported the past fiscal year, the following diseases:

	No. of Cases
Scarlet Fever	5
Measles	6
Pneumonia	1
Septic Sore Throat	1
Chicken Pox	15
Whooping Cough	1
Tuberculosis	1

Three house calls to quarantine.
Fifteen house calls to correct unsanitary conditions.

Respectfully Submitted,
LEIGH HEATH,
Local Health Officer

YEAR 1949
REPORT OF MILK INSPECTOR

I have inspected the following dairy barns and milk rooms and all milking utensils:

Rex Varnum dairy barn and milk room
E. L. Dow dairy barn and milk room
John Lunt dairy barn and milk room
Peter Bearce dairy barn and milk room
J. W. Meisner dairy barn and milk room
John Budris dairy barn and milk room
R. S. Braley dairy barn and milk room
Blanchard's dairy and milk room

I found the above clean and in good sanitary condition. The milk and cream above Grade A standard. All stores selling milk and cream have been checked and found properly licensed.

Respectfully Submitted,
LEIGH HEATH,
Local Milk Inspector

DOVER-FOXCROFT SCHOOL DISTRICT
1949
FIRST ANNUAL REPORT OF TRUSTEES

To the Municipal Officers of the Town of Dover-Foxcroft:

On January 9, 1950, at a special town meeting called for that purpose a majority of the legal voters of this town accepted the provisions of Chapter 23 of the Private and Special Laws of 1949 creating the Dover-Foxcroft School District. Pursuant to the terms of the Act, the municipal officers appointed the following persons as trustees:

Arnold T. Gellerson to serve until the annual town meeting, 1950

Stuart E. Hayes to serve until the annual town meeting, 1951

Clair A. Runnals to serve until the annual town meeting, 1952

Harland E. Towne to serve until the annual town meeting, 1953

On January 19, 1950 the Superintending School Committee appointed Henry T. Gerrish as the fifth trustee, to serve until March, 1950.

On January 24, 1950, the five trustees, having been duly qualified for office, held their original meeting, adopted a corporate seal and elected the following officers to serve until March, 1950, or until their successors are elected and qualified:

President	Harland E. Towne
Treasurer	Stuart E. Hayes
Clerk	Stuart E. Hayes

Prior to the close of the fiscal year on January 31, 1950, the trustees were able to accomplish little beyond familiarizing themselves with the work and recommendations of the School Building Committee, which had studied the problems the District was formed to solve. We hope and expect, however, to make considerable progress during the coming year.

As of January 31, 1950, the District held no property and had contracted no liabilities.
February 15, 1950

Respectfully submitted,

HARLAND E. TOWNE
STUART E. HAYES
ARNOLD T. GELLERSON
CLAIR A. RUNNALS
HENRY T. GERRISH
Trustees of Dover-Foxcroft
School District

Annual Warrant

To Laurence A. Peabody, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified by law to vote in town affairs, to assemble at Central Hall in said town on Monday, the thirteenth day of March, A. D. 1950, at ten o'clock in the forenoon, Eastern Standard Time, then and there to act upon the following articles, Viz:

Art. 1 To choose a moderator to preside at said meeting.

Art. 2 To select and fix the compensation of elective town officials in accordance with the town charter, as follows:

A. For a term of one year;
 Town Clerk
 Town Treasurer
 Member of Executive Committee of Thompson Free Library

B. For a term of two years;
 One Mayo Memorial Hospital Trustee

C. For a term of three years;
 Two Selectmen, Assessors, and Overseers of the Poor
 One Member of the Board of Mother's Aid
 One Member of the School Committee

D. For a term of four years;
 One School District Trustee

E. Any other elective officers required by law.

Art. 3 To act upon the report of the town officers as printed.

Art. 4 To see if the town will vote to raise and appropriate the sum of money for the administration of town affairs during the ensuing year, as follows:

A. Town Manager
B. Town Office
C. General Government
D. Elections
E. Clerk and Treasurer
F. Central Hall

Art. 5 To see if the town will vote to raise and appropriate the sum of money for the protection of persons and property as follows:

A. Police Department
B. Street Lights

Art. 6 To see if the town will vote to raise and appropriate a sum of money for health services and sanitation, as follows:

A. Public Dump
B. Sewer Maintenance
C. Sewer Construction
D. Board of Health and Vital Statistics
E. Public Health Nurse
F. Mayo Memorial Hospital

Art. 7 To see if the town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways, and bridges, as follows:

A. General Highways
B. Snow Removal
C. Surface Treatment
D. Street Cleaning
E. Sidewalk Construction

F. State Aid Construction
G. Snow Fence Purchase
H. Highway Equipment

Art. 8 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

A. Town Poor
B. Aid to Dependent Children

Art. 9 To see if the town will vote to raise and appropriate a sum of money for schools and education as follows:

A. Common Schools
B. High School Tuition
C. General Admininstration
D. School Building Repairs
E. Insurance
F. School Physician
G. Interest on School Fund
H. School Lunch

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the maintenance and care of cemeteries, as follows:

A. General Care
B. Veterans' Graves

Art. 11 To see if the town will vote to raise and appropriate a sum of money for the following account:

A. Thompson Free Library
B. Agriculture Clubs
C. Maine Publicity Bureau
D. Memorial Day Observance
E. Tax Abatements
F. Fairgrounds
G. Pine Blister Rust Control
H. Insurance

Art. 12 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

A. Interest on Temporary Loans
B. Interest on Bonded Indebtedness
C. Retirement of Bonded Indebtedness
D. Retirement of Foxcroft Academy Note

Art. 13 To see if the town will vote to authorize the selectmen and Treasurer to procure a temporary loan or loans in anticipation of tax collections during the ensuing year, in accordance with the provisions of Section 96, Chapter 80, Revised Statutes of Maine, as amended.

Art. 14 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

Art. 15 To see if the Town will vote to appropriate to the use of and pay over to Dover-Foxcroft School District, the sum of $5,021.20, being the unexpended balance of moneys appropriated in 1949 for the use of the School Building Committee, said Dover-Foxcroft School District to assume all outstanding liabilities, actual or contingent, heretofore incurred by said Committee in the performance of its duties.

Art. 16 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for the non-payment of taxes, or by mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the Town.

Art. 17 To see if the town will vote to fix a time when taxes shall become due and payable and will vote to make any discount on taxes paid at such time or times as it may determine, and if so, what percent; also fix a time and rate of interest to be added upon taxes unpaid, and pass all necessary votes respecting same.

Art. 18 To see what action the town will take respecting a survey of the real estate in the town of Dover-Foxcroft for the purpose of tax equalization and pass all necessary votes respecting the same.

Art. 19 To see what sum of money the town will vote to raise and appropriate for the purchase of land for a town dump and authorize the Selectmen to acquire the land for the town.

Art. 20 To hear the findings and recommendations of Zoning and Building Code Committee.

Art. 21 To see if the town will vote to install a street light on Cedar Street.

Art. 22 To see if the town will vote to accept a right of way along the south side of Sebec Lake between Greeley's Landing and Steadman Landing, as laid out on a plan prepared by E. J. Smith, Engineer.

Art. 23 To see if the town will vote to enact the following by-laws or ordinances:

ORDINANCES RELATING TO BICYCLES

Sec. 1.—From and after June 1, 1950, it shall be unlawful for any person to use or operate a bicycle propelled by muscular power upon any street, alley or highway within the Town of Dover-Foxcroft, unless said bicycle shall first have been registered as hereinafter provided.

Sec. 2.—The Town Manager is authorized to register and issue registration certificates for such bicycles. Registrations and certificates shall expire February 28 of each year next after issuance. The Town Manager may appoint a suitable person or persons to issue such certificates in his behalf.

Sec. 3.—The Town Manager shall prescribe forms for such certificates and applications for registration and numbered tags of suitable design and construction for attaching to registered bicycles. Each registered bicycle shall display such tag at all times during its operation.

Sec. 4.—The Town Manager shall keep a record of all certificates and tags issued by him, which shall include the name of the owner of such bicycle, the number of the tag issued, and a description of the bicycle so registered.

Sec. 5.—The fee for registration, certificate and tag shall be 25c. Certificate and tag may be transferred upon change of ownership of the registered bicycle upon application of the new owner thereof and payment of transfer fee of 10c. In case any tag issued under the provisions of this ordinance shall be lost or destroyed, the Town Manager, upon proper showing may issue a new tag upon payment of a fee of 15c. All fees collected under this section shall be paid to the Town Treasurer.

Sec. 6.—No person shall operate or propel any bicycle on or along any sidewalk within said town of Dover-Foxcroft.

Sec. 7. No person shall operate or propel any bicycle on or along any street, alley, or highway within said town of Dover-Foxcroft unless said bicycle is equipped with a bell, horn, or other warning device, and no person shall operate or propel any bicycle on or along any street, alley or highway within said town of Dover-Foxcroft between one-half hour after sunset and one-half hour before sunrise unless said bicycle is equipped with a light attached to the front of said bicycle which is visible not less than 200 feet ahead of the same, and a light or reflector attached to the rear thereof which is visible not less than 200 feet behind the same.

Sec. 8.—All persons while operating or propelling any bicycle on or along any street, alley or highway within said town of Dover-Foxcroft, shall observe all traffic warnings, traffic directions, traffic signs, rules, regulations and laws of the road, shall pass slower moving

vehicles to the left, and shall pass to the right of oncoming vehicles.

Sec. 9.—No person shall operate or propel any bicycle on or along any street, alley, or highway within said town of Dover-Foxcroft unless at least one hand is in contact with the handle bars or steering apparatus thereof.

Sec. 10.—No person shall operate any bicycle along any street, alley or highway within said town of Dover-Foxcroft recklessly or in such a manner as to endanger persons or property.

Sec. 11.—No person shall operate any bicycle along any street, alley or highway within said town of Dover-Foxcroft by being towed or pushed by any motor vehicle or while in contact with any motor vehicle by means of the hands or otherwise.

Sec. 12.—No person shall operate any bicycle along any street, alley or highway within said town of Dover-Foxcroft while carrying any other passenger thereon unless said bicycle shall be especially designed and equipped therefor.

Any person convicted of violation of any of the preceding sections shall be deemed guilty of a misdemeanor and punished accordingly. The Piscataquis Municipal Court shall have original jurisdiction of offenses committed hereunder.

The undersigned, the Selectmen of Dover-Foxcroft, hereby give notice that they will be in session at their office in Central Hall Building, at ten o'clock in the forenoon on the ninth, tenth and eleventh day of March, 1950, for the purpose of registration of voters and at nine o'clock on the thirteenth day of March, 1950, to enable them to verify the correction of the list of voters and to complete and close up the records of said session.

Given under our hands at said Dover-Foxcroft, this second day of March, A. D. 1950.

REPORT OF SCHOOL BUILDING COMMITTEE

In accordance with the action of the voters of the town at the annual Town meeting held, March of 1949, the School Building Committee was re-appointed to further study the school problem. As a result of their study it was recommended to the town at a special Town Meeting held Monday, January 9, 1950, that the town vote to form a School District in accordance with the Act to Incorporate the Dover-Foxcroft School District, enacted by the 94th Legislature. This recommendation was accepted by the voters of the town and in view of this fact the Building Committee has turned over to the Dover-Foxcroft School District its entire records, plans and reports for the use of the trustees of the district.

The financial report of the School Survey committee is as follows:

Appropriation		$10,000.00
Expended:		
September 16, 1948	E. J. Smith, Services	$ 1.00
September 16, 1948	H. M. Hayes, Abstract of Land Titles	75.00
January 20, 1949	School Department, Travel	25.00
February 24, 1949	School Survey Comm., Travel	62.13
August 26, 1949	Observer Publishing Co.. Publish Report	70.00
November 3, 1949	Eaton Tarbell, Plans	1,228.50
December 23, 1949	Eaton Tarbell, Plans	2,500.00
December 29, 1949	Norman Dexter, Land	250.00
January 9, 1950	Eda Jackson, Land	500.00
January 9, 1950	Ethel Sawyer, Land	250.00
January 13, 1950	Register of Deeds	2.00
January 13, 1950	Modern Photo Engravers, Plates	6.17
January 31, 1950	H. M. Hayes,	

Drafting Deeds	9.00	
	$4,978.80	4,978.80
Balance		$ 5,021.20

The School Survey Committee recommends that the unexpended balance of the appropriation raised for its use be re-appropriated for the use of the Dover-Foxcroft School District.

Respectfully submitted,

SCHOOL BUILDING COMMITTEE

Please bring your Town Report to Town Meeting

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

LETTER OF TRANSMITTAL

To The Board of Selectmen and Citizens of Dover-Foxcroft:

This report covers the activities of the fiscal year from February 1, 1950 to February 1, 1951, as will be noted in the report of Audit as well as the various departmental reports.

Services have been maintained during the year with a reasonable degree of success. Many improvements were made to our roads, streets and schools. Sewers were extended and new equipment purchased for our Highway Department.

The requests for better roads and streets, additional sidewalks, sewers in new areas, and many other services, cannot be answered in one year but rather call for long range planning.

I feel that the year was brought to a successful close as indicated by the improvements made, the services rendered and an adequate cash balance to carry through the first part of 1951.

The success of operation is due entirely to each employee, the Selectmen and to each member of the various committees who have given the utmost of their cooperation to help make a successful year.

LAURENCE A. PEABODY,
Town Manager

AUDITOR'S REPORT

February 17, 1951

Board of Selectmen
Dover-Foxcroft, Maine
Gentlemen:

In accordance with your request, we have audited the general and trust fund accounting records of the Town of Dover-Foxcroft, Maine for the year ending January 31, 1951; we have directly examined records of the town clerk affecting accounting procedure and the administration of the town. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Balance Sheet Comments

Cash on demand deposit, embracing the general funds, the Mayo Memorial Hospital Funds and the parking meter fund have, together with the equipment account on time deposit, been reconciled with certificates furnished by The Merrill Trust Company. Office funds were verified by actual count. Cash on hand, at year end closing, was found to have been placed on deposit on the first day of the new municipal year.

The assessment of 1950 taxes has been proved and the list of individual assessments compared with the collectors commitment. We have not verified, by correspondence, individual balances in complete detail. We have added copies of excise tax receipts numbered 9834 to 10863 inclusive and 11276 to 11650 inclusive for 1950 and numbered 4676 to 4933 inclusive for 1951 and the total was found to be in agreement with receipts issued by the Treasurer. From the proceeds $1,120.33 has been paid to the Water District; the unappropriated balance has been applied to reduce the deficit in resources.

Tax mortgage liens securing 1949 real estate assessments have been examined; costs and interest has been

added to and forms a part of the reconciled ledger balance. Tax mortgage liens for which the period allowed for redemption has expired, together with subsequent liens and taxes pertaining to the identical property, have been transferred to the tax acquired property account.

Accounts receivable are for pauper supplies and pertain to transactions of the current year.

Transactions in tax acquired property have been analyzed; we have not, however, traced property title records to verify that the original assessments were to the owners of record. It is our recommendation, however, that in all instances in which the possibility of doubt exists that supplemental tax assessments and new tax mortgages be claimed in accordance with the provisions of Chapter 81, Section 29 of the 1944 Revised Statutes of Maine, as amended.

Accounts payable pertain only to the Mayo Memorial Hospital transactions and for the town's share for Aid to Dependent Children for the quarterly period ending December 31, 1950. The records of Accrued Employee Funds have been examined and the liablity, as stated, appears to be correct.

The notes payable for the Foxcroft Academy purchase have been reduced by $5,000.00; the bonded debt for bridge construction has been reduced by $2,000.00 in accordance with yearly requirements.

Trust Funds

Trust fund resources in the form of time deposits have been verified by certificates furnished by the depository banks. All records of funds for which The Merrill Trust Company is an agency trustee have been compared with the agency trustee reports.

Trust fund balances, consisting of expendable income and principal, have been reconciled with the transactions in each individual trusteeship. The number of individual trusts held by the town involves an extensive volume of

accounting which has been found to have been exceptionally well maintained.

Operating Comments

We have not made a detailed audit of all transactions, we did, however, test check invoices in support of warrants issued for expenditure. All important accounts have been carefully analyzed. We completely footed receipt and disbursement records in the cash amount and compared the results with bank clearance. All balances for education have been reconciled with the records of the superintendent of schools.

Continuing balances are for purposes of education and for the unexpended balances in the Mayo Memorial Hospital accounts. All other accounts have been lapsed to the deficit in resources.

As analyzed on Exhibit E the total deficit in resources decreased during the year from $21,630.99 to $18,125.32 despite voted authorization for expenditures of $15,000.-00 without corresponding tax levy; this loss in revenue, however, did not exceed unappropriated excise tax revenue. Analysis of departmental transactions reveals that that the principal overdraft occurred in the town poor accounts, the gross charges being $17,175.05 in contrast to $9,706.37 in the previous year, otherwise, the total departmental overdrafts and unexpended balances would have been virtually compensating.

It is not our custom to make favorable comment upon the manner in which the accounting records of the town are maintained, however, the excellent records in your town office and especially the recognition that your numerous and complex trust funds require the same careful accounting given to the general fund, merits an exception to this custom. The trust fund accounting is now so well established that it would appear unnecessary to print the extensive detail involved in your annual report except at such periodic intervals as the voters specifically desire or at such intervals of time recommended by the judge of

probate in your county.

Certificate

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying comparative balance sheet, statement of transactions in departmental accounts, and analysis of change in available surplus of resources properly present the financial condition of the town as of Jan. 31, 1951 and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting.

Respectfully submitted,

W. C. WHEELER,
Public Accountant

ANNUAL REPORT OF MAYO MEMORIAL HOSPITAL — 1951

To the Chairman and members of the Board of Trustees of the Mayo Memorial Hospital:

The following report of the work accomplished at the Mayo Memorial Hospital from February 1, 1950 to February 1, 1951, is submitted to you for your approval.

Statistics

Summary of Services Rendered

Remaining in the hospital at midnight Jan. 31, 1950	11
Admitted (excluding births)	873
Total treated	884
Discharged (excluding deaths)	848
Died	23
Total discharged and died	871
Remaining in the hospital at midnight Jan. 31, 1951	13
Total adult patient days of service rendered	4982
Daily average of patients	13.6

Nursery:

Babies in Nursery—Midnight, Jan. 31, 1950	4
Number of live babies born (including premature)	185
Stillborn	1
Total births	186
New Born (live babies) discharged	183
Deaths (including still born)	5
Total discharged and died	188
Total babies in Nursery at midnight, Jan. 31, 1951	2
Total Nursery days of service rendered	1516
Daily average of Newborn	4.1

Patients Classified by Service

Medical	370
Surgical	139
Obstetrical	191
Dental	68
Eye, Ear, Nose and Throat	99
Orthopedic	6

Outpatients 715

The new wing has been a great success. Patients and visitors have been enthusiastic about the conveniences and advantages it offers. From the Hospital point of view it has been possible to segregate patients better than ever before because of the increased room space. There is also less noise and confusion.

The Garden Club plans to do some landscaping in the Spring which will add greatly to the exterior appearance of the building. The Highway Department has widened the driveway around the wing and done some grading work in anticipation of the Club's efforts.

The Nurses' Recreation Room, previously the drying room, has been much enjoyed by the Nursing and Medical Staff. As yet the room has not been redecorated, but we have received some donations for the purpose and hope to have funds available in the near future to accomplish this. We wish to express our thanks to the Hi-Y group and private citizens for donations already received.

During the year it has been necessary to purchase a new Mechanaire Oxygen Tent and a reconditioned larger Pressure Dressing Sterilizer, which has added much to the working efficiency of the hospital.

Many of the rooms need to be redecorated but since no major repairs or purchase of expensive equipment are anticipated, perhaps this can be accomplished in the coming year.

To the Members of the Board of Trustees, the entire Hospital Staff, the Medical Staff, and all others who have served the Hospital in any way, I wish to express my thanks and appreciation.

Respectfully Submitted,

LILLIAN A. HERRING, R. N.
Superintendent
Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

A total of 21,732 books and periodicals have been issued by the Thompson Free Library during the period between Feb. 1, 1950 and Feb. 1, 1951. This represents an increase of 3,203 over the previous year. Of these, 14,622 or about 2|3 of the total issue were fiction.

The new books, numbering 461, break down as follows:

Fiction	270	Non-fiction	191
Adult	187	Adult	158
Juvenile	83	Juvenile	33

The Maine collection has been increased by 20 volumes.

The 42 gift books include a complete set of Shakespeare's works in thirteen volumes from the library of Mrs. Annie Buswell.

There are 46 magazines including 4 juveniles and 3 teen-age. The seven newspapers are the Bangor Daily News, Bangor Daily Commercial, Portland Press-Herald, Christian Science Monitor, Piscataquis Observer and the New York Herald-Tribune, daily and Sunday editions.

The winter story hour session was held from mid-November to mid-January and was again under the able leadership of Mrs. A. T. Gellerson. The average attendance for the season was over 60.

Several major improvements have been made this year. The walls and ceilings were redecorated in light greens and a new desk provided for the librarian. An increase in the lawn space to be cared for necessitated the purchase of a power mower.

ANNIE F. LINN,
Librarian

REPORT OF TOWN CLERK

Sec. 4, R. S. C. 22, 388, amended. Section 388 of chapter 22 of the revised statutes is hereby amended to read as follows:

'Sec. 388. CLERK'S RECORD OR CERTIFIED COPY, PRIMA FACIE EVIDENCE. THE STATE REGISTRAR AND THE CLERK OF A MUNICIPALITY SHALL NOT PERMIT INSPECTION OF THE RECORDS OF BIRTH, MARRIAGE AND DEATH. MARRIAGE INTENTIONS EXCEPTED, OR ISSUE OF A CERTIFIED COPY OF A CERTIFICATE RELATING THERETO, OR TO PARTS THERETO, UNLESS HE IS SATISFIED THAT THE APPLICANT THEREFOR HAS A DIRECT AND TANGIBLE INTEREST IN THE MATTER RECORDED, THE DECISION OF THE STATE REGISTRAR OR THE CLERK OF A MUNICIPALITY BEING SUBJECT, HOWEVER, TO REVIEW BY THE SUPERIOR COURT OR ANY JUSTICE THEREOF IN VACATION, UNDER THE LIMITATIONS OF THIS CHAPTER. The city and town clerks shall, upon request, supply to any SUCH QUALIFIED applicant a certified copy of the record of any birth, marriage, or death registered under the provisions of this chapter, upon the payment of a fee of 50c, to be paid by the applicant in advance. For any search of the files and records, where no certified copy is made, the fee shall be 50c for each hour or fractional part of the hour for time of search, said fee to be paid by the applicant in advance. The CITY OR town clerk's record of any birth, marriage, or death, or a duly certified copy thereof, shall be prima facie evidence of such birth, marriage, or death in any judicial proceeding.'

Effective July 21, 1945

Vital Statistics

For the Year 1950

250 Births

101 Deaths

Respectfully Submitted,
CHARLES E. WASHBURN,
Town Clerk

DOVER-FOXCROFT SCHOOL DISTRICT
1950
SECOND ANNUAL REPORT OF TRUSTEES

To the Municipal Officers of the Town of Dover-Foxcroft:

On February 13, 1950, a public meeting of the Dover-Foxcroft School District was held at Central Hall so that we might secure from the public a formal expression of opinion as to what should be done by us to remedy or relieve the school housing problem. At that meeting it was recommended to us that we cause to be constructed in the Pleasant Street Area one new building, according to plans in the hands of the School Survey Committee and at a cost not to exceed $125,000, that it be furnished at a cost not to exceed $10,000.00 and that the North Street area be repaired and improved at a cost not to exceed $12,000.00, or a total expenditure not to exceed $147,000.00.

We then proceeded to submit the contract to bid, and on March 10, 1950 it was voted to award the contract for the construction of an elementary school in the Pleasant Street area to Consolidated Constructors, Inc., in the sum of $128,821.00.

The first annual meeting was duly called and held on March 20, 1950, and at that meeting the following officers were elected to serve until March, 1951, or until their successors are elected and qualified:

President	George W. Warren
Treasurer	Stuart E. Hayes
Clerk	Stuart E. Hayes

At the same meeting it was voted to borrow the sum of $150,000.00 to finance the new construction and improvements and to issue as evidence of indebtedness coupon serial bonds maturing $6,000.00 each year commencing 1951 through 1953 and $7,000.00 each year 1954 through 1969, bearing 2% interest, and $20,000.00 par value maturing in 1970, bearing 2⅛% interest. This method of financing was adopted to secure a low interest

rate and to enable the town to pay the bonds and interest in more or less equal installments over the years.

On April 11, 1950, a special town meeting was held at the request of the trustees, wherein it was voted to sell to the Dover-Foxcroft School District the school land and buildings on North Street, Pleasant Street and Mayo Street, the sale being necessary to secure certification of legality of the bond issue. The conveyance was ultimately made, and the Town now operates the schools under a lease from the School District.

Construction of the new building was commenced around April 14, 1950, and as of this writing has not been completed. Construction of the school was sufficiently advanced by the first of the year, however, so that the classrooms became available for use, and since that time the gymnasium and kitchen have been made avaliable to the Superintending School Committee. About all that remains to be done under the contract for the construction of this school, aside from a number of minor items, is the installation of new glass in the classroom windows. During the course of the year certain changes were made in the contract and specifications, which were felt would either increase the serviceability of the building, or decrease the yearly cost of operations. For example, a 6,000 gallon oil tank was substituted for the 1,000 gallon tank specified, enabling the town to purchase oil by the truck load at a considerable discount, and a fire hose was installed, decrease in insurance premiums.

Approximately six thousand two hundred dollars worth of equipment was purchased for use either in the new building or in the other buildings in the school system. Your Superintending School Committee was able to make use of many items of equipment already owned by the town, resulting in a considerable saving for the School District.

In August, we began to direct our attention to the older buildings in the system, to determine to what extent

we should and could improve them. After we had gone through all the buildings, it appeared that new and sanitary toilet fixtures were needed at the North Street School and that nearly every room in each of the three old school buildings was insufficiently illuminated. Plans for proper lighting were prepared by a lighting engineer representing the Central Maine Power Company, and this project was thereafter submitted to bid. By the first of the year, each classroom in each building had been supplied with fluorescent lighting, according to these plans, at a total cost of $5,689.00. We feel that the improvement in classroom working conditions has been well worth this price. All fixtures in the boys' toilet in the North Street building have been completely replaced, and a lavatory added. The fixtures in the girls' toilet have also been repaired or replaced. Ventilating fans have been provided in both rooms, and work is now in progress to clean and brighten the rooms with paint.

As for the condition of the property of the School District the new building speaks for itself. We feel it to be a needed and fine addition to the school system. The Pleasant Street and Grammar School buildings, while not modern, are in usable shape. The rooms are well lighted and pleasant, and the toilet and other facilities clean and sanitary. Repairs are needed in both buildings, and some redecoration is in order, but we feel that such matters are the prerogative of the town through its Superintending School Committee, rather that that of the District. The North Street building is the poorest in the school system. The building is now usable—its classrooms are adequately lighted and its toilet facilities clean and in working order. However, believing that this building should be and eventually will be replaced, we have not attempted to place the building in the condition of either the Pleasant Street School or the Grammar School, for the cost of such a project would in our opinion be prohibitive.

The report of the auditor which is presented herewith

sets forth the financial transactions of the District for the fiscal year 1950, and shows a balance on hand at the end of the year of $24,366.98.

The final contract price of the new building will be approximately $130,000.00, of which $119,160.20 has been paid. For a more accurate cost figure, there may be added the fees of the architect, and the cost of sewers, kitchen construction, fuel tank, and possibly the money spent by the School Survey Committee. We roughly estimate expenditure of the balance of cash on hand as follows:

Balance due on contract	$10,839.80
Balance due Architect	233.97
Bonds payable May 1, 1951	6,000.00
Interest payable, May and November, 1951	2,965.00
Improvements to North Street Building	1,100.00
Bills paid and payable since February 1	400.00
Miscellaneous and office expense	100.00
Improvements to new school area	2,728.21
	$24,366.98

We have used the recommendation given us by the townspeople as a general guide for our decisions throughout the year, and while it has been deemed unwise or impossible to confine ourselves strictly to the limits therein expressed, we feel that with the assistance of the town officials and many interested citizens, we have accomplished the task set for us substantially in accordance with this recommendation.

Respectfully submitted,

GEORGE W. WARREN,
STUART E. HAYES,
PAUL J. PERIN,
E. M. GOODRICH,
PHILIP E. WASHBURN,
Trustees, Dover-Foxcroft
School District

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Dover-Foxcroft;

I present herewith my second report on the condition of the schools in Dover-Foxcroft.

SECRETARY TO SUPERINTENDENT					
Ruth M. Washburn	6	$1,700	Supt.'s Office		

SCHOOL PHYSICIAN		
Dr. Francis W. Bradbury	$ 250	All Schools
MUSIC SUPERVISOR		
Salvatore Piccolo	$2,200	All Schools

Schools opened September 5 with three new teachers in the faculty—Mrs. Glenys Smart of Guilford replacing Mrs. Hope Pinkerton at East Dover; Mrs. Gertrude Leighton of Sangerville, a graduate of Farmington Normal, two year course with fourteen years experience, the additional sub-primary teacher; and Mrs. Joan Copp, a graduate of Farmington Normal two year course, the new third grade teacher.

Classes began under anything but ideal conditions, particularly for the pupils in the Pleasant Street School. To house the pupils until the new building was completed, temporary partitions were erected in two of the rooms in Pleasant Street. This crowded condition continued until January 2 when the pupils moved into the new Grammar School. Now each building, with the exception of Pleasant Street, has at least one all-purpose room used primarily for the showing of films, recreation, waiting room for bus pupils, clinic room and many other activities.

The new Grammar School is the newest and one of the most modern buildings in the state. Ideally heated, lighted and ventilated, and with a large gymnasium including school lunch facilities, it offers the youth of Dover-Foxcroft pleasant and healthful surroundings for both study and play. The people of the town should feel as proud of this building as the pupils feel grateful.

In addition to the completion of the new building, the trustees of the Dover-Foxcroft School District have remedied the worst of the bad conditions mentioned in my report of last year, namely: new lighting throughout all the buildings and new toilet facilities at North Street. With the addition of paint to the old buildings and landscaping around the new building, all of the school property will present a fine outward appearance.

Of necessity, the budget must be considerably increased this year. Money must be raised for full-year salaries for the two additional teachers and the salary for one-half year for a new fourth grade teacher to be

hired next fall. In addition to this, the Superintending School Committee is recommending a cost-of-living increase of $200 for all full-time school personnel.

I am recommending that the school at East Dover be closed. The bus used on this trip is adequate to care for the pupils in this area and the small number of pupils can easily be absorbed in the various grades in town without overcrowding any of the rooms. I am convinced that the advantages to the children offered by the larger schools in the village are sufficient reason for recommending this change.

Budget

School Maintenance	$100,365.14

Phyllis Hatch, Husson College Commercial
Lawrence Stewart, A. B. Driver Education & Coach
Walter Leland Forestry & Shop
Ardis Hewes, B. S. Home Economics
Salvatore Piccolo, Malkin Conservatory of Music Music
Grace M. Chase Secretary to Principal

Harold C. Campbell Janitor

The faculty for the current school year of 1950-1951 witnessed but one change from the previous year. Miss Phyllis Hatch, a graduate of Husson College, came to Foxcroft Academy from Sherman High School where she has taught for the past five years. In addition to the teaching of commercial subjects, Miss Hatch sponsors the student-edited "Pony" and supervises the cheer leaders.

The Buildings and Grounds

Minor changes and repairs were made on the present buildings but no major projects were undertaken. However, very marked progress has been made on the new campus at Oakes Field. Beginning in the late summer the contractors began the erection of the superstructure of the New Academy building, and, barring unforseen difficulties, should complete this phase of the program within a span of four or five weeks. Last fall the student body working in class teams, spent one day in raking and smoothing the grounds in front of the building. They not only enjoyed the holiday from classes but as a group expressed satisfaction and pleasure in their efforts to contribute something tangible toward the completion of this fine new plant.

The School Program

The school organization and over-all program has not changed greatly from the previous years, yet readjustments and tentative planning has progressed in order that Foxcroft Academy may meet the needs of our national crisis. With the possibility of the draft being lowered to 18, many of our student body would be affected during their senior year. With that in mind we hope to be ready for an accelerated program for that age group so that they may complete their schooling should an emergency warrant it.

It is a continuing source of pride and satisfaction to receive the reports from the various colleges and institutions in which our graduates are matriculating. The quality of work has been excellent and the numbers leaving Foxcroft for further training continues to be extremely high in comparison with the national average.

Our extra curricular activities continue on a high plane and the spirit and feeling of the students indicate their enthusiasm and worthwhileness in the need for a well balanced program. Athletically Foxcroft's 1949-1950 basketball team entered the Class M tourney at Bangor for the third successive year and reached the runner-up spot. This year's team, although a greener and less experienced squad, has tied for the county championship of the Penquis title.

In dramatics our plays have received splendid response from their audiences and last spring Miss Brown with a very fine cast of students brought us real honors by winning the sectional contest. At Bowdoin the cast again came through with a very good rating and was selected along with Madison High School to represent the State of Maine in the New England Dramatic Festival at the University of New Hampshire.

The music department under Mr. Piccolo has progressed steadily as many of you realize if you attended the Music Festival at Guilford last spring or the benefit concert given by the music groups in Central Hall. Our band under Mr. Race's direction, has increased in numbers and is playing regularly at the games and at other functions. We are especially grateful to the Women's Auxiliary of the V. F. W. for sponsoring the band. They are conducting a concerted drive to raise funds for badly needed band uniforms. These were ordered the last of January and will be available for the State Music Festival in May or shortly before.

To the faculty, to the superintendent of schools, to the joint board of the Academy and to the parents and citizens of Dover-Foxcroft, I wish to express my thanks for your loyal co-operation and assistance in the educational needs of the Academy. Your continued interest and participation is solicited in our efforts to fulfill the educational tasks that lie ahead.

Respectfully Submitted,

TILLSON D. THOMAS,
Principal

REPORT OF MUSIC SUPERVISOR

To Mr. Frederick L. Mossler, Superintendent of Schools:

I hereby submit my annual report as Music Supervisor in the Dover-Foxcroft schools.

Vocal music in the grades continues as in the past. Progress was slow earlier in the year due to the crowded condition of classrooms. However, at the present, we are progressing nicely. Since the opening of the new school, a special chorus of selected eighth graders has been formed. This group sings very well and is doing four part music on the high school level.

The instrumental program starts in grade four with pre-band instruments. Fourth graders have also been given a musical aptitude test to determine their ability to study instruments. Fifth graders receive free instruction on any band or orchestra instrument of their choice. I have quite a few started this year and hope to have more later. The Grammar School orchestra has increased to twenty-six members and I have noticed a marked improvement in their playing since we have been given a room for rehearsals.

Grade children have performed in public several times the past year (Grammar school, instrumental recital last spring, and Christmas program).

At Foxcroft Academy I have a Girls' Glee Club, Varsity Singers, and Orchestra. All groups are progressing satisfactorily and should be ready for a concert in March. All groups have made many public appearances at Academy assemblies, plays, contests, and concerts. At the Augusta Festival they auditioned and received favorable ratings. Since Christmas a brass quartet has been rehearsing one evening a week and will appear in public as soon as it is ready.

The past year has been a very successful one for music, and I am sure the next year will be the same.

I would like to thank the school board, the teachers, and you for the fine cooperation you have given me.

Respectfully Submitted,
SALVATORE PICCOLO

REPORT OF SCHOOL PHYSICIAN

To Frederick L. Mossler, Superintendent of Schools:

I herewith submit my report as School Physician of the Dover-Foxcroft Schools.

On the first morning of the school year and again on the first morning following Christmas recess, the school nurse and myself made a brief inspection of all grade children for evidence of contagious disease. A few were found and these were excluded from school until they presented a written slip signed by their own physician or by myself stating they were no longer contagious.

On each Tuesday morning from the beginning of the school year, Mrs. Gibbons and I have conducted physical examinations of heart, lungs, ears, nose and throat on all children, and blood pressure on the older children.

Those children engaging in sports also had examination for rupture. These exams were carried out on alternate grades only. When correctible defects were found, the parents were notified by the usual cards. Carious teeth and enlarged or infected tonsils continue to lead the list of correctible defects.

Immunizations will be offered to all children again this spring for smallpox and diphtheria. In spite of the general availability and low cost of these immunizations, a surprisingly large number of our grade children have never had smallpox vaccination. A recent survey of the grades showed 234 not vaccinated, 86 at Pleasant St., 76 at North St., 39 at Mayo St., and 33 at the new grammar school. This is much too high a percentage of non-vaccinated children.

I have enjoyed the opportunity of serving as school physician and wish to express appreciation to Mrs. Nellie Gibbons, R.N., the school nurse, and also to yourself and the teachers for the excellent cooperation shown me.

Respectfully Submitted,

FRANCIS W. BRADBURY, M.D.
School Physician

REPORT OF PUBLIC HEALTH NURSE

To the citizens and town officers of Dover-Foxcroft:

Education can function by pointing out the available resources for tuberculosis control and by stimulating their wise use.

Because the tuberculosis problem cuts across many areas, our educational program is of necessity broad, emphasizing the importance of adequate public health and welfare services, and good health programs.

Our activities should be planned according to what we know about the interests and motivations of the people with whom we work.

Rehabilitation

It is now being regarded as an integral part of treatment. It concerns restoration of the tuberculosis patient to his normal working capacity or to the degree of working capacity which is within the confines of the patient's physical limitations. Patients ready for Vocational Rehabilitation are referred to the State Department of Education for this service.

Tuberculosis Prevention

Number X-rayed at Dover-Foxcroft	23
Number admitted to Fairfield Sanatorium	1
New cases admitted to service	3
Patients taken to Fairfield for recommended X-ray	6
Home visits to contacts	4
Number tuberculins tested	5

Unclassified

Accompanied an ambulance case to hospital	
Investigation visits	6
Interviews	10
Meetings attended	12
Miscellaneous calls	3
Visits to Fairfield and Presque Isle Sanatoriums	6
Home visits made in interest of health problems	8

Immunization

Boosters	68
Combinations	88

School Health Service

Assistance was given L. J. Stitham, M.D. and F. W. Bradbury, M.D., school physician, in making annual and special health examinations.

In September and January, the school physicians and your Public Health Nurse screened all children for communicable diseases.

The students of alternate grades were given physical examinations.

This year the parents were invited to be present when the examinations were conducted in the subprimary and grade one.

The parents accepted the responsibility of furnishing the health history. Parents were present at the examination in order to take prompt steps to follow up the discovery of defects.

The interest shown by the parents in this type of program was outstanding.

Number of pupils examined	476
" with defective teeth	105
" with defective throat	74
Symptoms of high and low blood pressure	4
Number referred to family physician	8
" under treatment	1
Symptoms of cardiac defects	4

Screening Test

Vision tests are made annually in elementary and secondary schools. Doctors Ellery and Stewart (optometrists) co-operated in this program and gave examinations to the number the teachers had requested the nurse to re-check.

Defects found	11
Corrections made	10
Further treatment	1

In planning our 1951 program the greater co-operation of the citizens is needed along the following lines:

Corrections of defects recommended by family physician and dentist.

I express my appreciation to the Superintendent

of Schools, and citizens for their cooperation in supporting their community health program.

Respectfully Submitted,

NELLIE R. GIBBONS, R.N.
Piscataquis County
Tuberculosis and Health Assn.

ANNUAL REPORT FOR DOVER-FOXCROFT
January 1 to December 31, 1950
DIVISION OF PUBLIC HEALTH NURSING

"Advance in human relations constitutes the challenge of the midcentury."

"The central question to which the White House Conference of Children and Youth is addressing itself is: How can we develop in children the mental, emotional and spiritual qualities essential to individual happiness and responsible citizenship?"

"The child is the object of this great citizen endeavor, and his place in the family and the community constitutes the focal point. The influences surrounding him, the experiences through which he grows toward maturity will determine the future of our civilization."

The Dover-Foxcroft Health and Welfare Council was organized as a result of two meetings of representatives to the county Midcentury White House Conference to discuss the above question.

The purpose of this council is to fulfill a definite local need to coordinate health activities and community planning.

During the past year home visits were made to adults, expectant mothers, infants and pre-school children to give health supervision and guidance. Home visits have also been made to patients with communicable disease and to crippled children.

Clinics for Cardiac, Pediatric, Crippled Children, and Mental Hygiene services are available to children of your community through the Department of Health and Welfare. These clinics have been a benefit to children who were referred by their family physician.

A series of four Child Health Conferences sponsored by the Molasto, Miosac and Junior Cosmopolitan

Clubs, were held during the summer with local physicians attending. The total number of children attending these conferences was sixty-five. There were ten children vaccinated against smallpox, and nineteen immunized against diphtheria, whooping cough, and tetanus.

The Piscataquis County Home Demonstration Agent visited one Child Health Conference and gave mothers an opportunity to discuss their nutritional problems and receive professional advice.

Records of children entering school for the first time, who attended Child Health Conferences and State sponsored clinics, were transferred to your school nurse.

Assistance given by local organizations and individuals in Public Health Nursing programs this past year has been greatly appreciated.

Respectfully Submitted,

RUTH M. CHOATE,
Public Health Nurse

REPORT OF POLICE DEPARTMENT

To the Citizens of the Town of Dover-Foxcroft:

I hereby submit my report for the Police Department for the year ending Dec. 31, 1950.

Doors Tried in Business Section	206
Doors Found Not Locked	101
Lights Reported Out	21

Bicycle Licenses Issued	301
Bicycle License Transfers	1
Bicycle License Plate Lost	1

GERALD H. GREEN,
Police Officer

FISCAL YEAR 1950
REPORT OF LOCAL HEALTH OFFICER

There have been reported the past fiscal year, the following diseases:

Chicken Pox 14
Measles 23

12 house calls to correct unsanitary conditions.

I have inspected the nursing and boarding homes and found them properly licensed, and in good sanitary condition.

Respectfully Submitted,

LEIGH HEATH,

Local Health Officer

YEAR 1950
REPORT OF MILK INSPECTOR

I have inspected the following dairies:

Blanchard's Dairy
Rex Varnum Dairy
J. W. Meisner & Son Dairy
E. L. Dow Dairy

I found the above in good sanitary condition. All stores and restaurants selling milk and cream are in good sanitary condition and properly licensed.

Respectfully Submitted,

LEIGH HEATH,

Local Milk Inspector

RECOMMENDATIONS OF BUDGET COMMITTEE

The Budget committee recommends the raising of money as follows:

Article 4	
Town Manager	$ 5,000.00
Town Office	4,200.00
General Government	3,000.00
Elections	200.00
Clerk and Treasurer	400.00
Central Hall	3,200.00
Article 5	
Police Department (Note A)	
Street Lights	3,400.00
Fire Protection	500.00
Article 6	
Public Dump	1,000.00
Sewer Maintenance	700.00
Sewer Construction	3,000.00
Board of Health and Vital Statistics	400.00
Public Health Nurse	600.00
Article 7	
General Highways (Note B)	7,000.00
Snow Removal	18,000.00
Surface Treatment	6,000.00
Street Cleaning	900.00
Sidewalk Construction	1,500.00
State Aid Construction	2,520.00
Snow Fence Purchase	
Highway Equipment	7,500.00
Article 8	
Town Poor	12,500.00
Aid to Dependent Children	2,500.00
Article 9	
Common Schools	55,311.16
High School Tuition	43,053.98
General Administration	3,725.00
School Building Repairs	2,785.00
Insurance	2,455.95
School Physician	250.00
Interest on School Fund	156.14
School Lunch	176.41
Article 10	
General Care	1,375.00

Veterans' Graves	300.00
Article 11	
Thompson Free Library	2,750.00
Agriculture Clubs	75.00
Maine Publicity Bureau	200.00
Memorial Day	100.00
Tax Abatements	500.00
Fairgrounds	250.00
Pine Blister Rust Control	400.00
Insurance	2,500.00
Civil Defense and Public Safety	500.00
Article 12	
Interest on Temporary Loans	600.00
Interest on Bonded Indebtedness	200.00
Retirement of Bonded Indebtedness	2,000.00
Retirement of Foxcroft Academy Note	5,000.00

Note A: Appropriate $4,800.00.

Note B: Appropriate $12,000.00 from Excise Tax.

Comments

The recommendations above include cost of living increases to employees of the town including 45 members of the elementary and secondary school systems; also increases due to the operation of the new school building and to the demands made on the charity account.

While a radical change by the Legislature in the tax structure of the State would undoubtedly alter the municipal tax situation, it is impossible, at this time, to anticipate what this change might be. Based, therefore, on the estimated State and County taxes, and on a School District tax of $9,400.00 the amounts as recommended above by the Budget Committee will result in an approximate tax rate of 83 mills.

In other words, every $3,000 raised by the town represents an increase of approximately one mill in the tax rate and should be so considered when making appropriations.

NORMAN HESKETH
CROWELL C. HALL

ANNUAL WARRANT

To Laurence A. Peabody, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified by law to vote in town affairs, to assemble at Central Hall in said town on Monday, the twelfth day of March, A. D. 1951, at ten o'clock in the forenoon, Eastern Standard Time, then and there to act upon the following articles, Viz:

Art. 1 To choose a moderator to preside at said meeting.

Art. 2 To select and fix the compensation of elective town officials in accordance with the town charter, as follows:

A. For a term of one year;
 Town Clerk
 Town Treasurer
 Member of Executive Committee of Thompson Free Library

B. For a term of two years;
 One Mayo Memorial Hospital Trustee

C. For a term of three years;
 Three Selectmen, Assessors, and Overseers of the Poor
 One Member of the Board of Mother's Aid
 One Member of the School Committee

D. For a term of four years;
 One School District Trustee

E. Any other elective officers required by law.

Art. 3 To act upon the report of the town officers as printed.

Art. 4 To see if the town will vote to raise and appropriate the sum of money for the administration of town affairs during the ensuing year, as follows:

A. Town Manager

B. Town Office
C. General Government
D. Elections
E. Clerk and Treasurer
F. Central Hall

Art. 5 To see if the town will vote to raise and appropriate the sum of money for the protection of persons and property as follows:

A. Police Department
B. Street Lights
C. Fire Protection

Art. 6 To see if the town will vote to raise and appropriate a sum of money for health services and sanitation, as follows:

A. Public Dump
B. Sewer Maintenance
C. Sewer Construction
D. Board of Health and Vital Statistics
E. Public Health Nurse
F. Mayo Memorial Hospital

Art. 7 To see if the town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways, and bridges, as follows:

A. Highways General
B. Snow Removal
C. Surface Treatment
D. Street Cleaning
E. Sidewalk Construction
F. State Aid Construction
G. Snow Fence Purchase
H. Highway Equipment

Art. 8 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

A. Town Poor
B. Aid to Dependent Children

Art 9. To see if the town will vote to raise and appropriate a sum of money for schools and education, as follows:

A. Common Schools
B. High School Tuition

C. General Administration
D. School Building Repairs
E. Insurance
F. School Physician
G. Interest on School Fund
H. School Lunch

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the maintenance and care of cemeteries, as follows:

A. General Care
B. Veterans' Graves

Art. 11 To see if the town will vote to raise and appropriate a sum of money for the following accounts:

A. Thompson Free Library
B. Agricultural Clubs
C. Maine Publicity Bureau
D. Memorial Day Observance
E. Tax Abatements
F. Fairgrounds
G. Pine Blister Rust Control
H. General Insurance
I. Civil Defense, Public Safety

Art. 12 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

A. Interest on Temporary Loans
B. Interest on Bonded Indebtedness
C. Retirement of Bonded Indebtedness
D. Retirement of Foxcroft Academy Note

Art. 13 To see if the town will vote to authorize the Selectmen and Treasurer to procure a temporary loan or loans in anticipation of tax collections during the ensuing year, in accordance with the provisions of Section 96, Chapter 80, Revised Statutes of Maine, as amended.

Art. 14 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

Art. 15 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate ac-

quired by the town for the non-payment of taxes, or by mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the Town.

Art. 16 To see if the town will vote to fix a time when taxes shall become due and payable and will vote to make any discount on taxes paid at such time or times as it may determine, and if so, what percent; also fix a time and rate of interest to be added upon taxes unpaid, and pass all necessary votes respecting same.

Art. 17 To see what action the town will take respecting a survey of the real estate in the town of Dover-Foxcroft for the purpose of tax equalization and pass all necessary votes respecting the same.

Art. 18 To hear the findings and recommendations of the Zoning and Building Code Committee.

Art. 19 To see if the town will vote to install a street light on Hancock Street and one on Maple Street.

Art. 20 To see if the town will vote to raise and appropriate the sum of $105.94 to reimburse the estate of Edwin D. Noyes for taxes mistakenly assessed and collected by the Town.

Art. 21 To see if the town will vote to close the East Dover School.

Art. 22 To see whether the town will vote to extend to certain employees of the town the benefits of Title No. 2 of the Social Security Act, to authorize the Treasurer to withhold from the wages of said employees the deductions provided for by said Act, to authorize the Selectmen to take any action necessary to enter into such a plan with Federal and State agencies.

Art. 23 To see if the town will vote to enact the following by-law and ordinance:
There is inserted as an addition to Art. 2 of the by-laws of the Town of Dover-Foxcroft, the following:

Section 31.

No person shall transport any refuse, waste, garbage, or other foul or offensive matter over any public way within the limits of the town by team, vehicle or

otherwise, unless such refuse, waste, garbage or other foul or offensive matter be contained in a closed or otherwise properly covered box or container, or unless contained in a properly enclosed or covered vehicle. Any person violating the provisions of this Section shall be punished, upon conviction, by a fine not exceeding ten dollars, all such fines to be forfeited and paid to the use of the town, so far as State laws will allow. Prosecution under this Section shall be instituted by complaint in the Piscataquis Municipal Court, and shall follow the usual course of procedure.

Art. 24 To hear and receive the following report of the Selectmen relative to the laying out of a Town Way in said Town, being the northerly extension of Harrison Avenue, so-called:

The subscribers, the selectmen of the Town of Dover-Foxcroft, upon the application of Arnold T. Gellerson and Everett S. Blanchard, to lay out a Town Way in said Town for the use of said Town, extending from the northerly end of Harrison Avenue as accepted by the Town of Foxcroft on March 12, 1906 and extending in a same course and of the same width as said Harrison Avenue northerly to land of Victor Miller, and having given 7 days written notice of their intentions to lay out the same and having stated in said notice the termini thereof, by posting said notice in two public places in said Town and in the vicinity of the said proposed way, to wit, at the Court House and at Central Hall in said Town, both being public places in said Town and on a telephone pole near Glover's Field in the vicinity of the way and having in said notice described the way and having met in conformity with said notice, at the time and place appointed for that purpose and having personally examined the way proposed, are of the opinion that there is occasion for a new town way for the use of said town as proposed; we therefore lay out the said way as follows:

Beginning in the center of Harrison Avenue at the northerly line of land formerly of Annie J. Palmer, now the northerly line of land of Jasper Wesley; thence N. 8 degrees 45' E in a continuation of the part of Harrison Avenue now accepted, a distance of 1440 feet to the south line of land of Victor Miller and Min-

nie Colson Smith. The line above described is the center line of said way and the way is to be three rods wide.

The several owners of lands over which said way passes having agreed thereto, we award no damages by reason of the laying out of said way.

Such laying out, with the bounds and admeasurements, has been filed with the town clerk on the ninth day of February, A. D. 1951, and we now hereby report such laying out with the bounds and admeasurements to the town at the town meeting legally called for acceptance of such way.

Art. 25 To see if the town will accept the Town Way as laid out by the Selectmen and described in the foregoing article.

The undersigned, the Selectmen of Dover-Foxcroft, hereby give notice that they will be in session at their office in Central Hall Building, at ten o'clock in the forenoon on the eighth, ninth, and tenth days of March, 1951, for the purpose of registration of voters and at nine o'clock on the twelfth day of March, 1951, to enable them to verify the correction of the list of voters and to complete and close up the records of said session.

Given under our hands at said Dover-Foxcroft, this second day of March, A. D. 1951.
